## Electing the Mayor

---

### **J.T. ANDERSON**

My principal place of residence is in the Christchurch City Council area.

The Mayor and CCC have let our city down and quite frankly the people of Christchurch have had enough - I am here to sort it out and stand up for the people of Christchurch - I am standing on our biggest issues - Fix the water and launch an investigation into who is to blame. Pay off the projected \$2 Billion owing by the CCC. Remove and home all of the homeless street sleepers. Axe the 53% rate hike and implement a rate's freeze. Stop foreign companies exporting our natural resources. Restore the East-side. Salary cap for the CCC, Open the CBD for business. [www.votejt.co.nz](http://www.votejt.co.nz) for the full info
