<b>Denton Park Part Reserve Classification Changes</b> - Overall, do you support this proposal?	do not support the plan
Submission:	Denton Park is already fully developed and utilised. There is not enough parking already and I am sure people will end up parking in the mall when trying to use the new venues. It is a far better option to use Kyle Park. I am aware of the concerns of asbestos and other unknowns but surely this is an opportunity to seal the area when building and it has a large area to convert to parking. It will add to the development of the area not destroy or diminish existing facilities

Submission:	Please reconsider the reclassification of Denton Park. The traffic congestion is already a huge issue and I don't believe Denton Park was gifted for the purpose of buildings but open ground recreation. The present Hornby Library, which I use regularly, could be redeveloped and covering and improving the Halswell Pool would service the whole area far better and at much less cost to ratepayers.

*I do not support the proposed changes to Denton Park although I support the idea of Hornbys Library, Customer Services & Rec Sport Centre but feel that Wigram School previously Sockburn School site when school moves to Wigram Skies is a much better option for all - better access from 3 road and taking congestion away from the Hub area.*

- 1) I am against concentrating facilities (swimming pool) around shopping centre due to traffic problems and parking problems.
- 2) I also respect Mr. Stanley wish and Denton-family opinion about not to reclassifying Denton Park.

Traffic congestion will be a nightmare. The donation of Denton Park was not for buildings. As far as Kyle Park (the peoples preferred option) this ground should be rectified by council as their land - presumably a previous council granted permission for this to originally be a pit.

Does this Council forget they are answerable (employed) to the rate paying public - should immediately stop with the destruction of yet another green area but once again the rate paying public will be ignored.

**Please note:** Your full name, address and telephone number are required because this information is important for transparency, and for Christchurch City Council's decision-making process. It also means we can update you on progress. Ideally we would like your email address too, if you have one, as this makes it easier for us to stay in touch with you throughout the engagement process.

Your submission, including your name and contact details, may be made available to the decision-making body, for example the Community Board, Committee and/or Council, to help them make an informed decision.

Submissions, with names but without contact details, are made available online once the Board, Committee or Council agenda goes live on the Council website.

If requested, Council is legally required to make all written and/or electronic submissions available to the public, including the name and contact details of the submitter, subject to the provisions of the Local Government Official Information and Meetings Act 1987.

If you believe there are compelling reasons why your contact details and/or submission should be kept confidential, please contact the Council's Engagement Manager on (03) 941 8999 or 0800 800 169 (Banks Peninsula residents).

The proposed site at Denton Park is unsuitable. It will make the Hornby area unattractive, add to an already heavy congestion of traffic & parking issues. It will be a loss of green space. Clean up Kyle Park & put it there - sooner or later you need to deal with the asbestos issue there. Putting it at Denton Park means a loss of sports & park facilities. I object strongly. I would like to fix traffic issues at Hornby Hub as it is already unsafe.

No parking near Denton Park  
Warren Park was suggested. we feel there  
are buses that go through Awaatea Rd/Wigram  
that could drop off/pickup with a slight  
detour into Warren Park. More space for  
car parking as well.

Submission:	<ol style="list-style-type: none"> <li>1. The location is already choked with traffic and extreme difficulty in finding a park. This will exacerbate the problems by putting the centre there.</li> <li>2. Kyle park has plenty of spare area without compromising the sporting codes, has access to the hub via the existing tunnel, serviced by good roading, away from a state highway.</li> <li>3. It is just a cop out to use the asbestos contamination cost as a reason to reduce the centre size, they are two separate issues!</li> <li>4. The Hub is only supporting the Denton park location for self interest, ie solve some of the car park issues using the council proposal.</li> <li>5. The council only pays lip service to resident's opinions and just bulldozers decisions through, and or orchestrates reports to suit its purpose, eg Indeed to misinform the public about the costs of asbestos remediation</li> </ol>

Respect the Stanley family's wishes for land donated by them. Traffic congestion will be increased. Kyle Park may cost more but in the long term is worth it. Council members are short term decision makers effecting long term changes. Kyle Park has schools from preschool to year 11 across the road

I was so pleased to hear we were to have the swimming facility. However I feel for the ones who have been using Denton Park all those years and now have to give it up. Also the traffic is already diabolic round there with Hornby Mall, and the busy main road.

<b>Denton Park Management Plan Changes</b> - Overall, do you support this proposal?	do not support the plan
<b>Denton Park Part Reserve Classification Changes</b> - Overall, do you support this proposal?	do not support the plan
Submission:	<p>1) Hornby does not NEED a pool in this area. The old location of the Sockburn pool should be re-evaluated for re-use as a covered pool.</p> <p>2) There is already a nightmare for car parking in the Chalmers St, "The HUB Mall" area. Adding a swimming complex without a purpose built car park building (which has not been mentioned) will add to this difficulty. The access to the Main South road will become even more chaotic. One only has to look at the ca parking on a Saturday during winter to see that there is a significant lack of space just with the Rugby Club activity. Potentially this could become a 7 day problem with the pool sited at the location.</p> <p>3) One wonders why the new development of Hornby High School was not discussed to include a shared Library such as the Riccarton High School/ Library which to my knowledge has been very successful. This is also across the road from the other more logical location for a pool in Hornby: Kyle Park.</p> <p>4) Other options for location of the pool might include the Waterloo Business Park, where there is ample room for car parking, and construction of a pool complex away from busy thoroughfares (Main South Rd). Although the expense of purchasing the land may be more, it s likely cheaper than the remedial work necessary on Kyle Park.</p>

	<p>5) The overwhelming response from the community has been NO to Denton Park use. Why did the council waste time and resource on this process when they were quite clearly going to ignore any negative outcome anyway?</p> <p>6) Although I live in Templeton, I work in Hornby, and we shop in the Hornby Area. The development thus far has struggled to cope with the increasing traffic since the earthquake events since 2010. Future planning needs to be better co-ordinated, and planned. Putting a Pool in Denton Park does not make sense and misses both of these needs.</p>

I oppose the Council taking over Denton Park for their own use. My son played rugby there when he was a boy, and was even selected for Cant rep teams. Denton Park was left by Stanley Denton for Recreation purposes and should be left as it is, and Not used for Council purposes. please listen to the people!

