2767	Dot Lovell-Smith			No						
2743	Denis Hampton			No			present site	I like the library where it is i.e. close to the Hub and buses. If more room is needed I note that there is space both in front of and behind the present library		
2742	Mrs M Ryan			No	Where it stands	In the early 1990s there was a partition put to the council of the day. To lease the area around the said library as a Park if it had instead put cheap house on it. The Council would NOT be doing this. The library is central. We do not need another swimming pool. All the above parks are used by local schools. There is 3 schools on Waterloo Road Now seeing as the Intermediate has moved to Hornby High Area as well. Halswell has a new centre. Local enough				
2657	Marilyn & Ross Houlston			No	Wycola Park	Away from heavy traffic; plenty of free space without interfering with Hornby Rugby and Cricket. Plenty of parking space available and away from Hornby Mall congestion	Wycola Park	As above	Wycola Park	As above

2626	Owen Jones			No			Existing Hornby Library site or Hornby South school site	The Library and Service centre should be within walking distance of Hornby commical centre but not take up any sports grounds	Warren Park	Because the bulk of the population is more towards Wigram and Halswell Warren Park offers a good location for a central located leisure centre to service the most people
2619	Fay Woodgate	NA	NA	No	Other		Other	Leave the library and service centre where it is ,as it's handy for elderly people within the Hub	Warren Park	Because it's away from all the traffic and would have a large parking area
2512	Mrs D Grant			No	Kyle Park		Kyle Park		Kyle Park	
2495	Rayma Szucs			No				one of closing schools	Kyle Park	
2483	Lyn Hucklebridge			No	Kyle Park			Current site Goulding Ave rebuild	Kyle Park	Less hassle and clearing site would get rid of asbestos that is there. It has to be cleaned up!
2481	Lyn Hucklebridge	Hornby Rugby Football Club	Chairperson	No			Existing site	Only Kyle for pool	Kyle Park	
2439	Jessica Flanagan			No			Old site	Save Denton Park for recreational sports		What is the Council doing about the Asbestos problem. NOTHING

2438	Kathy Apiti			No			Current Library Site	The South West Leisure Centre facilities should be located on the Kyle Park site. There is ample room for the building and would also have land available for parking. The land is currently not used to its potential. The extra traffic this facility will create will not impede on the Hornby Hub / Workingmens Club / The Warehouse / Rebel Sport / Etc parking areas. It is also across the road from 2 very large schools, which could utilise the facilities. We are always being encourage to get kids to exercise, and what better opportunity to provide a facilities on the door stop of a low socio economic area. The Library and Customer Services centre should be housed within a new purpose built building	Kyle Park	See comment above

2438 <i>contd</i>								on the current library site. This keeps the facilities central for the elderly population and will still be within walking distance for them. Having the South West Leisure Centre and Library and Customer Services centre in one spot would be too large for any one site to handle.		
2379	Shirley Ho			No			Denton Park	Good to have it near the Hub Hornby for convenience and	Kyle Park	Nearer to the schools
2379 <i>contd</i>								there is already a bus service there.		
2233	Richard Turner			No			South Hornby School site or Sockburn Park	I believe our existing parks should not be touched.	South Hornby School or Sockburn Park	As above our existing parks should not be touched.
2220	Ricky Gilbert			No	Kyle Park	No to Denton Park!				
2213	C K Inia			No	Kyle Park	No to Denton Park!				
2015	Alix Houmard			No			Kyle Park	Close to all the surrounding schools	Warren Park	As we have already the canterbury swim school at buchanans road we need to have the leisure centre somewhere else. Also a salt water pool would be preferred if such an amount of money is going to be invested.

2010	Carl Van Essen			No			Renovate the existing library	Less cost, working well as is.	Buy new land	Denton is designated to be a park and should stay a park, we need to retain open, green spaces.
1916	Judy Slemint			No			Denton Park	Prefer the Library/Customer Services only to be at Denton Park, which would mean the sporting codes could still be accommodated	Kyle Park	Having the South West Leisure Centre at Kyle Park makes sense with the close proximity of schools, yet still very accessible for our Hornby residents.
1880	██████ ██████			No	Other		Kyle Park	I think that there is a lot of space in Kyle Park that If this was built it wouldn't take over the whole park but only a small chunk of it	Denton Park	I think that because it already has Denton oval. Maybe that could be refurbished and added onto the Centre
1840	Robin Leary			No			Wigram Airforce museum	This would utilise the museum parking also adding to the Library's strategic goals to Discover, Connect and Play. The Customer Services Centre would also benefit from the extra parking without having to purchase any land and be built without the disruption of any other agencies.	rebuild Sockburn pool on its old site	Give more utilisation of the squash fitness centre and staff also without any disruption to any other agencies on land owned by the C.C.C. and not being currently used. This would require some land re mediation no more than some of the other options.

