This is crazy for the City Council to think of canceling funding for The Arts Centre. The Arts Centre has so much to offer Christchurch and tourists. It's a wonderful place to visit, especially on the weekends, offers great concerts (especially the lunchtime concerts for older adults), activities for children during school holidays, and great cafes. Please think twice about this in the Long Term Plan. If I missed this in my recent submission for the Long Term Plan, I don't recall it specifically being mentioned.

The art centre is an important part of Christchurch's culture, not just in a historical sense but as a space to promote the arts in the present and future. The arts centre attracts tourism and brings vibrancy to the centre city. Small businesses benefit from the space the arts centre provides.

It's an incredible asset to our city and it would be devastating to not have it available for all the amazing events it hosts. Let's stop funding the cathedral that offers nothing and spend the money on an already established space for the people of Christchurch.

The Arts Centre is the real heart of this city. It holds the greatest of memories and experiences for generations and for generations to come. It was a place where I was able to complete my university study, create theatre, work at Le Café and form life long friendships, watch my best mates play in multiple bands, watching endless movies. It is a creative haven for all. It's beautiful. It's essential to Christchurch and our future as a city with creative presence.

Are we just going to forget all of our heritage? This is a supreme example of the beautiful architecture that is no longer prevalent in Chch. I wouldn't mind betting that what Chch earns from this stunning part of the city with tourism etc more than pays for its upkeep. It would be even better if someone actually pulled you-know-what out of you-know-where and got the Dux up and running again.

The Arts centre is an important location in Christchurch for many community events and probably the most frequented heritage building by locals and tourists alike. It is an important hub for creativity and helps creates a sense of "community" in Christchurch. I think it would be a real shame if the city council didn't fund it anymore and a real loss to the Christchurch community if it could no longer afford to be maintained.

The Arts Centre is a community centre of wellbeing, where we can slow down and connect with our creativity to appreciate the work of our peers, our community and a life of meaning beyond ourselves. The Art Centre is a reminder that materialism is not enough. The Arts form a critical vein in the body of a well soul. It is a place that inspires new ways of being a place of mental wellness. In a time when mental health is at an all time low we need to retain our community places of warm gathering and celebration that exist for reasons beyond financial profit. Christchurch without an Art Centre would be a sad and soulless place.

The Arts Centre is truly a jewel in Christchurch's crown. With the decimation and deterioration of so many heritage spaces all over Aotearoa, this has a direct trickle down to the Arts, as so many of these venues are entwined with the cultural heritage and arts industry of our country. NZTrio has been fortunate to perform in the Great Hall at The Arts Centre many times, and the loss of this venue would have a huge impact on the availability of Christchurch venues for their hirers and audiences. More pressure would result on other venues, and fewer concerts as a consequence. Christchurch needs The Arts Centre, so please fund this vital and essential venue.

The Arts Centre is an iconic destination in Christchurch - so many locals and visitors to our city have fantastic memories of visiting there and we need to ensure future generations can enjoy similiar experiences. It showcases heritage architecture, important local history, and is a fun place to gather to enjoy local arts, design, food, and community events. It would be a really sad day for our city, residents, and visitors if it ceased to exist due to funding shortfalls. I think it is short-sighted to cease funding, especially with the redevelopment of the Canterbury Museum and thinking ahead to futher revitalisation of this heritage area within Christchurch - we have so few central city heritage spaces to enjoy post-earthquakes.

The arts centre is a huge asset to the city and the arts industry. As a 2022 artist in residency at the arts center I found this time invaluable as a professional. The connections I have made there are life long, as well as sharing the space with my friends and whanau. We were gobsmacked and humbled by the care taken to ensure this space for our people. It is a sad day for the city when the arts are taken out of the arts centre. As a college for some of our most influential thinkers in the past, I fear this knowledge will be lost to the next generation. Because we all know the Centre will be further made into retail and apartments. I don't feel that the people who lived and passed during the earth quakes, want to see this treasure lost to privatisation. It took me 34 years to visit the arts centre it took my parents 70, don't make this an opportunity that isn't there for the community to discover and learn from. Let the city heal more, the building has just been reinstated. If you care about the community don't take spaces away that bring people together, in a post covid world we need these types of places more now than ever.

