I work at the hospital and if I get a chance in my busy day, I walk to The Arts Centre and back. Tourists everywhere. It's free to visit and a major attraction for the city. The CCC should fund it. Locals love it too of course. The Arts Centre is the heart of Christchurch. Like our Museum, it's been here 'forever'. So many memories. A great venue for events and meetings. Tourists flock. A star at every angle for photos. It's home.

I am writing to express my strong support for the funding of the Christchurch local arts centre. I believe that investing in the arts is essential for fostering creativity, promoting cultural diversity, and enhancing the quality of life for all residents. The arts centre plays a crucial role in our community by providing a space for artists of all backgrounds to showcase their talents, collaborate with one another, and engage with the public through exhibitions, performances, workshops, and educational programs. These activities not only enrich our cultural landscape but also contribute to the economic vitality of our city by attracting visitors, stimulating local businesses, and generating revenue.

Furthermore, the arts centre serves as a hub for social interaction and community engagement, bringing people together from diverse backgrounds to share experiences, exchange ideas, and build meaningful connections. By supporting the arts centre, the Christchurch city council can demonstrate its commitment to fostering a thriving and inclusive community where everyone has the opportunity to participate in and benefit from the arts. In conclusion, I urge the Christchurch city council to allocate funding to support the continued operation and expansion of the local arts centre. By investing in the arts, we are investing in the future of our community and ensuring that it remains a vibrant and culturally rich place to live, work, and visit. Thank you for considering this important petition.

The arts centre has been a part of my life since I was born in 1998 in the port hills. The events, activities and art engaged me over the past 25 years and made me feel like I belonged in the community. If you take away the funding for this I hope it's for very good reason because this arts centre is a necessity to our community as much as Turanga and the city libraries.

It's the most iconic precinct in Christchurch from an arts and also from an architectural standpoint. It is crucial for generations to come. Only last week my brother and I were talking about how fondly we remember the hanging sculpture: 'Echo' by Neil Dawson in the quad from our very early years. And how pleased we are to see it restored. This type of appreciation for architecture and artistic expression has shaped our identity and careers and everything should be done to preserve the arts centre experience for generations to come.

The council is helping fund two brand new stunning stadiums. These are used for people to show their talents and for others to come and watch and engage with like minded people. It's a huge community aspect and will be such a great addition to our city. The Arts Centre is ALSO a place where like-minded people gather to explore their passions. Art and sport (concerts etc) go hand in hand with artists displaying their art. The Arts Centre is such a beautiful historical place in Christchurch. The Art Centre still serves function after the earthquakes. One of the main reasons people want to restore the Cathedral is because of its beauty and history. In terms of tourists and keeping history in a more affordable matter, it's essential to keep finding the Center which is already functional. The markets, shops and cafes are a highlight for many visitors and residents especially as it's so close to the Botanical Gardens. It's large size is also very attractive as you can spend so much time getting submerged there. My friend and I were eating at a cafe there recently and she commented how, on an overcast day especially, the Art Center as a whole is like a wee slice of uk country living. It's beautiful, functional, historical, and a huge addition to Christchurch so it's super important to continue funding!! Especially without the use of the museum at its long-standing location. Thank you for your time :)

The Art centre has been the heart of Christchurch for as long as I can remember. It is a place where community events occur and where people gather. The funding it receives enables the community to use and explore its wonderful spaces, and without this its soul will disappear. The art centre needs ongoing funding to keep it as a place that can be accessed by locals, where music and art can take place. This must be prioritised.

The art centre is an important part of Christchurch's history, I wanna show my future children the fantastic architecture of this city rather than 30k signs, inconvenient speed bumps and empty cycle lanes. There's already been an influx of cookie-cutter buildings been blotched into Christchurch's landscape. Our society needs creativity and individualism. A city without art is dull and depressing. (it'd be nice for the CCC to do something that's not incompetent for once)

I was born in Christchurch - my family have been there for generations (first four ships) and are still there. The arts center is possibly the most important place in Christchurch for me. I started my musical life having viola lessons and orchestra there, I used to go to the market, bars, court theatre and dux de Lux all the time my whole life. I have attended exhibitions and performances and have rehearsed and performed myself there numerous times including my first public opera performance ever. I have had a 40 year international music career as a proud representative of Christchurch and I got a lot from the arts center. The idea of not supporting and growing it as one of the best things about Christchurch would be a betrayal of history and a huge loss. Please support this absolutely vital and wonderful place and the work they do running it so well. Thank you

