

# Christchurch City Council

## Riccarton-Wigram Ward

### Electing 2 Councillors

---

#### Jimmy CHEN

The People's Choice - Labour

*My principal place of residence is in the Riccarton-Wigram Ward area.*

It has been an honour and privilege to serve my community on the Council over the past three years.

I am actively involved on four Council committees and one sub-committee, which have helped to create significant sustainable solutions for Christchurch. I also sit on boards of two museums, the Riccarton Bush Trust, and the Christchurch Multi-cultural Council. I have taken a strong stand for people in Riccarton-Wigram when it has counted most.

Over the last three years, I have listened to concerns of residents and expressed those to the Council and other government agencies. My commitments are to rebuilding and repairing: damaged Council-owned community facilities, damaged infrastructure, the central city and our local democracy.

I am married with two daughters, and I hold a Master of Commerce and Bachelor of Science degrees. I would appreciate the opportunity to represent and serve you for another three years on the City Council.