The Arts Centre is one of the jewels of Christchurch. To many of us, it represents our past, the place where we attended university, and learnt to love the beautiful surroundings. Since the earthquakes, so much has been done, and so much achieved. It is now a place that can be visited with much satisfaction. But it is not finished, and this is not the time to stop funding. What is done, has to be kept up, and what is yet to do has to be persevered with. Please, for the sake of the city, continue funding The Arts Centre.

Funding the Arts Center or not shouldn't be up for debate! While you cut funding for the arts centre people will be losing jobs, community, connections, opportunities and support. If you want Christchurch to be a place known for its lack of (support for) creativity, curiosity and general freedom of expression then have your city of singularly minded people, but please know that artists are sick of feeling unwelcome in this city - I urge you to consider whether this is a message you really want to strengthen. If you don't support artists you will lose us, plus all the social and economic contributions we offer.

Christchurch and surrounding areas have a very healthy art following. All forms of artistic pursuits should be welcomed and catered for. In this stressful age, the artistic pursuits are a healthy way to combat what ails us in this world - for all ages. Not only for the artist but for the general public who are at the receiving end and for many it's a lifeline. Please think again as I strongly feel the Arts Centre needs the Council's support.

The Arts Centre is iconic and has brought so much pleasure and joy over so many years to all that have visited from here in Christchurch to people from all over the world. I couldn't imagine it not being here and encourage all at the council ,who are involved with not contributing to keep this fabulous place open to reconsider and do the right thing for many years to come ,so our future generations can get the pleasure out of all it has offer . Thankyou Denise O'Donoghue

As one of the most beautiful group of buildings left after the Quakes we have a duty to keep this wonderful space maintained and vibrant. If current Manager is not up to the task we need to look at how it can go forward. I would like to know why the current management are hell bent on NOT reopening the Dux and why despite the wonderful efforts of many the place is stagnating. Funding allows for options that may not be viable predicated on a purely profit/loss modal

The Arts Centre is absolutely essential to the cultural life of Ōtautahi. It would be a devastating loss to the community, and for New Zealand, if The Arts Centre was to close. I am a Christchurch-born composer, and many of my formative musical experiences took place there. Please do not pull the plug on this taonga that plays such a meaningful role in the life and wellbeing of the city.

Chch won't have a museum for 4 more years, the art gallery doesn't get travelling exhibitions, and now you want to take away the arts centre and the cultural richness it brings to the kids in our community, not to mention something we can be proud to showcase to tourists, such a shame turning Chch into a cultural wasteland. It gives character and culture to the central city, it would be a great loss not to use the space as it's being currently used in Chch

Art might seem useless or unnecessary to our daily life like supermarkets. BUT it is the essential component to our human nature! It is already very difficult for an artist to continue to create and perform activities, without the funds and support, what else can Christchurch leave for its residents and for travelers! Please make Christchurch more active and interesting! We need more art and cultural activities especially after the trauma of both the earthquake and the pandemic! We need spiritual power to encourage people!

We had the most amazing "Harry potter" morning at the center. We made the trip up from Timaru especially. It was a magical experience that enriched our children, full of imagination, investigation and fun. It would be so sad to see the situation change with a lack of support from the council. It makes sense to power volunteers with council funded staff to stretch rate payers funds. And would be non sensible to continue the successful model. Thank you for the special experience, we can't wait to bring our friends and more family here next time.