The Arts Centre in Christchurch must be funded by the rate payers as it is essentially one of the main personalities, like the Square and the Cathedral, of Christchurch. Personally I have attended several workshops in the Arts Centre, I am a regular at Lumiere Theatre and the Art Gallery, as well as the cafe and the Great Hall. A fitting memorial for the WWs. I always bring visitors into the Arts Centre and see many tourists every time enjoying the vibe. More broadly speaking the Arts Centre is historically significant. The Neo Gothic Architecture worthy of always being on display. Please fund

Because the arts reflect the city and its people through such varied mediums that everyone can enjoy. Arts are ever evolving and help create awareness on various social issues and impacts past and present. Arts should be accessible to all people to enjoy and the arts centre needs adequate funding to continue telling Christchurch's rich history and beyond

The arts Centre is such an integral part of Christchurchs central hub.. Especially with the cathedral damaged and closed. The arts Centre brings people together and brings them into the city, from there we adventure further out to the gardens and the art gallery and eventually the museum when it reopens. It signals Christchurchs identity.. Culture, heritage and creativity. It needs to stay.

The Arts Centre is part of the fabric of Christchurch. It is a beacon for activities on the weekend and a wonderful spot to shop, browse and relax. 40 years ago, I worked at the Court Theatre and evenings were spent at the dux de Lux - I wish we could go back to those days.

As a young city (globally speaking), we have precious little in the way of heritage, and what we do have should be protected. The Arts Centre is one of these few places. It is a refuge from the commercial bustle of the CBD, a place whose beauty evokes a smile in all who cross its threshold. It is a place of learning and of joy. Please, ensure its future for generations to come

The Arts Centre is an important feature of central Christchurch! It benefits everybody to have a vibrant central city centre for art and culture. It generates a lot of tourist interest and is key to our history, both pre and post-European settlement. It is more key to Chch than the stadium that has cost and will continue to cost Chch rate payers a lot of money! To not support the Art Centre is short sighted - please think longer term and keep this support in place.
Sincerely, Naomi Harmer.

As someone from outside the region, it was one of the first places I headed to when I was down with my wife for our anniversary. It's the jewel in the crown and should be something to cherish. Artists need places to showcase and create. When like-minded individuals gather, the process of creativity increases. Don't be short-sighted. Keep the funding going and help promote the arts and culture of your region.

The Arts Centre is a special place and a massive part of the Arts in Christchurch. The work that has been done to restore and have it back and reused by Artists of Christchurch is wonderful. I was there recently involved in the Off Centre festival and the hive of activity even when we were rehearsing and the festival wasn't on was wonderful. Clearly the people of Christchurch love the Arts Centre and what it does for the community. I have spent a large part of my performing life in and around the Arts Centre and it would be an absolute travesty if it was to lose funding and go under. The team running the Arts Centre do a fantastic job. At Off Centre as a group of local artists we felt very looked after. The Arts will always be central to the heart of Christchurch and the Arts Centre is central to that so please continue to support the Arts Centre the City of Christchurch needs it.

The arts centre is a unique heritage site, in a city that has lost so much, this is important to fund. The location fosters creativity and community, and showcases local talent, many hundreds of local people enjoy the events held here throughout the year. The Arts Centre is an important location for tourists to visit, and in turn helps generate economic return for Christchurch. Much of Christchurch's recent planning is soulless and produces lacklustre, poorly functioning buildings, with businesses barely surviving in them, with far too many To Let signs. Please value the special character of the Arts Centre, an adaptable building that references Christchurch's past, and serves the community in so many ways, enriching Christchurch, its many visitors, and its citizens.

As a tenant of The Arts Centre, I and my 28 employees are fully in support of the Arts Centre Trust Board and the current management in their request for City Council Funding. The programme of arts activity managed year-round is interesting and diverse and draws in people from around the world, and considered by many to be one of the best things about living in Christchurch. If the council forces the current trust board to resign, it will result in a monumental mess that will be far more expensive for the public in just the lawyers fees than the modest amount of funding being requested. For the centre to be managed any differently requires a change in the law! We are committed to our special place here and do our job by bringing people into the centre and by paying our (full, commercial) rent. We urge the Councillors to consider how popular the festivals, concerts, exhibitions and all of the other activity in the arts centre with the public, and to conclude that it is a modest funding proposal considering the astronomical public cost of letting the Arts Centre Trust fail.