1826	Shirley Williams			No	Other	There is enough traffic on the Main South Road without any more, and there would not be enough room for car parking as that is the problem in Hornby at the moment.	Wycola Park	As there is a bigger land area there for these facilities and the road around there isn't as busy	Wycola Park	As the question above
1812	Lyall Matchett & Andy Clarke	Hornby Cricket Club Inc	Secretary / Treasurer & Club President	No	Kyle Park	NOT DENTON PARK			Kyle Park	Denton Park is used by Hornby Cricket Club all summer and the whole park is needed to provide 2 wicket blocks - see further comments attached
1797	Melissa Hlmin			No			Kyle Park	Close to local schools - keep away from Denton Park - traffic is already terrible in Hornby	Somewhere with plenty of parking	Parking can be a put off to going to various places around the city - also the traffic congestion in Hornby is terrible - Denton Park would be terrible - Kyle Park would be ok -
1733	Kelly Casey			No			Kyle Park	On a bus route service. Will enhance area and make it safer. Easy access for pedestrians coming from mall through underpass. less congestion at Main Rd.	Warren Park	Good parking facilities. Will enhance area and utilise it further. Still allow for green space to be used by patrons in nice weather. e.g. picnics etc.
1730	Barbara Buunk			No			Sockburn School	Parking is easier and safer as it will be off road. Good site for pool & service centre only. No need to move library	As above	Leave the sports fields alone. The library is a good size

1598	David Oakley			No			Warren Park	To many sport clubs will be effected. No car parking. Not enough room at Denton Park	Warren Park	Much larger area. Plenty of room for car parking
1595	Robyn Pollock			No	Kyle Park		Stay where they are now	I and others frequently walk to the Library and combine this activity with shopping at the mall. There's nothing wrong with the library and service centre as it is now. If needing expanding can be done by using unused grass area at the side.	or Wycola Park	Easy distance from bus services. Handy for sporting facilities already at Denton Park. Useful for Hornby High School students. Many people would be able to walk there and combine a swim/gym session with shopping and a coffee at the Mall shops. Would overstay in parking (shop/pool) be a problem?
1589	Dave Rosson	h w m c sports		No	Kyle Park		Kyle Park			
1509	Garry Cantwell			No		See Answer C	Denton Park	Close to shops etc. Have plenty of parking to use on site. Close to Bus Exchange more user friendly	Kyle Park	Make Kyle Park a complete Leisure Centre / sports facility - provide extra parking.

1401	Maryanne Lomax			No			Rebuild on current footprint in Goulding Ave	I believe the current location of the library is fine....rebuild there (or even just a spruce up!). To accommodate Customer Services, there could be a second floor built with a lift for access. I disagree with the statement that many in Hornby don't know it exists, but some advertising and promotion is surely cheaper than a whole new facility.	Kyle Park	I strongly oppose the location of either facility being built on Denton Park. Not only is this a key recreational area for the local community, the traffic congestion already being experienced in that area is shocking! I go through the Main South Road/Chalmers Street intersection most days and have had a few near misses and witnessed a lot more. Building a facility that is going to increase this traffic problem is just crazy.
1371	Nicola Mulholland			No	Warren Park	Warren has much more room and parking area. Hate the idea of Denton pk when this area is already traffic caos	Kyle Park	It's closer to the mall and other facilities yet room for its own parking.	Warren Park	Much more space there. It should be a stand alone entity in my opinion.

1072	Annette Wilson			No			Where it is and expanding onto the park area beside the existing library.	The library is already in a central place for people to come and use it. It has some parking facilities and a more modern library could be built on existing land beside it.	Warren Park	Denton Park is already very congested with traffic from the Main South Road and the Hornby Hub area. Warren Park could be a Leisure Area by itself without all the other activities going on at the Hub just as Rolleston Pool is.
994	Nicola Martelli			No	Other	Denton Park is home to many sports groups who use this facility on a regular basis. Where will they go? Traffic around Denton Park is already gridlocked at times, putting a Leisure Centre here is going to cause even further traffic issues. Kyle Park is home to an amazing BMX track which is well used - hundreds of children use this on a regular basis. Going by the site map this track will be removed to make way for the new leisure centre. This track provides free physical activity to many children in this area, by removing it, instead you are providing access to pools which we all have to pay to gain access to, many of the locals in this area would not be able to afford this on a regular basis. Warren Park is right on the edge of Hornby and close to Halswell centre. Why was the land around the current library used for a new subdivision - surely this would of been a great site to extend the current	Try and use the current library site.	The Hornby locals all know where this is located, walking distance for majority.	Old Sockburn Pool site?	Hornby has few green spaces and it would be such a shame to see them go, the green spaces are used by many - sport groups, dog walkers, children playing sport games and using the bmx track.

872	Amber Cavanagh			No			Other	I believe the library is fine where it is. The building is outdated so could be replaced, but I think there is nothing wrong with the site.	Warren Park	<p>I do not wish to see Kyle Park or Denton Park altered for this new development, due to the positive impact that sports have on the Hornby community.</p> <p>The traffic around Kyle Park at peak times is already very bad. I have lived on [REDACTED] and the traffic was horrendous if you were driving at certain times down Hei Hei road. I believe that most people who use a leisure centre are happy to drive or bike to get there. I feel that Warren Park has more space to allow for car parking and it can be nice to get away from the centre of the town which gets so busy.</p>
714	Samantha Hibbs			No		Kyle Park		Good location for a library, close to the school.	Denton Park	Great location for a leisure centre, with the Hub being very close by

Kyle park also has the BMX track so that leisure activity will tie in well with a leisure centre. Cricket can be played at Warren.