Hello, My experiences with the Art centre date back 40 years, when I use to help work on a stall under the cloisters in the quadrangle (then later in the car park area behind the Dux de Lux) for my parents selling antiques and collectibles as part of a diverse market. Living on Gloucester st, we were regular patrons of the DdL, and I even worked there casually in the old bar and restaurant. Sundays would often result in a visit to the Bakehouse cafe for coffee and treats. Throw in regular visits to the Court Theatre (especially Friday night improv night), lunch at the food caravans, Movies at the Academy theatre and ofcourse dinners at Jumbalaya and late night suppers at Le Cafe. There seemed that at different times over the decades there were far more reasons to visit the wider Art Centre area, and that since then (and namely the earthquake) it has lost its heart. The complex should offer better around the clock attractions to compliment the wonderful businesses like The Cellar Door, Observatory Hotel (of which I have been a guest recently) and Lumiere. I believe that the Art Centre and Dux de Lux are bound to one another on that sight ...and that any new tenant will always be in the shadow of the former. The Art Centre needs people! People who eat, drink, shop, watch, laugh, relax, perform and teach. I believe the Councils role is to facilitate an infrastructure to allow many of these attractions and boutique businesses to establish and provide investment to assist these.

I've grown up with the Arts Centre, pre and post earthquake. I consider it one of the most special parts of CHCH. Our city has already suffered enough with multiple events damaging our economy and tourist industry. The Arts Centre is home to restaurants, cafes, and a cinema which draws in both locals and tourists. Its a historic hotspot and should be supported.

You have an obligation to fund this historically significant setup that is a centrepiece for visitors to Christchurch upon whom you are so very dependent. CCC has been so incredibly fortunate to have received so much money and so many innovative enterprises from private sources and from public that this is the least you can do to support the city. Rates are considerably lower than many places around the country so it would be great to see chch supporting itself better. The benefits are to Christchurch alone.

How can the Council even think of not including funding to keep our Arts Centre a viable proposition. The earthquake cover and immediate commencement of repairs puts other Council projects to shame. What is Christchurch without the Arts Centre? We have so few of our Heritage Buildings left. It is Christchurch and it deserves better than to be put on the discard pile. Would choose the Arts Centre over the Cathedral for funding any day!

Te Matatiki Toi Ora has been a place of significant personal education and professional development for myself, and many of my friends and associates. From participating in performing arts works both on stage and behind, to attending workshops and educational seminars at the site, learning about the early achievements of the Cantabrian scientific faculty in the very rooms the achievements were discovered and made. The open and unspoiled nature of The Arts Centre is one major aspect of it's value to the city as an attraction and cultural centrepiece. It's a living museum of our local and natural scientific history, as well as an accessible stage in itself to the arts community - whatever medium is being presented. I worry that exclusion of City funds to contribute to the operational and ongoing maintenance/restoration costs will have a serious detrimental effect to the future of the centre, and to its availability and accessibility to future generations of arts patrons as a place where they can experience the wonder and enrichment that Te Matatiki Toi Ora provides to it's visitors. Please continue funding for Te Matatiki Toi Ora.

It is my submission that it is vitally important that the City Council maintains the pattern and scale of its funding contribution to the Christchurch Arts Centre which has prevailed in recent years. Such a contribution deserves to be high on the list of priorities within the proposed Long Term Plan budget. There are at least two very significant aspects to the value of the Arts Centre to the City. FIRST there is the social and cultural value of the assembly of spaces and functions within the Centre. These have been creatively curated by the Centre and are enormously appreciated by a wide range of locals and visitors alike. They are well maintained and their imaginative administration ensures the ongoing attraction and vitality of the Centre as a whole within Christchurch. SECONDLY there is the unparalleled architectural and heritage significance of the buildings, including the post earthquake re-instatement work which has been devoted to the majority of the edifices on the site and the competent and protective shoring up of those structures yet to be fully re-instated. Having emphasised those aspects, I turn to another and I would submit, overarching reason why continuation of the pattern of funding contributions from the City Council should be continued. The Arts Centre is a key component in a matrix of Gothic Revival landmark buildings which, collectively, generate a great proportion of the distinctiveness which marks out and gives the City its identity, its point of difference. (Other contributors within that matrix are, for example, the Christchurch Cathedral, the Museum, the former Trinity Congregational Church on the corner of Worcester and Manchester Streets, the Provincial Buildings and Christ's College, to name the obvious contenders.) It is acknowledged that there are other and more modern contributors to the identity of Christchurch. However the matrix just outlined is a key to the whole which it is submitted constitutes a central core to the city, the maintenance of which deserves to be accorded the highest priority.

