Karolin POTTER

The People's Choice

My principal place of residence is in the Spreydon Ward of the Spreydon-Cashmere Community Board area.

I am the current chair of the Spreydon Cashmere Community Board and I work hard.

I have all my life been active in support of a society inclusive of old and young, new and born Kiwis and equality of opportunity for all.

On the community board, I initiated a programme to get sports gear out of peoples' wardrobes and into the hands of children who can't afford to buy it. I have advocated for indigenous flora and fauna, that will endure through climate change. I have consistently supported initiatives for clean clear water, housing for those in need, public transport that is economical and environmentally sound and access to buildings, transport and jobs for people with disabilities. I want the next council to prioritise climate change, environmental issues and restricted rates increases. I have personally always wanted free access to swimming pools for kids.
