

Christchurch City Council Burwood-Pegasus Community Board Electing 5 Board Members

Tim BAKER

The People's Choice - Labour

My principal place of residence is in the Burwood-Pegasus Community Board area.

People say I am a doer. After the big quake, I helped set up and run the Aranui Welfare Centre. Since then, I've helped people with problems involving insurance, EQC, the Red Zone and TC3. I've worked with community

groups to get their facilities rebuilt.

As a Community Board member, I've been involved in residents' meetings about traffic, flooding, disaster preparedness and EQC updates. As an Aranui Primary Trustee, I worked with my colleagues to get the best deal for our school.

There's still a lot to be done. We need to repair and rebuild Council housing, replace QE2 with an aquatics and recreation centre, implement the New Brighton Master Plan and start work on the Avon/Otakaro Park. But we must manage the costs of these projects to make them affordable and achievable.

As one of the People's Choice team, I will continue making a difference in our ward.