I think the threat of defunding the Arts Centre is really disappointing! I have had the privilege of living at the Arts Centre for three months during 2021 and I have witnessed first-hand the careful and prudent stewardship of the team there, who carry out a huge amount of work and really punch above their weight to deliver a wide-ranging programme in service to the community - all kinds of community. The Arts Centre is really the heart of Christchurch - everyone knows it, has visited, has fond memories, and it has instant name recognition around the country and further afield. It sure does a lot more than the Cathedral ever did for tourism! A perfect system works invisibly; like the weather, you only notice when something is awry. When an institution has been thriving for so long, it's easy to assume that it does so without effort. I can assure you, there is a lot of effort. The return on investment is staggering. To disrupt the status quo - such as it is - will open the door to years of ballooning costs as the inevitable transfer of assets to Council is all but guaranteed to be a horrorshow. Imagine the hole in the city if all of the healthy businesses residing in the Arts Centre are forced to close down. After years of rubble and rebuilds, Christchurch deserves to have nice things! That's it from me. I hope you'll reconsider.

They shouldn't contribute more than they already have contributed It's a private matter for Anglican Church. The impact on the broader Cathedral Square reinstatement is irrelevant as the plans around were decorative rather than things that would potentially draw people to the Square.

I feel the Arts Centre is a beautifully restored building in the center of a city which has lost the majority of its historic heritage. It is used by a marvelous selection of both Canterbury residents and visitors for a diverse range of events and is able to present them at accessible prices helped by the financial support given by the Christchurch City Council. It is excellent use of Council money for a wide selection of the community.

The Arts Centre is critical part of our City, it helps define our identity, it is a living celebration of our history and provides an essential support service to many people who enjoy the quiet pursuit of a wide range of passive recreational activities. The Council has a responsibility to provide the level of funding necessary to ensure this treasure not only survives but thrives.

The Arts Centre is one of the few iconic parts of the city left following the 2012 earthquake and is a fabulous multi-use area. It offers spaces for events indoors and outdoors along side huge historic significance and unique features which tell a story about the Cities history. Yes it requires cash to upkeep but council has a responsibility to the people of christchurch to allow for reasonable restoration and preservation of historical buildings.

As a rates payer I can't state strongly enough the need to fund The Arts Centre. It is the cultural hub of our entire city, providing central spaces for music lessons, performances, Toastmasters and numerous local groups to meet and collaborate and share ideas. Christchurch would be an incredibly dull place without these groups and it is part of our local DNA. There is no soul to a city without arts and artist collaboration, and it would be an absolute travesty for the Christchurch City Council to not fund it.

Please reconsider funding the Arts Centre. It's a gorgeous site that requires ongoing maintenance and insurance to keep it alive as the amazing creative hub that it has become, again, after great destruction. It's so much more than just a collective of buildings. It is a community and a place that draws overseas visitors and locals alike. Do the right thing, continue to fund the Arts Centre.

The Arts Centre is also a centre for joy, for families, for culture, food, film, music, theatre and learning. It will forever be a better investment than the stadium and the Cathedral combined. Tourists will never come for our mediocre and overbudget stadium (of which they have bigger and better) but they will cherish unique experiences at the Arts Centre. Please explain for future generations why you would not fund the true cultural icon of the central city. I guess they can just go to malls.

The Arts Center is one of the top icons of chch. It is a great place to explore, has my fave restaurant in it, the great hall, movie theatre, art galleries, the classic museum and event venues. It is crucial these things all survive. We need arts. We need art spaces. Art spaces bring in money and people to chch. It's history is important to chch and its people and I want it to stay. So if it needs help to stay. Please please please help it to stay for my sons generation and beyond. Anything else in its place would not have the grandure, mystery, history or iconicness that the current Arts Center has. Keep it. Please.