Carparking will be worse close to shoppers parking in designated Pool parking. There already is a library in Hornby and your taking away park/green space. Government Services should not be part of the park! There is plenty of area in Waterloo Industrial Park that could be used for a new Recreational area & Swimming pool instead of unnecessary works in an already congested area making more congestion with

Hi, I do not support taking area from the park. I support the idea of new facilities but not that it is built on a green area. Keep the green area and build the new facilities on an already built up area. This will keep the park and also improve a part of town that needs a freshen up. There must be other run down areas that need a freshen up by upgrading or replacing buildings?

The Denton family oppose this and as they have gifted it to the community it seems immoral to go ahead with this. In fact it surprises me that this move by the Council is even legally allowed.

This is not what the land was for,  
Use different land - Sockburn pool, the old  
Sockburn School, Kyle Park. There is no  
parking already. Listen to the people

Main South Rd traffic already congested.  
Hornby Mall area already congested.  
The <sup>land</sup> bequest was not for buildings/offices etc but for "outdoor" recreation.  
Ch-Ch's dwindling "green" areas/spaces need preserving.

There are major parking problems at Hornby Mall now. If parking for sports activities increase around this area the parking problems will become more diabolical. Try getting a park at lunch time? Could the old racing track be used for parking?  
Crime in this area may also increase - more people

Traffic in this area is extreme now, to change it with extra traffic for a pool library + offices is just madness!!! This area was gifted to the area, to change it, will surely discourage anyone else from gifting land to the community again. We have lived in this area for more than 55 yrs + seen many changes, some good + some not so good. This is just a Diabolical Idea, with no real concern for those who live here!!!!

<b>Denton Park Part Reserve Classification Changes</b> - Overall, do you support this proposal?	do not support the plan
Submission:	<p>The traffic situation on Chalmers street is already dangerous when considering the level of uncontrolled traffic moving in and out of the Hub and McDonald's car parks compounded by heavy goods vehicles that service pak n save. The council has not considered any traffic management plans to minimise the impact that additional vehicles would have on an already chaotic series of intersections.</p> <p>The majority of Denton park was gifted for recreational purposes by Stanley Denton, it may be arguable that the swimming facilities and library come under a recreational classification but the inclusion of council services in the plan is not inline with purpose of the original gift</p> <p>Given the amount of services that are listed as being included in the plan, the council appears to minimise the footprint that the new facility will have on the Denton park area, . This domination of the park is at the expense of the local rugby and cricket club grounds which are important existing community activities that will also be affected by access issues (both in terms of fields and parking at the grounds).</p>

- It's removed the home  
for cycling in CHCH.

- There is already a  
community centre on Goulet  
Ave need develop if required

Please provide your feedback (please insert an additional page if more space is required)

- Hornby is busy enough as it is and this will only add to that congestion in the area
- There is a library in Riccarton at the high school and this is enough in a declining reader base
- There is a service centre @ sockburn that could be rebuilt/new building
- Denton Park was not given to the council to change the usage.
- Swimming pool would be better community project with the two schools on Waterloo Road

*It is already well used as a sports  
ground, so there is no need to build  
a library there. The Kylie Park is  
seldom used, and being opposite the Hornby  
schools, it would be a great place for a  
library etc. It makes more sense to leave  
Denton Park as is.*

I feel there are other options, why not just upgrade the library facilities. There are enough traffic/parking problems in this area now. Why create more. We have Kyle Park & the show grounds has more than enough space. There was a good site at the area of the old Sockbuen swimming pool. What is happening to the old Council

- ① THE DENTON FAMILY OPPOSE THIS USE OF THE LAND
- ② THERE IS NO REASON WHY COUNCIL SHOULD BE PERMITTED TO USE THE PARK FOR OFFICE BUILDINGS OR LIBRARIES
- ③ A NEW POOL IS NEEDED, BUT NOT IN DENTON PARK.
- ④ THE TRAFFIC IN AND OUT OF CHALMERS ST IS ALREADY EXTREMELY HEAVY, AND PRESUMABLY VEHICLES WOULD USE CHALMERS ST FOR THE PROPOSED POOL.

The planned changes would be detrimental to the Hornby community in respect of traffic congestion and safety which is already stretched to the limit and the loss of sporting facilities would in many ways mean loss of community spirit.

The traffic around the SH#1 junction at Hornby Mall is already too heavy and dangerous. Adding another traffic-rich venue will make it impossible. Denton Park is too small and with too poor an access now to accommodate such a major new facility. Warren Park has the space, the access, and the population. It is also cheapest. Build it there.

After living in Hornby for over 30 years bringing up several foster children, I know how important sports facilities are. I am in favour of a new pool<sup>complex</sup> but it should be on Kyle Park by the schools. It would still be close to bus stops and mall. Kyle park is under utilised at present but Denton isn't. Please listen and don't change Denton Park its lovely.

Submission:	As a long term resident of Hornby I think the reclassification of a part of Denton Park is a small price to pay for the facility that is planned for the site. Hornby has lacked council facilities and a combined pool, library and service centre will be fantastic. I am appalled (although not surprised) that a group of residents, particularly from the Hornby Rugby Club are attempting to stop this. My family make use of the pools, and currently travel to and utilise the Selwyn Aquatic Centre in Rolleston, Having such a facility in Hornby will be wonderful, and Denton Park, rather than the uncertain ground conditions of Kyle Park makes sense as the location. Please procede with this development as planned as our community (and the silent majority) agree with this project.

- (1) If you read your paper (matters) you would know the most car accident happen around the Hornby area, — why bang in more traffic??
- (2) The land behind the library was left for the purposes you now want to put on Denton Oval.
- (3) Why was the land sold off under Government Valuation? (I know Abbotsfield is a Charity Organisation) ???
- (4) The Denton Oval was left for sport area. Why clutter it up more!!
- (5) Abbotsfield could have gone on the East area — plenty of vacant land there.
- (6) Negotiate with Government/Ngai Tahu for lands either at or Sockburn school or South Hornby schools for swimming baths to get traffic away from Hornby Mall area?

