

Christchurch City Council Riccarton-Wigram Community Board Electing 5 Board Members

Willie MCGREGOR

The People's Choice - Labour

My principal place of residence is in the Riccarton-Wigram Community Board area.

I have lived in this ward for approximately 30 years. During that time my wife and I have raised 5 children who attended school at Templeton Primary School.

I have spent 20 years working in government departments, in my last role working within various communities throughout Canterbury. It is this experience that has given me the desire to seek election to the community board.

Since the earthquake, new needs have arisen in our community, such as for more recreational facilities for our growing population of young people and more affordable housing: those will be the main challenges that I will be focusing on.

If elected I will give 100% commitment to ensuring that all parts of the community are well represented and advocated for, and that development of our cultural diversity is nurtured.

I look forward to representing you on the Riccarton-Wigram Community Board.