The Arts Centre is part of the natural flow of the central city that connects the Botanic Gardens and museum to the Art Gallery, to the river, to the increasingly vibrant Cashel Mall, Riverside and hospitality areas. Apart from being an ICONIC Ōtautahi site for those of us who grew up and continue to live here, it is interesting to visitors to our city. It is an asset that should be supported by the City Council. It has been a centre for the Arts and continues to be a meeting place for the community. And while I'm at it bring back the Dux!

It would be truly embarrassing to leave The Arts Centre in a state of disrepair, considering its historic, cultural and architectural importance. It's a tourist drawcard, and would say a lot about us as a city leaving such an important building in ruin, in the heart of our tourism district. Not to mention, the old Court Theatre is inside The Arts Centre, which would be extremely valuable to Christchurch as a performance space. The lack of vision from this Council is truly embarrassing, this should be a crown jewel project for Christchurch, which undoubtedly deserves full funding, urgent backing, and vocal support.

If the arts centre buildings aren't worth funding, I am not sure any of our buildings are. This city does not have a lot of history and certainly not a lot of architectural history. These buildings have the most character in the city without question. I cannot conceive why the funding for the building might be cut, with all of the new, soulless buildings being erected every week it is important to keep those which have meaning and a sense of place.

The Arts Centre is a building that is near to my heart as I have been coming to it since I was a child for things such as music lessons, the Court Theatre, the cinema and Fudge Cottage. I now come to it for performances that I sing in or attend, to enjoy the eateries and shops, and to appreciate the beautiful architecture. The Arts Centre continues to be a vital centre for the arts and allows so many projects to happen by providing a venue. We need funding for it so that it can continue to be a place where artists can afford to be and where people who enjoy and consume the arts can do just that. Furthermore, it provides a place for community and connection, which we all need more of in these times.

The Arts Centre is a historic treasure for New Zealand and even valued on a world stage. The council should support The Arts Centre financially so that it can continue to do what it does best! It is a centre for the community, all are welcome, manaaki forms the basis of all it strives to do. No matter if you have lots in the bank or nothing at all, there is something for everyone. Music, dance, theatre, art, sculpture, history, science, education, creative wonderful workshops, eclectic events, the list goes on and on..... The Arts Centre is many things to many people. Schools visit every year, thousands of students embarking on programmes that ignite their passions and undergoing an unforgettable experience that will change them forever. Families visit creating cherished memories. Cultural groups have a second home there. All my family from overseas have visited many times and have experienced many different things there, a craft workshop, an astronomy talk, a concert, a puppet show with their grandchildren, Rutherford's Den, burlesque and cabaret, these are but a few of their experiences. My own experiences would need an essay in itself. Having lived in Christchurch now for nearly 20 years and being a NZ citizen my memories are vast of The Arts Centre. It was a part of my life in my twenties and is still a part of my life in my forties. The council needs to help fund and support The Arts Centre and all it stands for and all it continuously gives to all.

The arts centre is a highlight of the city centre. It has been a place of connection for me as a new mother in a new city. I have fond memories of time spent there for events, as a child coming to visit from outside the city and would love the next generation to experience that same joy. Of all the heritage building areas in New Zealand, this is one to prioritise and work hard to keep in my view. Having this unique space for appreciating art and culture, for meeting people and hosting events brings the city alive and the arts centre is an asset to Christchurch worth saving.

We need more art locations not fewer. They are a fantastic place for culture and learning. They are a piece of Christchurch character and I have enjoyed attending many performances and markets there. If places like the art centre go, the city loses its attraction for visitors and locals. One of the reasons I moved here was for the blossoming arts culture and the beautiful art centre is something that other large nz cities just doesn't have (Auckland, Wellington etc). It would be such a shame if we lose it.

The centre is an amazing hub of activity for the community. A multi purpose venue everyone can utilise. Every time I am there it is full of people making use of the space. Down there most recently for school holiday, children were every where taking in the museum spaces and other activities put on. The cafes spaces are great, Francis Nation does the best coffee!!

