

Appendix A: Developments Authorised under the Comprehensive Stormwater Network Discharge Consent (CRC231955) in 2023

Consent Number	Site Address	Suburb	Consent Start Date	Consent Type	Stormwater Catchment Area	Notes	Device on Site	Device Descriptor	Device Category	Discharge Rate	Storage Device
19429	55 Effingham Street	North New Brighton	27/09/2023	Construction & Operation	Estuary and Coast / Ihutai	Extension house, no attenuation and treatment required.	No				
18099	109 Salisbury Street	Central City	17/05/2023	Construction & Operation	Avon / Otakaro	Industrial site discharging roof and handstanding to the CCC network. No treatment and No attenuation required.	No				
18802	50 Quaifes Road	Halswell	29/03/2023	Construction & Operation	Halswell/ Huritini	Multi- unit residential – overall impervious area meets the small site sites guide requirements. Meets small site threshold, no attenuation or treatment required.	No				
19238	47 Flockton Street	St Albans	28/07/2023	Construction & Operation	Avon / Otakaro	Multi- unit residential – overall impervious area meets the small site sites guide requirements. Meets small site threshold, no attenuation or treatment required.	No				
18773	40 Hinau Street	Riccarton	14/03/2023	Construction & Operation	Avon / Ōtākaro	Replacement of a Garage. Almost like for like replacement. Meets small site threshold, no attenuation or treatment required.	No				
19216	131 Mays Road	Papanui	21/07/2023	Construction & Operation	Avon / Otakaro	Meets small site threshold, no attenuation or treatment required.	No				
19485	320 Shands Road	Hornby	13/10/2023	Construction & Operation	Halswell/ Huritini	Industrial site discharging roof and handstanding to ground via a soakpit. Treatment prior to discharge to ground. Mania Sundvision.	Yes	Soak Pit 7998 SW 320 Shands Road, Hornby, Christchurch	Attenuation - Water Quantity	22.5x7x3m	22.5x7x3m
19548	39 Horner Street	Papanui	8/11/2023	Construction & Operation	Avon / Otakaro	Multi- unit residential – overall impervious area meets the small site sites guide requirements. Meets small site threshold, no attenuation or treatment required.	No				
19485	320 Shands Road	Hornby	13/10/2023	Construction & Operation	Halswell/ Huritini	construction of sheds and office, stormwater from roof discharge into soakpit on site, stormwater from hardstand discharge to the existing swale, then into retention basin.	Yes	Soak Pit 7998 SW 320 Shands Road, Hornby, Christchurch	Attenuation - Water Quantity	None	None
17824	12 Whareora Terrace	Cashmere	16/01/2023	Construction & Operation	Heathcote / Opawaho	New/Replacement dwelling on a hill site. Almost like for like replacement. no attenuation or treatment required.	No				
19671	36 Alport Place	Woolston	11/12/2023	Construction & Operation	Heathcote / Opawaho	Small addition on a flat site. Meets small site threshold, no attenuation or treatment required.	No				
18813	8A Thurso Place	New Brighton	31/03/2023	Construction & Operation	Avon / Otakaro	New garage shed - Discharge through Soakpit.	No				
19690	9 Cuffs Road	Wainoni	15/12/2023	Construction & Operation	Avon / Ōtākaro	15 units, stormwater attenuation not required. Atlan Hydrosystem provided for 3395m2 hardstand area.	Yes	SPEL Hydrosystem 5297 SW 9 Cuffs Road, Wainoni, Christchurch	Treatment - Water Quality	4.72 l/sec	None
19218	85 Aldwins Road	Linwood	25/07/2023	Construction & Operation	Heathcote	School site - roof stormwater attenuated. No treatment required.	Yes	Storage 2803 SW 85 Aldwins Road, Linwood, Christchurch	Attenuation - Water Quantity	2x10m3 tan	2x10m3 tan
19073	32 Matipo Street	Riccarton	5/06/2023	Construction & Operation	Avon	Roof - Area treated (m2) = 324 - 324 m2 of roof area discharging into a tank. The tank has a 15-20 mm outlet.	Yes	Storage 5057 SW 32 Matipo Street, Riccarton, Christchurch	Attenuation - Water Quantity	None	Yes
19047	125 Heaton Street	Merivale	30/05/2023	Construction & Operation	Avon / Otakaro	Education site. New school block. on a flat site, Almost like for like replacement. no attenuation or treatment required.	Yes	Storage 7880 SW 125 Heaton Street, Merivale, Christchurch	Attenuation - Water Quantity	30m3 tank	30m3 tank
19444	7 Somerfield Street	Somerfield	2/10/2023	Construction & Operation	Heathcote / Opawaho	Multi- unit residential – overall impervious area meets the sites guide requirements, no attenuation or treatment required.	No				
19149	35 Hawkins Road	Marshland	4/07/2023	Construction & Operation	Styx / Pūharakekenui	Multi- unit residential – attenuation and treatment provided. At current stage, the temporary detention basin and temporary SW360 Stormfilter provided. Once the Oakbridge North SMA is operational, the treatment device will become redundant and be removed.	Yes	Other 9395 SW 35 Hawkins Road, Marshland, Christchurch	Attenuation - Water Quantity	None	Min 611 m3
19197	185 Kirk Road	Templeton	18/07/2023	Construction & Operation	Halswell	Erection of shed with office area, attenuation provided, no treatment required.	Yes	Soak Pit 5421 SW 185 Kirk Road, Templeton, Christchurch	Attenuation - Water Quantity	None	None
18742	14 Oakland Street	Papanui	7/03/2023	Construction & Operation	Styx / Pūharakekenui	Multi- unit residential – overall impervious area meets the small site sites guide requirements. Meets small site threshold, no attenuation or treatment required.	No				
19218	85 Aldwins Road	Linwood	25/07/2023	Construction & Operation	Heathcote	Hardstand - Area treated (m2) = Unknown - Stormwater360 Stormfilter used for treating stormwater from the carpark prior to discharge into Bells Creek	Yes	Storage 2803 SW 85 Aldwins Road, Linwood, Christchurch	Attenuation - Water Quantity	2x10m3 tan	2x10m3 tan
19197	185 Kirk Road	Templeton	18/07/2023	Construction & Operation	Halswell	New greenhouse Proposed area 823m ² Total area 664205m ² Easement indicated – wastewater Sediment management plan – sufficient 5x soakpits – no calcs located Soil report indicates refusal @ 400 and 800mm – silts only encountered indicated No ground water encountered Soakpit 1.0m dia drilled to freedraining gravels @ approx. 5.0m depth LLUR not available – soil sampling report from 2016 on file – no levels above acceptable levels for commercial sites.	Yes	Soak Pit 5421 SW 185 Kirk Road, Templeton, Christchurch	Attenuation - Water Quantity	None	None
19366	29 Hoon Hay Road	Hoon Hay	11/09/2023	Construction & Operation	Heathcote / Opawaho	New detached double garage, no attenuation and treatment required.	No				
19368	23 Exeter Street	Lytelton	11/09/2023	Construction & Operation		New dwelling on a hill site with no existing attenuation system, 9m3 tank required.	Yes	Storage 9589 SW 23 Exeter Street, Lyttelton, Banks Peninsula	Attenuation - Water Quantity	9m3 tank	9m3 tank
19384	366 Pages Road	Aranui	15/09/2023	Construction & Operation	Avon / Otakaro	Small addition on a flat site. Meets small site threshold, no attenuation or treatment required.	No				
19326	35 Islington Avenue	Islington	25/08/2023	Excluded	Halswell/ Huritini	Industrial site discharging roof and handstanding to ground via a soakpit. Treatment prior to discharge to ground.	Yes	Soak Pit 9554 SW 35 Islington Avenue, Islington, Christchurch	Attenuation - Water Quantity	Soakpit 1	20x2.4
18584	270 Major Hornbrook Road	Mt Pleasant	18/01/2023	Construction & Operation	Heathcote / Opawaho	New/Replacement dwelling on a hill site. Almost like for like replacement. no attenuation or treatment required.	No				
18925	44 MacKenzie Avenue	Woolston	17/05/2023	Construction & Operation	Heathcote / Opawaho	Multi- unit residential – overall impervious area meets the small site sites guide requirements. Meets small site threshold, no attenuation or treatment required.	No				
19192	14 Ross Terrace	Lytelton	17/07/2023	Construction & Operation		Existing dwelling. Stormwater improvements.	No				
18978	34 Corson Avenue	Beckenham	23/05/2023	Construction & Operation	Heathcote / Opawaho	Meets small site threshold, no attenuation or treatment required.	No				
19017	374A Pine Avenue	South New Brighton	29/05/2023	Construction & Operation	Estuary and Coast / Ihutai	Small addition on a flat site. Meets small site threshold, no attenuation or treatment required.	No				
19383	5 Sunrise Lane	Scarborough	15/09/2023	Construction & Operation	Coastal	Building Act exemption - a single sleepout at hill site	No				
18650	132 Tancred Street	North Linwood	29/01/2023	Construction & Operation	Avon / Ōtākaro	Multi- unit residential – first flush treatment provided and no attenuation required.	Yes	SW360 Stormfilter 8945 SW 132 Tancred Street, North Linwood, Christchurch	Treatment - Water Quality	None	None
19290	42 Leitch Street	Somerfield	15/08/2023	Construction & Operation	Heathcote / Opawaho	New artists studio, no attenuation and treatment required.	No				