Voting "No" on the basis of parking + traffic issues which will happen if the development goes ahead on this site. Not enough parking at Mall + velodrome as it is. I would be a gym user and looking forward to having the complex in Hornby, but not if it is congested, inaccessible + inconvenient.

We have found it hard to find parking around Hornby shopping centre. Exiting from Hornby shopping centre via Chalmers Street & turning right on to the main South Rd. has been a night mare, as traffic have been bumper to bumper. Due to traffic entry into Chalmers Street. It has been hard for buses, public transport plying on their fixed route. Right turning arrows at lights are needed.

I would have thought that the building + pool would be better at the other side of railway line as there appears to more room for parking and less traffic than around the Hornby mall as this is a bottle neck at present and would it make it worse

The wishes of the late Mrs Stanley Denton who gifted Denton park for outdoor recreation must be respected.

The traffic is already diabolical and will become a total nightmare. Hornby Cricket and Hornby Rugby deserve to stay at Denton park not be pushed on

My children have used Denton Park for recreation and my son has played and represented Hornby rugby for many many years. I have been a great supporter of sport at Denton Park and will be most disappointed to ever see it any other way than a sport field for our young ones.

Living in Steele Street I quite often walk through Denton Park to mall - especially over Xmas when parking is at a premium. I enjoy sitting under trees and enjoying watching cricket/rugby. The grounds are so peaceful and tranquil away from the busy rush rush of Hnrby. To lose this area would have a huge affect on the Community

I believe that if we segregate ~~the~~ Denton Park into sections for this and that it takes away key space for sporting or entertainment purposes. It was called Denton Park because its a park nothing else. If you think the money could be spent on upgrading the existing rather than new. Alter or touch Denton Park means its ~~is~~ gone and gone for good. Leave it alone!

Kyle Park a much better choice.

This is ridiculous changing the zoning of a park that is used extensively by the community.

THIS LAND WAS GIFTED TO HORNBY, BY MR DENTON. NOT FOR BUILDING BUT AS A RESERVE, WHEN WE WERE PAPARUA COUNCIL. HOW MANY OF THE COUNCIL MEMBERS KNOW THIS. THE COUNCIL HAD LAND AT THE BACK OF THE LIBRARY, BUT WHAT DID THEY DO WITH IT. SOLD IT. DENTON PARK IS PART OF US. WHERE SPORTS GROUND IS ON WATERLOO ROAD IS FINE. IF IT IS GOOD ENOUGH FOR OUR CHILDREN TO PLAY ON, IT IS GOOD ENOUGH TO BUILD ON. EASY EXCESS TO AND FROM THE HUB. WHAT ABOUT THE EXTRA TRAFFIC. CHALMERS STREET IS PRETTY BAD NOW. 1

Just leave Denton Park alone, no need change it.  
Put the money into the foot paths they need badly doing up. All the way Main Road Hornby near Denton park the footpaths up & down like dale. Plus when mowing the verges of the foot path cut the grass that growing <sup>over</sup> the foot paths. ~~Spa~~ Put the money into city footpaths. Would it be better to put the money into other places plus what I wrote, it make Bents its Meant be garden city <sup>other</sup> it's no hurry to change things at this stage, its more important <sup>other</sup> things to be done.

Please fold with the reply paid portion on the outside, seal and return by 5pm, Monday 26 March 2018

Please note: Your full name, address and telephone number are required because this information is important for transparency, and for Christchurch City Council's decision-making process. It also means we can update you on progress. Ideally we would like your email address too, if you have one, as this makes it easier for us to stay in touch with you throughout the engagement process.

Your submission, including your name and contact details, may be made available to the decision-making body, for example the Community Board, Committee and/or Council, to help them make an informed decision.

Submissions, with names but without contact details, are made available online once the Board, Committee or Council agenda goes live on the Council website.

If requested, Council is legally required to make all written and/or electronic submissions available to the public, including the name and contact details of the submitter, subject to the provisions of the Local Government Official Information and Meetings Act 1987.

If you believe there are compelling reasons why your contact details and/or submission should be kept confidential, please contact the Council's Engagement Manager on (03) 941 8999 or 0800 800 169 (Banks Peninsula residents).

*Denton Park is the perfect place*

Please fold with the reply paid portion on the outside, seal and return by 5pm, Monday 26 March 2018

Please note: Your full name, address and telephone number are required because this information is important for transparency, and for Christchurch City Council's decision-making process. It also means we can update you on progress. Ideally we would like your email address too, if you have one, as this makes it easier for us to stay in touch with you throughout the engagement process.

Your submission, including your name and contact details, may be made available to the decision-making body, for example the Community Board, Committee and/or Council, to help them make an informed decision.

Submissions, with names but without contact details, are made available online once the Board, Committee or Council agenda goes live on the Council website.

If requested, Council is legally required to make all written and/or electronic submissions available to the public, including the name and contact details of the submitter, subject to the provisions of the Local Government Official Information and Meetings Act 1987.

If you believe there are compelling reasons why your contact details and/or submission should be kept confidential, please contact the Council's Engagement Manager on (03) 941 8999 or 0800 800 169 (Banks Peninsula residents).

# SAY NO! VOTE NO!!

## PLEASE HELP US SAVE DENTON PARK

Over 1500 people have petitioned to save Denton Park but the council has decided to reclassify the site and take the opportunity to cut 100% of the sports area of the park to build a new school.