The Arts Centre is a true icon of Ōtautahi Christchurch and a stalwart in supporting the local art scene. It at once holds so much history while also proving to be an organisation that really moves with the times, showcasing the innovation and creativity in our city. SUCH good bang for buck team!! The centre is of huge pull factor for so many young people in this city. Please PLEASE don't cut the funding on this one. It seems so short sighted considering the direction I am sure you want our city to move in - one that is creative, innovative, buzzing, attractive to tourists and residents alike. Please maintain the funding for the Art Centre!!

The arts centre is an extremely important establishment for arts culture. The massive benefits in funding the arts should not be dismissed. Removing this funding will be a big detriment to the arts community, and have flow on effects to all artists trying to work or seeking opportunities here. And that's not even considering all the chch public and tourism that rely on things actually being able to happen in and around the arts centre.

The Arts Centre is so important to Christchurch, for the arts, for tourism, education, and it adds so much to the fabric of our city. We have lost so many heritage buildings in Christchurch, and the Arts Centre has had so much work completed. This can't all be for nothing. As we try to rejuvenate our central city, the Arts Centre has to contribute to that. We can't risk having another mothballed set of buildings. It will also cost the council in legal fees if the Arts Centre Trust has to be wound up. I absolutely support the council funding the Arts Centre.

The foresight and vision of the original founders of the Arts Centre should not be terminated by the short term inadequacies of available funding. Their noble dreams and aspirations saw beyond the limitations of the balance sheet and the boundaries of the bottom line. They could see that for future generations of New Zealanders, in all walks of life and of all creeds, this legacy must prosper despite the temporary strictures that might apply to other areas. It is too important a mission to weigh in the daily balance of routine consumables. The mere fact that the importance of the legacy being bestowed should be enshrined in the permanence of legislation is sufficient indication of the significance of the project being undertaken. It must endure.

The Arts Centre is a magnificent heritage precinct and is a very worthwhile Council Investment. Council can obviously not afford to fund all the requests that are made of it, so must prioritise its spending to reflect the wishes of ratepayers and the best outcomes for the city. So please transfer the money you are taking from my rates for the largely unpopular and overpriced Cathedral restoration that surely is the responsibility of the Anglican Church and pay this money to the Arts Centre that belongs to all citizens, not just to members of one religious sect.

Submission on behalf of ICON to CCC LTP supporting the CCC funding of The Arts Centre ICON – Inner City West Neighbourhood Association supports the proposal that the CCC continues to support the Arts Centre of Christchurch financially. • The Arts Centre is the current heart of Christchurch and also ICON. • It is a vibrant stimulating environment for tourists, visitors and residents to visit and enjoy. • The Arts Centre has been beautifully and painstakingly repaired to a magnificent standard attracting tenants and businesses who enjoy the atmosphere and surrounds. A model that the rest of the city could emulate. • The Arts Centre is always busy but not crowded, it provides a peaceful and relaxing atmosphere to meet, hear concerts, see a movie, stay in the Observatory Hotel, have coffee or a glass of wine or a meal. Enjoy art, creativity, retail ,educational and historic experiences. • The Arts Centre is a unique oasis in our city which adds immeasurably to lives of all who visit, work, perform or exhibit in it. • Our city would be the poorer without the Arts Centre which is providing professional, quality venues, shopping, hospitality and educational occasions which reflects the twentyfirst century in a beautiful authentic nineteenth century setting. • Where else can this be done- nowhere ! Kate Burt Chair ICON - Inner City West Neighbourhood Assn

We strongly believe CCC should be financially supporting the Arts Centre. It is a surprise to us that CCC would not support the Arts Centre (AC) given the significance the AC has to the city and Canterbury. The AC is an absolute treasure to the city and perfectly blends in with other similar Buildings in the immediate area. Of the neighbouring Buildings nearly all have been faithfully restored since being severely damaged by earthquake including parts of the AC. This restoration work is of the highest calibre and needs to be continued. The omission of CCC not funding the AC highlights the fact that Canterbury Museum's near entire financial survival is a combination of local and central government funding. I would suggest the Art Gallery also receives significant funding from local and Central Government. There is no doubt a fine line separates who does and does not receive funding and we can understand there is a criteria for receiving funding. Does the AC not have the distinct nature and benefits to meet this criteria? We believe the Christchurch AC is distinctive, it is a draw to local citizens and tourists alike and it should be categorised similarly as the 2 examples above and therefore deserves funding from CCC as well. Thank you for reading this submission. Steve and Sue Sugrue.

