

Christchurch City Council  
Halswell Ward  
Electing 1 Councillor

---

---

**Anne GALLOWAY**

The People's Choice

My principal place of residence is in the Halswell Ward area.

Kia Ora, I'm Anne Galloway.

As your current councillor I believe we need an engaged community where everyone in the community has equal opportunities and access.

Before I became a councillor I was a teacher and I'm committed to putting families and children at the heart of my decision making.

I will continue to advocate for facilities such as pools, where kids can learn to swim, and libraries where residents from nine to 90 can access, books, magazines and entertainment.

I am also committed to a safe, crime free, Halswell and actively engage with the Police and traffic planners to keep our residents safe.

Working in partnership with Environment Canterbury I'll continue to push for safe clean drinking water and clean air. Halswell is a great place to live and it would be a privilege to continue serving the community and making sure families can thrive.
