Leave Denton Park the way it is. It is functioning just the way Stanley Denton wished.

Adding these facilities and extra car parking to the Eastern end of Kyle Park makes much more sense. Upgrading the pedestrian underpass and making a car parking facility to cater for peak time Mall users may also reduce some of the traffic chaos we're experiencing at present.

There is too much traffic in an around that intersection as it is. (Main South Rd, Goulding Ave, Chalmers St.)
Even though it is illegal that intersection has the second most people running red lights.
What is going to happen with more traffic
Leave Denton Park as it is and let the Sporting groups use it as they are doing now.

This park has played a huge part of Hornbys sporting achievements for a long time. It is well utilized by locals and communities further afield. It would be a disappointing to see this park disappear off Hornbys landscape and deny future generations the use that so many have enjoyed so far.

Please fold with the reply paid portion on the outside, seal and return by 5pm, Monday 26 March 2018

Please note: Your full name, address and telephone number are required because this information is important for transparency, and for Christchurch City Council's decision-making process. Kyle Park should be used - you haven't considered the traffic congestion Denton Park will cause!! The Traffic congestion in Hornby, generally is way unacceptable - Kyle park could be a great additional complex as the BMX park is already a great asset to the District!!!!!!

I feel that there is no need to change the use of Denton Park as there are better options eg Kyle Park even though work has to be done to make this work, but the work needs to be done anyway - so this would just be part of the plan - close to schools but not giving congestion to an already busy Hub/Hornby mall traffic. We need to encourage sport & will keep already established clubs in Denton Park Local to the users.

Altering the nature of the park's reserve classification means that the community's green space is permanently reduced, and without appropriate traffic infrastructure changes, an already-dangerous cycling route will become significantly more unsafe.

I oppose plans for Denton Park as it should be kept for sport & we are short enough of green relaxation spaces. Also the traffic around Hornby is dynamite at any time of the day & it can only get worse with the council ideas. As a resident of 50 years plus I have no confidence that the council will listen to public ^{opinion} ~~opinion~~ as to much is done behind closed doors.

The Council should not be wasting ratepayers money taking away the very few assets that ratepayers use & pay to be maintained. Green spaces are essential for sports & recreation for families etc not for unnecessary or non-urgent buildings. Why doesn't the council clear & use the land it owns at the Seaburn roundabout area on main south Rd.

The Denton Family gave this area for outdoor sports. This has to be respected. There are other options of land which are close and good alternative to build indoor sports, swimming, library and governance services with area for parking - ie, South Hornby Primary School a-a now closed.

I feel that there has been so much taken
from Hornby ie open spaces; safe roads;
school closures (and pending closures), that 'peeling'
away Denton Park is a step too far. Yes we
have competitive shopping dollars (Hornby Hub) and
other businesses that have come to Hornby,
but they in turn have come with their own interests in mind
and not our community.

First of All Denton Park was gifted for outside Recreation.
The Pool would be better held at another Park in Hornby Not Denton
The library does not need to move. It could quite easily extend
on the grassed Area beside it Now. All so has Parking.
Traffic into Chalmers St. is diabolical. Now let along getting extra entrance
into Park. And were will that. B.e.g. The Rugby Club will be landlocked
Cricket will lose part of the Pitch. Government services could quite easily be included
on with the library. Council think Hornby is the entrance to ch/ch
We don't NEED A CONCRETE JUNGLE. IT SUPPOSED TO BE A GARDEN CITY

The worst decision the council could make for the area.
The nicest green area we have in central Hornby,
and idiots want to do away with it.

watching the sport.

Please note: Your full name, address and telephone number are required because this information is important for transparency, and for Christchurch City Council's decision-making process. It also means we can update you on progress. Ideally we would like your email address too, if you have one, as this makes it easier for us to stay in touch with you throughout the engagement process.

Your submission, including your name and contact details, may be made available to the decision-making body, for example the Community Board, Committee and/or Council, to help them make an informed decision.

Submissions, with names but without contact details, are made available online once the Board, Committee or Council agenda goes live on the Council website.

If requested, Council is legally required to make all written and/or electronic submissions available to the public, including the name and contact details of the submitter, subject to the provisions of the Local Government Official Information and Meetings Act 1987.

If you believe there are compelling reasons why your contact details and/or submission should be kept confidential, please contact the Council's Engagement Manager on (03) 941 8999 or 0800 800 169 (Banks Peninsula residents).