**Please Vote No to this reclassification this is "LAST" chance to Save Denton Park**

- ✓ The wishes of the late Mr Stanley Denton who gifted Denton Park for Outdoor Recreation must be respected. The Denton family themselves oppose this reclassification.
- ✓ Denton Park will lose its massive appeal & was NOT gifted for Council Offices, Library and Pool Complex (we don't oppose the pool but not on Denton Park in fact £2.2m from the original consultation voted for this centre to be elsewhere - e.g. not Denton).
- ✓ There has been no Traffic Safety concerns for the Council to consider. If the already disorganised traffic around the Hornby Mot will get worse and more dangerous. Parties will become harder to find and more congested.
- ✓ Hornby Cricket will lose its senior ground & will be forced to move by the council. Hornby Cricket don't want to move and they don't want a clubrooms with no ground.
- ✓ Hornby Rugby will lose its field and have spill grounds away from its clubrooms.
- ✓ The new complex will mean Hornby Rugby's clubrooms will be blocked out entirely (and locked) from seeing their remaining field & create a dangerous walk to their ground.
- ✓ Businesses will be lost on Chalmers street for entrances, entrances not yet been approved or planned.
- ✓ Council plans released are not to scale & not a true representation of the council's planned footprint on Denton Park.

• Attached is the submission form. Please vote no, preserve Hornby's history and green space. Form can be posted back by 22 March 2014, or dropped off at Day West Pharmacy (27 Sharnal Road, Hornby), The Old Butchery (36 Wyckham Avenue, The Hill), dropped into Hornby Cricket Clubrooms on Saturday afternoons or Hornby Rugby Clubrooms (Wed, Thurs & Friday 4pm to 7pm), or phone 0211 406 374 for collection or simply go on line - [www.ccc.govt.nz/hereyouare](http://www.ccc.govt.nz/hereyouare)

• Help us with the cause with a donation to our Give a Little page, go to [www.givealittle.co.nz/case/SaveDentonPark](http://www.givealittle.co.nz/case/SaveDentonPark) & thank you.

• Please refer to our 'Save Denton Park Facebook Page' and place any enquiries there or contact Kevin Hornbrook (1498-757) or Lyn Huxford (4886-8226).

Hornby Mall parking is bad now. It will be a nightmare if this complex goes ahead.

Why not use the land the Sockburn Pool used to be on. At the moment it is wasted space.

How can it be that Denton Park gifted by Mr Stanley Denton to the local community for outdoor recreational purposes be overruled by the Council to build council offices, library, parking, and possibly a swimming pool (that's a good idea on its own). Denton Park has been a life line in our community a bonding for our youngest generation, many who gone on to be achievers. Rugby & cricket taken away from Denton Park will destroy Harby, Players, supporters and the local public. I along with my family who have supported Denton Park sports & recreation say "No" No To Reclassification.

THE COUNCIL HAS NO RIGHT TO OVER OVERRIDE MR STANLEY DENTON'S WISH FOR DENTON PARK TO BE ANYTHING OTHER THAN A RECREATIONAL FACILITY. THE COUNCIL HAS NO RIGHT TO MAKE DECISIONS BEHIND CLOSED DOORS AND THEN OPENING IT FOR PUBLIC CONSULTATION. THE TRAFFIC IS EXTREMELY BAD AROUND THE HUB AND WILL ONLY GET WORSE. AT THE NEXT ELECTION, THE VOTERS WILL NOT FORGET THE COUNCILLORS WHO VOTED FOR IT. BE WARNED

Submission:	Hornby Hub is already a very busy area and there is a general lack of parking. This takes away car parks and will cause more traffic on SH1. Also the reserve is a good area to exercise dogs, walk etc. but reducing its size will restrict activities

To the CEO  
Christchurch City Council (CCC)

The Following document of objection has been forwarded to the Council as a formal objection under the conditions stated in the Reserves Act 1977. ie one month right of objection from the first date of public notice(20<sup>th</sup> Jan).

The objection is against the Councils proposal to proceed with the reclassification of part thereof Denton Park, and build the new Hornby Library, Customer Services, and South West Leisure Centre on Denton Park.

The listed four main points of the objection are as follows:

1. Published Public non factual, unsubstantiated, incorrect and misleading information.
2. An Unfair Process. Breach of beneficiaries rights.
3. The Denton family were never consulted and excluded from the process.  
Relevant information missing from the consultation and decision making process.
4. Breach of the 1954 memorandum (contract) between Mr Stanley David Denton and the Crown.

### **1. Published Public non factual, unsubstantiated incorrect and misleading information.**

- a) The Save Denton Park Group inc (SDPG) uphold that the Council has published incorrect non factual misleading statements of information, and that these have in fact seriously affected and influenced the Public, the Halswell/Hornby/Riccarton (HHR) Community Board and the Councillors themselves in the decision making process.  
Therefore, we put forward a legal challenge in that the decision of the proposal and the reclassification of part thereof Denton Park being made under these incorrect, non factual and misleading statements, is then not validated or legitimate under the suggested criteria put forward under the Reserves Act 1977.

The present running Consultation Document released 20<sup>th</sup> Jan 2018 states quote:

*“Denton Park dates back to 1952, when the majority of the land was gifted to the local community for a recreational ground by the then landowner, Mr Stanley Denton.*

*An additional area was purchased for park purposes in 1953. In the record of the Crown’s approval of funds for this purchase, it was identified as an area for a possible future community centre and pool.”*

- b) This is false and incorrect Public published information, there was never any additional land *purchased* in 1953. The full area of title Reserve Dept Plan 3455 was legally transferred to the Crown in a Gentleman’s Agreement formally recorded on the April 2<sup>nd</sup> 1954 memorandum. This memorandum was signed by the Promisor and Donor Stanley David Denton and Christchurch District Solicitor on behalf of the Promisee and Donee the Crown. It should be acknowledged that the registered transfer took place the day after the 1953 Reserves and

Domains Act commenced on the 1<sup>st</sup> April 1954. The wording of the memorandum is explicitly clear in stating all the land area Reserve 4754 D.P 3455 and its interest was transferred to the Crown on the agreed condition to be held and classified as, and for the purposes of a Recreation Reserve. A nominal consideration of £1000 (approx 6% of the full area transferred) was used as a token payment to enforce the agreement and validate the generosity of Mr Dentons Gift.