This is an utter travesty - it definitely fits the phrase of folks who know the price of everything and the value of nothing. You cannot manage to offer the Arts Centre \$1.8 million dollars in operational funding but magically find \$650 million for an effing stadium . The Arts Centre as am sure you know is the largest collection of heritage buildings on New Zealand and they don't nor can they build them like that today...it is a critical hub to the City acting as a great anchor & gathering place situated near the Art Gallery, Botanical Gardens and the Terrace & Riverside market. If I was one of the Christchurch rich listers I'd get my cheque book out ASAP....do the right thing Council.

I am 48 years old and The Art Centre is and has been one of my most special venues in Christchurch for decades! We always bring visitors to the city to the Arts Centre as part of our 'showing off our city' tour. I frequent the Art Centre most weeks, whether it's just to wander and marvel at the architecture, grab a coffee or purchase at Frances Nation, dine at Cellar Door. We always suggest to customers to visit the Art Centre when they ask what to do in our city. The Arts Centre is iconic and I believe the heart of our city. Its buildings are stunning and its collection of businesses are unique and special.

The Arts Centre is an iconic precinct and one of the most important heritage buildings in Christchurch. Christchurch City Council should continue to fund the Arts Centre in recognition of its importance to our city. It doesn't sound like any savings would be made by withdrawing funding as the Trust would fold and the Council would have to pick up the insurance bill anyway.

There are so many reasons why the Arts Centre should be funded by CCC, but here are 3. 1/ Most of the historic built heritage of the city has been lost due to the earthquake process of rushed demolition. The Arts Centre is the historic architectural heart of the city. 2/ The Arts Centre precinct is the perfect counterbalance to the new stadium. Sport and big concerts one side of the city, balanced by Arts and Culture on the other side. Residents and visitors to Christchurch want both. 3/ The value the Arts Centre provides to the city is far beyond the cost of its upkeep. James Valentine

Where to start? We have the opportunity of creating a beautiful art city, and the Arts Centre provides the space needed for it. A public haven where you can watch a movie, do some shopping, get a glass of wine or attend one of the dozens of amazing events held at this place. Not even mentioning the heritage material and the fact is one of (if not the only one at the moment) heritage building that is open to the public for free on a daily basis. We've been coming regularly (at least once a week) since my daughter was born, and I have attended several events before and after this. From art based events to family friendly gigs, this place is a vital part of our Otautahi Community and my household requests the council to reassess their idea of not funding it. On my political opinion, we are all contributing for things that make our city more beautiful/liveable and make our community thrive, and cannot think of a better place than the Arts Centre to do this.

As both a current tenant, and a long time visitor to the Arts Centre (since before the quakes) I feel very connected to The Arts Centre, the creative energy it brings to Christchurch, and the passionate, dedicated and responsive team who run things behind (and in front of) the scenes here. I strongly feel the momentum the management, tenants and community surrounding The Arts Centre have gathered over these post-quake/post-pandemic years is astounding, and to pull the plug on baseline funding would be very counter-productive and even disastrous. I am confident in the efficiency, sincerity and quality of the team running the show and the trickle-down effects of lack of funding would undoubtedly result in a significant disruption. The loss of creative vibrancy that reaches all ages and stages, across all the Arts, will be felt acutely by the greater Christchurch community and other New Zealand-wide and international visitors alike. Please do the right thing and reinstate funding in support of this special treasure, The Arts Centre.

HISTORY TOURISM. The Art centre simply needs a Guide to take tour groups through to tell the history, all the while tourists can see the vendors who tenant the building. Why not broker some deals with tourism providers to turn a profit? To turn the back of the council on something with extreme potential would be very unfortunate. There are options, to pull funding isn't one of them though.

It seems like Christchurch is heading towards a city full of apartment buildings with nothing much else to do. The Art Centre with all of its activities gives the city a vibe, some culture and is a focal point for tourism too. Losing that along with losing live music venues due to noise will make Christchurch a pretty sterile place to live.

I've lived in cities like London and New York that I thrived economically by attracting and retaining creative people. Christchurch needs a thriving arts scene to be attractive to young people who will bring wealth, opportunities, ideas, and most importantly - character - to the city. Already, people are leaving Christchurch because of the lack of things for metropolitan people to do. Weekend evenings are quiet and insular in Christchurch compared to places like Auckland, Wellington, Melbourne, even Dunedin. It only makes economic and sociological sense for the Council to continue investing in arts funding. Do you really want Christchurch to have an aging, stagnant population instead of a diverse, vibrant, and innovative one?

