**Dean DAVIS**

My principal place of residence is in the Burwood Ward of the Coastal-Burwood Community Board area.

I grew up on the east side of Christchurch and my principal place of residence is in the Burwood ward area. Having prior volunteered in different organisations, I would now like the privilege of representing and helping the Burwood - Coastal community.

I believe in a straightforward and common sense approach, whilst trying to find the best solution for all parties involved. Our Burwood Coastal area in the past had so much to offer, although we have seen some progress in restoring our community, we are a long way from where most would want us to be and we deserve more.

Previously I was a Director of Supply Chain for a large international company and more recently an owner operator of small businesses, whilst volunteering for Business Mentors New Zealand. This background has enabled me to appreciate amongst other things the importance of communication, project management, budget control and people.