- c) The Crown never approved or identified any funds for any such purchase, as to a Community Centre and pool, as under the 1953 Reserves and Domains Act there was no provision to allow or reclassify land for such buildings on a classified Recreation Reserve, nor was there any provision for governance offices. The County Clerk did write to the Crown to ask if such Community Centres could be erected on a Recreation Reserve, and the following is the Crowns formal reply 12<sup>th</sup> August 1953, quote:

*“The policy of the department is that Community Centre Sites are to be reserved for this purpose, and vested in the Local Body pursuant to section 9 of the Public Reserves and Domains Act, 1928. There is every possibility that moneys in the Land Subdivision in Counties Fund could be made available for the purpose of such areas.”*

- d) The Public Consultation Document released (Which ran 26th April 2017 - 9th June 2017) states in the 'strengths' section for Denton Park: quote ***“that the land is already Council owned, freeing up money for investment in the facilities.”*** This statement we uphold in the public eye as false and misleading and is incorrect information in its given context. This statement in its given context, portrays in a common public language sense, that the grounds are ***“Council owned”*** as in being absolute and indicates that the Council have full control over Denton Park to do as they see fit.
- e) In fact, the land of Denton Park is ***‘Crown owned’*** and held. The land was vested and trusted in the Council as proprietors in 1981 as stated on the Certificate of Title. The decision of the preferred proposal in this case sits with the vote of the people, to be passed, and for the Council to implement. Refer to the IARP spectrum (International Association for Public Participation) and the final stage of this spectrum’s objective is to empower the Public and leave them with the final decision. In the case of Denton Park the Residents of Hornby are the legal joint beneficiaries, with a legal right as to the final decision as owners. This is not council owned land, the final decision is not solely the Councils.
- f) As an administering body of a reserve, under the Reserves Act, a council is concerned with acting on behalf of the owner (whether or not the Council) and beneficiaries of the reserve (the public). The Council exercises reasonable control for management purposes over the activity of its agents and the public on the land. The Council must act in the interests of the owner and beneficiaries.

## 2. An unfair process. Breach of the beneficiaries rights.

- a) The SDPG uphold, that the Council has not adhered to, and is in breach of the following criteria an administrative body is expected to follow in decision making, as put forward by the Department of Conservation for decision making relating to the Reserves Act 1977.

quote:

- ensure that there is ongoing dialogue with affected parties
- be able to demonstrate that relevant submissions from affected parties have been considered properly
- a decision was properly made
- any irrelevant matters were taken into account
- there were any factual errors
- the process was fair.

**Ref : A Guide for Reserve Administering Bodies. Department of Conservation (DOC)Chapter 2 - Powers Under The Reserves Act: Decision-making and Reviews of Decisions.**

- b) The Kyle Park voter have had their vote voided by the decision of the Council, when the Council chose to omit the Kyle park choice(vote) because of remediation costs (that were at best a very rough guess at the time). The SDPG uphold that the persons who voted for Kyle Park have had their legal human rights breached as beneficences of the land, as they have now been disenfranchised and excluded from their right to be included and submit a valid vote toward the resolution. This is a breach of their ownership and legal rights to partake and be counted in such a decision. No resubmission vote was given to the Kyle park voter. The SDPG therefore uphold this was unfair and the Council is at fault.  
Furthermore the Council has breached the intentions of the IARP spectrum(International Association for Public Participation) by voiding the Kyle park vote.
- c) The Council in this given issue should understand that they are not legally absolute owners. Submissions are not made for the Council to merely consider, but the Public submissions considering the nature and substance of this issue, we uphold demonstrate the purpose of a vote that justifies the Council as the nominated custodians of the Residents gift of Denton Park, with an obligation to carry out and enforce the Public preferred resolution.
- d) Councillor Buck, stated to the Council at the proposals vote 24 Aug 2017 a figure of some 9 -10 million dollars as costs to remediate Kyle Park the preferred Public choice. Unfortunately, no such costs had ever been substantiated at the time. This cost that she mentioned in a largely factual manner at the time just prior to the vote was largely inaccurate, and the SDPG therefore uphold this false statement influenced and mislead the Council in their vote to pass the HHR Community Boards recommended preferred location for the project on the Denton Park site.

**NOTE:** Prior to the Public Consultation Document being released 26th April 2017 - 9th June 2017, the Public was informed that certain test bores were to have been carried out on Kyle Park. This information from Vaughan Utteridge from the Christchurch City Council to the Public was dated March 8<sup>th</sup> 2016 and drilling was to commence on March 14<sup>th</sup> 2016. However, this drilling never took place, and we consider that the Council showed a lack of diligence on this matter by failing to carry out this work. We are then at a loss, as to how Vicki Buck at the 24<sup>th</sup> August Council proposal vote, was then ever in a position to calculate and state a figure of some 9 million dollars plus, for this remediation work. Therefore we

uphold this figure is completely unsubstantiated and very misleading.

### **3. The Denton family were never consulted and excluded from the process.**

#### **Relevant information missing from the consultation and decision making process.**

- a) The SDPG uphold that there was relevant information missing at the time of the Councils vote for the proposal 24 Aug 2017. Alarminglly, at the time of the vote, the Councillors had not been previously aware of the detail relating to this lands history, referring to the Memorandum of agreement between the Crown and Stanley David Denton and the beneficial interest and conditions of this contract.
- b) There was a profound moral high ground to be considered here before one could be expected to make such a decision that entailed some 35 million dollars of the rate payer money. We uphold that all the Councillors decisions to vote on the 24 August, unfortunately, were made under the incurred lack of vital relevant information, with no time for the Council to consider the relevant facts. The SDPG accordingly uphold that this directly related and influenced a seriously flawed, unethical, non professional and unstructured resolution of the Council to pass the proposal for Denton Park.

