

Christchurch City Council

Electing the Mayor

Sammy HARRIS

Independent

My principal place of residence is in the Christchurch City Council area.

I'm Sammy Harris and I will be campaigning for Mayor in the 2013 Christchurch Mayoral Elections. I am a proud Cantabrian who was born and raised in Christchurch. My primary, high school and tertiary education, as well as my prior full time employment has all been within this beautiful city. Christchurch is part of me. It's in my heart. I'm not here to take advantage of a city or the people that have been through so much in the last few years. I'm here to represent the real citizens of Christchurch. My intention is to be the voice for the people of Christchurch, prior to the election and post-election, if elected. My representation of the Christchurch people will not end post-election. These citizens are not a platform for me to receive votes and then forgotten about. I will be the voice for the real Christchurch.
