

Christchurch City Council
Wairewa Subdivision of the Akaroa-Wairewa
Community Board
Electing 2 Board Members

Maria BARTLETT

My principal place of residence is in the Wairewa Subdivision of the Akaroa-Wairewa Community Board area.

It's been eight years since I moved into Birdlings Flat and made Wairewa my home. I love this close and caring community and the people in it. I would like new families moving to the area to enjoy all the things that my son Flynn and I have enjoyed as he has grown.

I am confident that I possess the skills and experience required to offer good support to our community through this Board position. For the past decade my employment with the regional council and Ngāi Tahu has required strong analytical and research skills to influence local government and national decisions. As a busy person, I hesitated to put myself forward, but in the end I know I can make a difference and that's why I'm running. Community is a team effort, so this is me doing my part for the team.