### **4. Breach of the 1954 memorandum (contract) between Mr Stanley David Denton and the Crown.**

- a) The SDPG do not agree that the Council hold any legal right as in disregarding, dishonouring and making void the contract between Stanley David Denton and the Crown. The Council as previously put forward do not own the land.
- b) If the Council are to proceed and reclassify the part thereof Denton Park as to allow community service buildings as such, they will in fact be in breach of the formal memorandum and its stated beneficial interest for the Residents of Hornby, as in the Gentleman's agreement(contract) between the Crown and Mr Stanley Denton agreed upon in 1954.
- c) The full area titled Reserve 4754 (Rural section 41304) was legally transferred to the Crown in a Gentleman's Agreement formally recorded on the April 2<sup>nd</sup> 1954 memorandum as a gift, notably the day after the 1953 Reserves act commenced. This agreement stated all the land area of Reserve 4754 D.P 3455 and its interest was transferred to the Crown on the agreed condition to be held and classified as, and for the purposes of a Recreation Reserve. Under the 1953 Reserves and Domains Act which as previously stated in sec 1a of this document, there was no legal means of provision available to reclassify a Recreation Reserve at the time the transfer was legally registered 2<sup>nd</sup> April 1954.
- d) In a letter from Mr Denton to the County Clerk Paparua County Council dated 6<sup>th</sup> Nov 1953 Mr Denton clearly states his primary intention as to donating all the land. Excerpt of original letter as follows:

I am inclined to feel that it might make a much more attractive recreational ground if the whole area were available. Unfortunately I cannot afford to donate the land it is proposed to subdivide into Sections 2, 3, 4, 5, 6, 7, 8 and 9 in addition to the area marked one, as it could, under certain circumstances, entail some hardship to my dependents. If

- e) In this case of Denton Park we find that the intention of the Promisor Stanley Denton was to transfer the land as a Gift, and although a consideration was paid, it would be extremely hard, if not futile, to try and establish the consideration in this particular case, as a consideration of sale.  
The court's foremost inquiry should be into the objectively manifested intention of the Promisor, *however that intention is substantiated*.
- f) Ben Frampton is the direct grandson of Stanley Denton. Mr Frampton spoke to the open forum at the Upper Riccarton HHR Community Board meeting 24<sup>th</sup> Oct on the issue of his family's concern re: the Councils proposal and the process of consultation in regards to the Denton Park proposal.  
Mr Frampton stating the following that:
- All the land was essentially a gift and he explained the history of how it took place, as a gift where Stanley Denton was in this particular case exempt from any involved gift duties.
  - He was disappointed that the process was unfair, as the Kyle park voters were wrongfully excluded and not given the option of a resubmission. He stated, that he found the Council was at fault.
  - He supported his extended family's wishes, in that the public and the existing sports clubs would not lose their open space at Denton Park for rugby and cricket, as he and his mother believed this would be against Stanley Denton's wishes and his intention for the land.
- g) Mr Stanley Denton therefore in agreement with the Crown, had the word of the Crown per the memorandum to classify his gift of this land as a Recreation Reserve; that served the purpose of upholding the beneficial interest recorded on the memorandum itself quote *“as, and for the purposes of a Recreation Reserve.”* The Crown in accordance with the Gentleman's Agreement has always to date upheld and honoured this agreed upon beneficial interest of open recreational space for the well being of the Hornby Residents.

## Conclusion.

The Save Denton Park Group inc (SDPG) have constantly tried to approach and include the Council in the endeavour to clarify points of law and concern. Unfortunately, we have found the Council not helpful as many valid questions and concerns have been left unanswered and unaddressed. The SDPG is disappointed with the Councils engagement standards which we uphold have been sadly lacking any notable transparency.

The SDPG conclude that the Council has breached the code of conduct (refer to 2a in document) and disregarded their expected legal obligations of public engagement as a administrative body under the inter-relational respective Conservation and Reserves Acts of NZ.

The SDPG is under the understanding and would expect, that the Council has met their obligations as proprietor's on behalf of the public party involved, as per the Conservation Act 1987 (S.4): To give effect to the Treaty of Waitangi.

The SDPG also queries the current submission process (commenced on the 20th Jan) as to its validity and legitimacy in accordance with the process stated by the Reserves Act 1977 S.24A(b)

The SDPG conclude that published public non factual, unsubstantiated, incorrect and misleading information has been used in the official public consultation documents and process to date. The SDPG therefore advise that the Council now declare the Public Consultation Documents used in the process as void.

The SDPG conclude that relevant information is missing in the Council's submissions and engagement process, which should have been brought forward and made available to the public's attention.

The SDPG conclude the Council is in breach of the 1954 memorandum (contract) between Mr Stanley David Denton and the Crown.

The SDPG conclude that the process was unfair and in breach of the rights of all beneficiaries that submitted a vote for the preferred choice of Kyle Park.

The SDPG conclude that in light of the substantiated evidence, that the Council now retract their proposal to build the new South West leisure/recreation centre on Denton Park.

The SDPG conclude that in light of the substantiated evidence that the Council now withdraw their application to reclassify any part thereof Denton Park.

The SDPG has objected to the Council in the first instance. If the Council do not respond appropriately we understand that the Ombudsman will need to be engaged as to a formal enquiry. Failing this the issue may then involve a judicial hearing.

Kind regards,

Please provide your feedback (*please insert an additional page if more space is required*)

**Please fold with the reply paid portion on the outside, seal and return by 5pm, Monday 26 March 2018**

**Please note:** Your full name, address and telephone number are required because this information is important for transparency, and for Christchurch City Council's decision-making process. It also means we can update you on progress. Ideally we would like your email address too, if you have one, as this makes it easier for us to stay in touch with you throughout the engagement process.

Your submission, including your name and contact details, may be made available to the decision-making body, for example the Community Board, Committee and/or Council, to help them make an informed decision.

Submissions, with names but without contact details, are made available online once the Board, Committee or Council agenda goes live on the Council website.

If requested, Council is legally required to make all written and/or electronic submissions available to the public, including the name and contact details of the submitter, subject to the provisions of the Local Government Official Information and Meetings Act 1987.

If you believe there are compelling reasons why your contact details and/or submission should be kept confidential, please contact the Council's Engagement Manager on (03) 941 8999 or 0800 800 169 (Banks Peninsula residents).

