

Christchurch City Council
Linwood Ward
Electing 1 Councillor

Yani JOHANSON

The People's Choice - Labour

My principal place of residence is in the Linwood Ward area.

I bring experience to the Council table showing strong leadership in representing the Linwood ward. I am committed to: Keeping rates affordable and fair; A living wage for Council, its companies and contractors; Getting improved maintenance of parks, roads, cemeteries, and rivers; Fixing broken infrastructure in suburbs sooner and better instead of gold plating the central city; Addressing the flooding issues in Bromley and Woolston; Seeing through completion of the new Linwood pool and the renewal of Linwood Park; Cleaning up the Heathcote and Avon Rivers; Retaining the Council's assets in public ownership; Reducing the post-earthquake multiple layers of expensive and extravagant bureaucracy; Protecting the water supply from being permanently chlorinated / privatised/ bottled off. I voted against the CEO salary package. I'm dedicated to standing up for social justice, environmental sustainability, and transparent decision-making and proudly standing up for the community. I seek your support for re-election.
