

Christchurch City Council
Papanui Ward
Electing 1 Councillor

Mike DAVIDSON

Independent

My principal place of residence is in the Papanui Ward area.

As your City Councillor I have been a strong supporter of local communities and businesses.

I have advocated for safer roads and better transport options that are accessible for

everyone, and have consistently pushed for rates restraint.

Locally, I championed the reinstatement of Papanui Bush, a community hub for the Redwood and Northcote communities, the retention of postal and bill services in Papanui and have stood up for the St Albans community impacted by the northern motorway.

Like you, I want our drinking water to be chlorine free, our natural environment healthier and our communities listened to. I will continue to prioritise this and the repair of our broken infrastructure - roads, stormwater, wastewater and water supply.

I bring experience, energy and a strong independent voice to the Council table and your support will ensure that our community continues to have stable, progressive and responsible leadership.