THERE IS TOO MUCH TRAFFIC IN THIS AREA ALREADY.

A POOL COMPLEX AND SERVICE CENTRE DOES NOT NEED TO BE IN THE BUSY CENTRE. A BIT FURTHER OUT WOULD ALLOW BETTER ACCESS.

I believe it is crucial to retain green landscapes/parks which encourage community involvement for the stability of the district. Earthquake disruption and consequent repairs and alterations should not encroach on established reserves and reduce an already robust district to a concrete jungle.

We do not want Denton Park used for library/council office.....  
KYLE Park has sunken patches which have developed over the past couple of months (at Smart Rd end) and this will need money spent on it anyway to remediate it. Please listen to the wishes and concerns of the local community, and not think you can just ride over our opinions.....

I AM TOTALLY  
OPPOSED TO  
DENTON PARK  
BEING USED  
FOR COUNCIL  
ADMINISTRATION  
OFFICES.

Please provide your feedback (please insert an additional page if more space is required)

DENTON PARK SHOULD BE LEFT FOR SPORT SUCH AS  
CRICKET + RUGBY AS IT WAS GIFTED FOR. TRAFFIC PROBLEMS  
ARE ALREADY A NIGHTMARE + WILL GET WORSE IS THIS  
GETS THE GO AHEAD. GETTING INTO CHALMERS STREET  
IS ALREADY A HUGE ISSUE WITH HAVING TO WAIT AT  
THE TRAFFIC LIGHTS SOMETIMES 2 OR 3 FULL LIGHT  
CHANGES.

Please fold with the reply paid portion on the outside, seal and return by 5pm, Monday 26 March 2018

**Please note:** Your full name, address and telephone number are required because this information is important for transparency, and for Christchurch City Council's decision-making process. It also means we can update you on progress. Ideally we would like your email address too, if you have one, as this makes it easier for us to stay in touch with you throughout the engagement process.

Your submission, including your name and contact details, may be made available to the decision-making body, for example the Community Board, Committee and/or Council, to help them make an informed decision.

Submissions, with names but without contact details, are made available online once the Board, Committee or Council agenda goes live on the Council website.

I totally disagree to these changes for two main reasons. Firstly, traffic in Hornby around that area is diabolical and this would cause more issues. Secondly, this area needs to be kept green & sports fields should not be taken over. Parking is also a big issue around the area.

I see no reason to shift the library & centre to Denton Park, perhaps think outside the square and go upwards, it certainly won't block anyone's view. How could you make it better with the traffic at the moment around this area is shambolic to say the least.

Submission:	I don't support any changes to Denton Park as the Hub Hornby area has been completely swamped with traffic since the upgrades to the mall. There is absolutely no way that that small area would be able to handle any more it would be utter chaos. Putting the new facility through to Kyle park where it is just dead land and not a lot of anything going on would be best. Keeps unnecessary traffic out of the mall but close enough for people who have to use public transport with the tunnel that runs under the train tracks into Kyle park.

The traffic/light turning right to Hornby mall from main south rd is currently pretty congested already. By introducing a library & pool in Denton Park will further cause major traffic flow issues I can foresee. Even though we love to have a pool there, it's best to keep Mr Denton's last wishes.

The Cricket and Rugby clubs have made good use of the Park, and this is what it was gifted for. Parking at the Mall is difficult to find most of the time and library car parks (if any) could be used by desperate shoppers.

- The proposed use of Denton Park for a swimming pool & Library & Council Centre would be a negative outcome for Hornby Residents because
- ① It would cause/add to the major traffic problems (existing now)
  - ② The further loss of local green space is appalling for now and future generations.
  - ③ Major upheaval to Hornby lifestyle.

As a ratepayer I think that Denton Park, in its present form, must be saved for the purpose it was given as an outdoor recreational ground for the people of Hornby. It has not got enough area for parking around it and would be ~~dangerous~~ dangerous because of its proximity to the Main South Road to both pedestrians and traffic.

We oppose the reclassification.  
SPORTS clubs, groups will be disadvantaged.  
Parking and accessing the area for  
library and swimming will be dangerous  
especially for young families. This area  
should stay as the donor has gifted  
it for.

## **Proposed changes to Denton Park**

I attended the 20 February 2018 Meeting at Hornby Community Centre.

### **PEDESTRIAN TRAFFIC ROUTE**

I came as a pedestrian, & was transported into the area by public bus. (I should mention here – that I do have a driver's licence).

The day was cold and wet.

The traffic congestion was light (in comparison to a fine day).

I walked to the Community Centre from the Metro Bus stop corner.

I walked around the corner of Goulding Avenue to be across the street from where the 2.0 block model drawing suggested there would be a pathway/roadway.

On Goulding Avenue, the yellow marked parking bay was absent of any vehicle, and the Pak & Save Exit Door was firmly shut.

I am nimble for my age group, but I did not find the crossing of the street safe.

After waiting for a clear path to occur (no traffic on the left; nothing on the right – I managed to get a third away across before finding a car barreling at me from around the Metro corner – followed by a bus at a more sedate pace.

This meant I had to run to the kerb.

**This is not a safe place to cross.**

Nor is the corner where Pak & Save building edges the curve in Goulding Avenue.

I have tried crossing here several times – each on a summer's day – a distressing experience – no matter which direction was attempted.

**NO CHILDREN SHOULD BE ASKED TO MAKE  
CROSSING DECISIONS HERE.**

## OBSERVATIONS FROM A PEDESTRIAN

The only safe places to cross between the Metro bus station and McDonald's corner on Goulding Avenue is by using the traffic lights.

Part of the way to get to these is *difficult as a pedestrian*, as it means you have to make licenced driver decisions to get past the turning traffic in and out of Hornby Mall.

At the lights – step safely through the turning traffic going independently left onto Main South Road.

The narrow little path in this area (between the in/out Mall vehicle traffic into Hornby Mall)

- *from the street footpath puts pedestrians at risk from vehicles trying to manoeuvre around each other.*

There is no through safe Mall pathway here for a pedestrian.

