The People's Choice - Labour

*My principal place of residence is in the Hagley-Ferrymead Community Board area.*

The people of Christchurch made their views clear during the post-earthquake consultation initiated by their local council; overwhelmingly, they wanted to create a greener, more sustainable city- a city in a garden.

To ensure that the Christchurch environment is best protected and preserved for all, we need strong and cohesive leadership from our elected Council and community boards.

I am committed to:

- Engagement and Empowerment: being inclusive and proactively reaching out to involve families and communities in discussions and decision-making.
- Connection and Collaboration: linking up people, ideas and agencies to explore shared visions, knowledge and activities.
- Relationships and Responsiveness: building strong relationships between the Council and the community, and adapting how things are done to best achieve the aspirations of local people.

I am proud to stand with the People's Choice Team. A vote for me is a vote for a rebuild that puts people first.
