*My principal place of residence is not in the Fendalton-Waimairi Community Board area.*

*I am also standing for Canterbury District Health Board.*

My focus is people. I enjoy meeting the people who live in this community, listening to you and working with you to find ways to make things happen.

I want a safer, greener, more vibrant city for our families.

A city that's easy to get around, where our water is pure, where businesses flourish and where people feel safe.

A city we can call home. Not just for us but for our great grandchildren and their great grandchildren.

As a strong advocate for community facilities I'm proud to have been a major force behind the repair of the libraries/ facilities, sports grounds and playgrounds in our area, with Bishopdale library reopening next year.

I lived in Burnside for 25 years before the earthquakes but now live just outside the ward boundary.

I am always available to listen to your concerns.