## COMPLAINT

I have been walking the Hornby area (particularly Main South Road between Brynley Street & Parker Street) since 1970. My concern at the lack of information / existing pathways on the Council paperwork became reinforced as various things were raised in conversation at the Community Centre.

In particular, when people were being asked to make the first initial consultation decisions about the whereabouts of the proposed pool/library installation; they were misled about the current access available now to pedestrians and cyclists across Kyle Park, crossing from approximately the corner of Hei Hei Road & Waterloo Road.

In the initial blurb, & again in the current paperwork 'Proposed changes to Denton Park' the current foot/cycle traffic pattern from the four schools on Waterloo Road across Kyle Park (between the corner of Hei Hei Road and Carmen Road) is not even indicated.

**The RAILWAY UNDERPASS for foot traffic should have been marked on the drawings.**

**It is a matter of concern that** with the Education Department concentrating pupils into 4 schooling operations (where once there were only 2 entities), that the youthful useage will increase. Never assume that the youngsters will have parental supervision!!! The Primary school on the corner of Hei Hei Road now has a Pre school. Hornby High school (corner of Carmen & Waterloo) has absorbed the students of the Intermediate school with its closure.

The safe passage of pedestrians is not obvious on the Hornby Mall side of the Railway Underpass.

The responsibility of enforcing safe parking, walking, and making it safe for the mobility scooter users that are seen coming to/fro from the Hei Hei residential area across Kyle park is the Council's.

## REQUEST

Could we have the Council please address SAFETY issues while it makes up its mind, and plans the area's future.

Please start with the existing Car parking on Council Land. REVERSE PARK signs would make the life of those on foot or wheels a lot easier, *if vehicle drivers drove towards foot traffic*, rather than attempted backing manoeuvres in cramped conditions. Perhaps there should be a reminder of Council by laws on how to exit.

### MAIN SOUTH ROAD frontage to Denton Park

I do like to walk along this stretch of footpath frontage.

The Car Park is generally full.

I do see people picnicking on the grass in summer, and using the park benches – often just to sit in the sun.

During colder weather, it is not unusual to see travellers with flasks on the bonnet of their vehicle.

The Park has always been a stopping point for travellers.

The absence of the street map that was there at one point in time, has not stopped people making use of the toilet facilities in the park, and if it is trading hours – taking time out at nearby businesses.

## REQUEST

Please do Not Downgrade the facilities provided for the travelling public at Denton Park.

### Inter City Buses

I corrected a staff members thoughts on the parking of non metro buses at Denton Park.

The current published bus stop for passengers to alight from the buses arriving from the south is at the public bus stop outside Hornby Mall (across from Dress Mart)

Parking – using other business premises

I corrected a staff members thoughts on the parking of vehicles using other business parking spaces with reference to Denton Park.

There have been issues in the past (I referred to the former businesses that once occupied the Dress Mart site). Barriers and notices went up as one LARGE business tried to control unwanted parking from another LARGE business.

Currently:

You will note that other businesses in the general area like the Working Mens Club have specific signs alluding to parking.

**REQUEST**

Would the Council ensure there is sufficient safe parking, that adheres to the principals which the Council staff ensure that the general public must comply with.

The Council is joining together several businesses; therefore the parking space allowance - must cover all separate businesses.

In particular, please plan in some sheltered parking for those who need to park mobile scooters close to the building out of inclement weather conditions.

## FINANCE Balances

I have given the Council's predicament as to where to install facilities verses the cost of the remake / realignment / safety contingencies surrounding both sites mooted either side of the great main south railway line.

A staff member made the comment (likened to McLeans Mansion) That Hornby Mall had turned its back on Denton Park; thus to make it more user friendly will be a challenge.

If you take this into consideration, I believe that the Council should revisit Kyle Park, and think 'piles for Smarts pit'. The space is there for parking.

## REQUEST

Please have discussions with the Education Board on possible use of new Council facilities across the road, instead of the proposed *walk through a re-designed underpass and walkway, with a difficult 'keep safe' problem.*

The Education board would welcome both the pool and the library as a very supportive adjunct to their education facilities, (being Pre-school, Primary and High school including intermediate education.)

Preference is likely to be to keep the children on the northside of the railway, away from the commercial hub of Hornby Mall, on the southside.

NO, I DO NOT GENERALLY SUPPORT THE MANAGEMENT PLAN CHANGES

NO, I DO NOT GENERALLY SUPPORT THE PLAN to use the Denton Park site. I will support Library & Pools at Kyle Park.

Submission:	Local residents, by a substantial majority, want the status quo, ie leave Denton Park alone for the reasons they've made known. Disruption to sports clubs. It's time Councillors and CCC Management took on board what their residents want and not go through expensive consultations and then ignoring the results and proceeding regardless.

th respect, Mr Chairman & committee,

mishmanagement by the community board council in regard to the rapid development industrial and residential overcrowding the Hornby catchment is to the detriment current green space, sports grounds & play activity areas

excuse of Denton Park being "best choice" location for this project is shallow ill-conceived. Remediation of land is fairly an option, an example is "musgroves" development.

respectfully ask that you reconsider and offer a suggestion that the old service centre Main South Rd be considered as well as dining pool complex across the road at the Sockburn Pool site. These amenities are on

1. fully serviced bus route
2. car park space would exceed Denton P
3. congestion and pedestrian safety would be greatly reduced.
4. sports & social gatherings associated with Denton would continue, for the

anton Family bequest to the Hornby  
community.

5. The rate paying, voting members  
of our community would also appreciate  
you consider another option.

Yours faithfully

Jelly Cassey

I think this is great for the community.

I have concerns about parking, will there be enough?

As the sports fields are well used & the rugby club & cricket are there I think it should be left alone & the pool etc located nearer to the schools.  
Also as Denton gifted it his wishes for the park should be respected.

Myself and My children have used Denton Park sports facilities for many years and would hope this will continue with my grandchildren. Mr Stanley Denton gifted Denton Park for outdoor recreation and I strongly believe this should be respected above all else.
