

Christchurch City Council
Fendalton Ward of the Fendalton-Waimairi-
Harewood Community Board
Electing 2 Members

Peter HAMPTON

My principal place of residence is in the Fendalton Ward of the Fendalton-Waimairi-Harewood Community Board area.

As a 4TH generation Cantabrian and lived in Christchurch for most of my life gives me a great sense of pride to live in the garden city. Family focused, a husband & father and married to Kathryn with four sons, attending primary school and tertiary education. It's important I stand for what my children and the community believe. The opportunity to make a real difference is why I have chosen to stand for the community board. This is an exciting time to be part of local government. I can offer a straightforward, common sense approach to the governance of Christchurch with open and clear communication. If elected I offer my skills, my vision and my passion as a listener and a commitment to communicate the opinions and views of the community. I relish the opportunity to make a real difference for the future of Christchurch.