Christchurch City Council in a city that has lost so much of its heritage and identity The Christchurch Arts Centre Te Matatiki Toi Ora stands as a beacon for so many. It is the heart of our cultural and educational history, the heart of our cultural diversity and accessibility, the heart of our cultural and artistic future. It is 'OUR' VIBRANT HEART. A heart that is beating due to the careful and caring stewardship of the dedicated team who do so much to keep it healthy. So much more could be said but it is not necessary. It simply boils down to the Council's responsibility to its constituents. Save the Arts Centre. In fact perhaps consider increasing its funding base! That loss would not only be an unfortunate legacy of your tenure but a great tragedy for future generations! Do better.

Without the arts and culture, a city I'd a very sterile and boring place to live. It decreases the draw for tourism and ultimately encourages young people to move away to somewhere they find more engaging. Christchurch NEEDS to protect its arts and culture scene. The earthquake has had an impact on it that continues to be felt, and the erasure of yet another arts institution is another step further away from what the city both deserves and needs to be.

I've attended so many wonderful events at the arts centre over the years. Had the pleasure of working there briefly, and taken my children to a number of workshops and events. It's an integral part of the creativity community in Christchurch and is to be treasured and supported. Any cut to funding is short sighted and will be devastating for all who appreciate history, art, culture and community.

As well as being a beautiful and historic building, the Arts Centre is an icon of Christchurch. It would be very sad if the businesses had to close and the building sat empty.

Without this funding our Arts Centre will slip off our radar and be "less than". We daily see the people hovering taking in the spectacle and it's only just starting to age and give credence to our history. The cathedral to be is not who we are. The arts centre is central to my version of home.

The Arts Centre is a treasure for Christchurch City. I am nostalgic about visiting the various small studios over the past 35 years. We have saved the buildings following the earthquakes, but do not want to now lose the heart and soul of what makes this place interesting and special for locals, and for visitors to our city. Fund the Arts Centre, this is more important to me than a stadium. It represents the cultural and historical heritage of our city.

The Arts Centre is one of the few older series of heritage buildings that add character to Christchurch Central. It's a special urban space that sparks the imagination and fuels discovery and learning. I believe all spaces within The Arts Centre should be made accessible to the public to ensure the majority of our citizens can enjoy it. Stopping funding means it will need to be made private or into retail which is non accessible to people with little income. This would be very sad. Please support public access to heritage buildings in our city and provide funding to The Arts Centre.

It's a place for community, markets, arts and history. My children go to activities here during the week , we wander the beautiful buildings on weekends and eat from the food trucks in the evenings. It makes zero sense not to continue to fund this part of Christchurch. What value was in restoring it ?? I'm so confused as to why you would No longer fund it .. its literally a Christchurch institution, Part of the historical and culture fibre of our city. There is tourism value, historical value, cultural and artistic value to our city, the city you govern..

I attended music lessons 50 years ago at the arts centre .. and although I no longer play instruments the feeling of being in such an awesome learning space has never left me. I continue to support arts and music in Aotearoa. There was ballet, chch school of instrumental music, orchestra and creative space for artists.. and who could forget Rutherfords den and the great hall .. majestic. To a small child the smell of wisdom and creative energy was incredible

The Arts Centre is more than just an outlet for artists and performers, its a place of togetherness. Its a place for people to feel connected, unique, whole. The Arts Centre is a childs first field trip, its the second date you were dying for, its memories with friends and loved ones. How can we let these moments be stolen from our future? After everything we've been through, the suffering and love, anger and kindness... How can we let our place of community die? The Arts Centre is hope.

Currently the Arts Centre is required by a Parliamentary Act to support the arts for the people of Christchurch. It has consistently provided a dynamic programme of community activities from market stalls through to operatic productions all year round for both residents of Canterbury and visitors. These activities are often funded by external agencies which the City Council isn't able to apply for so all of those programmes will cease to operate. Instead, we will be left with a heritage building that echoes its emptiness. If the Board folds and the Council assumes responsibility to run it, it will surely cost the rate payer far more than the requested subsidy. In my opinion, CCC should fund the Arts Centre.

The Arts Centre is one of my favourite Christchurch destinations. It attracts both local and international visitors, and without it, Christchurch would lose one of its major tourist drawcards.. I remember the bustling markets and artisan shops before the earthquakes, and all the effort and money spent on post quake restoration and repair.. I am concerned that we may lose some of our shops, cafes and galleries if they have to supplement any lost council funding through their own resources. Without the people, these buildings have no life, and I think it will negatively affect tourism numbers. The buildings need the people, and the people need the buildings.