18833	59 Bowenvale Avenue	Cashmere	14/04/2023	Construction & Operation	Heathcote / Opawaho	Stormwater from each roof/dwelling and as much of the hardstanding as possible shall be attenuated using a 5 m3 tank. Discharge from each tank shall be via a 15-20 mm outlet and the tank shall have a 80-100 mm overflow pipe. Stormwater shall discharge in accordance with the approved engineering plans for BCN/2022/6587.	Yes	Storage 8405 SW 59 Bowenvale Avenue, Cashmere, Christchurch	Attenuation - Water Quantity	5m3 tank	None
18956	28 Deloraine Street	Spreydon	22/05/2023	Construction & Operation	Heathcote / Opawaho	Multi- unit residential - overall impervious area meets the small site sites guide requirements. Meets small site threshold, no attenuation or treatment required.	No				
18670	101 Simeon Street	Spreydon	20/02/2023	Construction & Operation	Heathcote / Opawaho	Multi- unit residential - overall impervious area meets the small site sites guide requirements. Meets small site threshold, no attenuation or treatment required.	No				
19317	716 Harewood Road	Harewood	23/08/2023	Construction & Operation	Styx / Puharakekenui	New dwellings at flat site, stormwaer discharge into 3*soakpit.	Yes	Soak Pit 9546 SW 716 Harewood Road, Harewood, Christchurch	Attenuation - Water Quantity	None	None
19267	63 St Andrews Hill Road	St Andrews Hill	10/08/2023	Construction & Operation	Estuary and Coast / Ihutai	Swimming pool installation, no attenuation and treatment required.	No
