Electing 1 Councillor

James DANIELS

My principal place of residence is in the Coastal Ward area.

I grew up here and will grow old here; this part of Christchurch should be better.

Our community has been neglected and disrespected, in particular since the earthquakes,

so it's time for local, vocal, energetic and engaging representation. I have discussed the issues with many people and can render them down to three main areas: Repairs, Rates and Relationships. Repairs have not been carried out to an acceptable standard of timing and quality.

Rates are forecast to rise by 50% in the next ten years. The annual budgets must be closely scrutinised. Every dollar matters.

Relationships have been fractured over time, often due to fatigue and frustrations. I will build a positive connection with other councillors, council staff and entities. A fresh face will allow a reset that we, as a community both need and deserve.
