Independent

My principal place of residence is in the Spreydon-Heathcote Ward area.

As Manager of Trees for Canterbury for the past 22 years I've been committed to enhancing our city and building community through the empowerment of the disadvantaged among us. I care about people and the environment in which we live. I want to extend my work through serving on the council, helping it function in an interdependent way for the benefit of all our citizens.

I have some key policy priorities, and would love the opportunity to discuss them with you. Please email me in the first instance at smbush@clear.net.nz or phone/text 0272973829. I guarantee a response.

Working together for a strong, healthy community.