I saw the note from Cellar Door on their Facebook about possible funding cuts resulting in the Arts Centre not being financially sustainable. I'm sure I'm not alone in feeling the Arts Centre is a special place for Christchurch people. I absolutely love a visit to the Arts Centre - it's one of my favourite places. Frances Nation, Cellar Door, the cinema, the Central Gallery, Bunsen, Custard Square book shop, Teece Museum, the perfumery and The Observatory Hotel - they would be a massive loss to the city.

With its historic buildings that have stood since the early 1900s, the Arts Centre holds huge value in preserving our city's history and culture. By continuing to invest in the restoration of these iconic structures, we can attract more tourists to Christchurch, who will be drawn to explore this unique and vibrant hub of creativity. Funding for the Arts Centre will not only support tourism but also ensure the preservation of our cultural heritage.

I can't believe that the funding is being cut from such as important cultural institutions. Is the new government mean to raise people ignorant to art and non-creative dumb people ? This it horrendous. Council needs to support these institutions to have open minded and creative people to provide space for people to to gather and discuss to enrich they day to day life's with items which can wake up their mind and let them think freely outside the box.

The Arts Centre is a core part of what makes Christchurch City the vibrant, amazing, lovely city that it is. The beautiful buildings are a wonderful link to the city's past, a place to take our children to, and so many precious memories are linked to the wonderful buildings. To visit the Arts Centre as a child knowing this was the university Ernest Rutherford studied at, to see the desks with 100 year old graffiti carved into the wood, to sit in the quads and listen to music... all these are core memories of mine growing up, and it would be a tragedy for next generation's children to miss out. Ōtautahi has so few historic buildings to enjoy, and to have such an iconic Arts Centre that is both a beautiful historic landmark, and at the same time filled with new and vibrant artists and creative experiences is irreplaceable and should not be lost.

An iconic and vital part of Christchurch's heritage. This should have been completed years ago including DuxDe Lux. This should have been funded ahead of the white elephant stadium project.

The Arts Centre is as much a vital part of the City as the Square and the Cathedral are. Or were -- we have largely lost them. My wife and I have always loved the Arts Centre and go there often. We eat (Bunsen, Frances Nation, Cellar Door), we visit the Central and Pūmanawa, sometimes The Physics Room. We love the peacefulness, the architecture, the history. And we know we're not alone. Plenty of Chch residents love it too, but even more, the tourists! It's a destination, and we don't have that many. Please find a way to provide funding for the Art Centre!

A healthy society requires the arts to bridge connection within the community. Without spaces like this individuals missed out on engaging not just with spaces but innovators. As a newly minted resident from Australia - I have found the arts centre as a means for me to engage and understand Christchurch's identity. It is far more meaningful and engaging compared to a sport stadium or a shopping centre. It would be a great loss to Christchurch to risk losing this space when considering that this is a city that has experienced so much loss. This is a centrepiece and needs love and care.

I can think of many reasons Its a place that is iconic to Otautahi, Christchurch. Thankfully it has mostly been restored and is a place for the arts and artists of all sorts. In the past it was such a happening place and as the new city has been emerging the Arts Centre it should be very much a part of the our future too. It is worth funding too keep it working. I would choose the Art Centre over rebuilding the old cathedral any day.

The Arts Centre funding is ESSENTIAL to a Christchurch that is thriving. Not only does it meet the creative and connecting needs of our community but it also provides social health needs for our people. It's a place to explore, communicate and gather, to feel a sense of belonging to history and a story that encompasses our place we call home. For any modern city to cut its funding for their necessary and important centre for culture and arts is a big mistake.

I think that the council should fund the Art Center and support its continued existence. It is an iconic part of the inner city fabric and when we have lost so much it would be dreadful to lose another cultural icon. Not only that many people use the art center and in many ways. We need to maintain places and activities for Canterbury people that are not just about sports. Finally an empty boarded up Art center would make a most unattractive eyesore in the center of the city and to lose it to developers would be a disgrace. This city council should reconsider its decision to not fund the art centre in my opinion.

