

# Christchurch City Council

## Electing the Mayor

---

---

### **Sam PARK**

My principal place of residence is in the Christchurch City Council area.

My name is Sam Park running as a candidate of Mayor role for Christchurch City.

Sam drives red land rover and wears all black beanie when go for work.

He lost Gas New Brighton business by the first hit earthquake at 4th of September 2010.

The Christchurch City is supplied with nature beauties. Despite its beauties, especially some areas are still not considered to be well developed. We truly believe that with a little grooming, modifying and rebuild, that could resolve controversial community issues. Those are equal to improving, enriching our family and our city economies, and it will contribute to raise a citizen's value of life. A safe community playground would be perfect for citizens to cozy, relax a bit.

My freshness has helped me paint many pictures on to the Christchurch City Canvas.

Sam will work for you, with you for our Christchurch City.