Dear Council Members, I am writing to express my complete support for the continued funding of the Arts Center. As a shareholder of Lumiere Cinemas, a principal tenant within the Arts Center, I have firsthand experience of the exceptional management and operations conducted by Philip and his team. Their professionalism and commercial acumen have been evident in our lease negotiations, ensuring fair market rent while also providing support during challenging times, such as the COVID-19 pandemic. The success of the Arts Center extends beyond mere space rental; it fosters a vibrant community of tenants and arts organizations, each with unique and ongoing needs. The management's efforts in nurturing this community have been instrumental in attracting public engagement, which is crucial for the city's vitality. Given the inherent characteristics of the buildings, such as their age and design, it is unrealistic to expect the Arts Center to be self-sustaining solely through rental income. The current management has adeptly maximized revenue opportunities, a testament to their effective stewardship. Furthermore, the Arts Center is more than a commercial entity; it is the cultural heartbeat of Christchurch. Its unique role in our community cannot be understated, and any changes to its operation risk undermining the progress achieved thus far. The Arts Center operates as a charity, allowing it to benefit from grants and funding sources unavailable to the Council. Should the Council assume direct operation, it would inevitably incur higher costs compared to the current model of funding the Arts Center as requested. The citizens of Christchurch expect and deserve the continuation of support for the arts. Any regression would not only be financially detrimental to the Council but also to the surrounding businesses and the cultural fabric of our city. For these compelling reasons, I wholeheartedly endorse the Arts Center's request for funding. This support could be realized through grants and the remission of rates and insurance within the Council's portfolio. Thank you for considering this appeal. Warm regards, Sebastian Stapleton Lumiere Cinemas

The Arts Centre is such an important part of Christchurch history and future. My husband has recently been in hospital and I wandered round there many times in the last couple of weeks and the amount of tourists and locals blew me away. There were so many people taking photos of our beautiful buildings. This whole place needs to be funded - all the activities that are put on regularly would be such a shame for them to be discontinued especially for kids future.

Over the years we have relied on the Arts Centre from courses and entertainment for our children and grandchildren to being a place to go to for that special gift that's a wee bit different, from somewhere to take our out-of-town and foreign visitors to just calling in there ourselves for a coffee, food, an ice-cream, from taking the chance to make our own jewellery to watching artisans at work, just to soak up the unique atmosphere there. We now live out of Chch, but visit often and would be terribly disappointed if it was no longer able to be on our visiting list.

The Art Centre is an important heritage site for locals and tourists. It's so important for the progression, encouragement, education and expansion of the amazing, talented artist in Christchurch. My sons Caleb and Ethan Waines are young musicians and played in the Great Hall this year. It would be a shame to lose this beautiful hall and take away opportunities to showcase talents in music and art in this special heritage centre.

The Arts Centre is the heart of Christchurch. It draws tourists, local residents and visitors to the many events, facilities, venues and retail shops in its precinct. It is always peaceful but alive echoing the past but very contemporary and stylish in its current presentation. The Arts Centre is a fabulous environment which the whole of Christchurch could emulate. Accessible, welcoming and with opportunities for everyone. Our city would be the poorer without it and the vibrant energy which it generates. The creative activities for the community - hospitality, movie theatres, performance spaces, art gallery historic and educational opportunities are second to none. Our Arts Centre is unique and we as a city need to value it.

The Arts Centre is an integral part of Christchurch and supports so many local businesses. It's also a centre for tourism with the courtyard commonly covered in travellers touring and admiring the sights. We've lost so much heritage in Christchurch because of the earthquakes, how could we even consider losing The Arts Centre and its rich history and culture.

The Arts Centre has been an integral and immensely popular feature of our city for locals and tourists alike. To see it having to shut down through lack of council funding would be a travesty in a city that has already lost so much of its heritage and character due to the earthquakes. Christchurch is a special city and the Arts Centre is a truly unique and special part of its fabric. It must be enabled to continue operating with council funding.

The Arts Centre is an incredibly important asset for the people of Christchurch and visitors alike. It is a unique community space in Aotearoa that represents a wide range of artists, artisans, collections and boutique business owners. It allows them to have a voice in the heart of the city. It's also a unique visitor attraction in NZ that stands proud as a symbol of the past, present and future direction of the city. Without the community groups, museums, galleries, businesses and artists that call this space home, the precinct will be nothing more than a desolate cluster of old, cold buildings. Those who inhabit The Arts Centre breathe life into the walls. The funding that goes to help keep The Arts Centre running is vital to keep this precinct alive. It must continue if Christchurch City Council wants to continue to attract people to the city to live, work and play.

Please do not discontinue the funding to The Arts Centre. Doing this is not only short sighted in terms of the cost but completely fails to recognise both the economic and social cost to the citizens of Christchurch in the long run. A city is not a thriving city when it is devoid of social, artistic and educational facilities. The Arts Centre contributes to all of these.