The Art center provides a space for NZ artists, from local crafts, workshops, music, theatre, painting. Selling and performing to locals and tourists. It has been part of the Christchurch scene for so many years. It's a must visit place. Christchurch pre-earthquake had a vibrant creative feel that drew visitors to its center. Major cities around the world have their art, history, parks that entice visitors. Let's not take that away from Christchurch. We want to keep Christchurch a place where people can have many experiences.

To whom it may concern, The arts centre is one of my favourite places in Christchurch. The historic buildings, cafes, shops, galleries etc make this an essential community hub in Christchurch that celebrates art and creativity. The Christchurch art community is thriving, and this space plays a huge role in that, showing wider Christchurch and Aotearoa what we have to offer. Without its funding, we fear this important staple of the community will be lost. Please consider funding the arts centre so that this creative and cultural hub can continue to grow, educate and inspire. Thank you.

I believe the arts centre is intinsic to the culture of our city. It is one of the few old accessible places we have left since the quakes. To pull funding or endanger it in any way is a dereliction of duty and huge mistake. CHCH will not forgive you I believe. To me it is of more worth than the cathedral. Art is important to our wellbeing, mental health, our joy. Don't do it!

Arts is the beating heart of the city. And the heart is one of the most vital organs of the body. Cutting the heart off will not benefit the body of Chch, it will do the opposite. When i was a little kid i would have art classes at the centre and now as an adult i fondly walk the grounds and remember how my time there has shaped me as an artist. The world is turbulent and unrelenting and arts is the one thing that keeps us grounded. Whether its humming along to a busker on the street or fiddling with a homemade bracelet bought from the local arts market. Please support the centre, so many people benefit from Art and its crucial we do what we can to support its longevity.

The arts center has been the home of the arts for many years and should continue to be so. It is a pity that the sports arena has taken priority. Not everyone is sporty and not everyone is arty. It is with great disappointment that the CCC has decided to stop funding this amazing asset that is one of the jewels of Christchurch, the tourists love it and it is one of the original parts of Christchurch that is still standing after the 2011 earthquakes. The decision is incredibly short sighted. My fears are that this neoliberal act will turn the Arts Center into something it was never meant to be. The Arts center was given to the people of Christchurch to encourage the arts. The market for many years has been a significant part of our community. We have been to many fantastic concerts and art exhibitions there. I would like to see the Dux Deluxe reinstated to bring adhesion to the area.

I'm a self-employed trader (editor and report-writer), and I work in an office near the Arts Centre. I visit it every day, walking through, using the facilities, buying coffee at the cafe. It's very obvious how heavily the centre and its facilities are used by domestic and international tourists. To me the Arts Centre seems to have very significant economic importance to the central city and the city as a whole. The school holiday programmes are lively and attract lots of families too. It is also very important to me as a hub of cultural life in the city. I enjoy the concerts in the Great Hall in particular. I think it would be very foolish to allow this thriving and vital centre to lose its funding and momentum.

I have called Christchurch home for the past 7 years and started a business here which I have run for the past 5 years. I recently had my parents come and visit and I took them to the arts centre along other places over the weekend. The arts centre captured the very essence of what I believe Christchurch is aiming for on a wider scale. There was a real vibrancy with multiple events on at the same time and a real intermingling of various cultural and ethnic elements which brought to life this beautiful taonga of Otautahi and what I believe the city as a whole is striving for. I think when you compare it to the lens of supporting the cathedral there is no real comparasion, as this centre is truly a place for all, irrespective of your belief system cultural or ethnic background. I strongly encourage the council to continue to support this wonderful, exciting melting pot and hub/hive of life and activity. We need and want more of what the arts centre represents and provides to our city and community. Thankyou for your consideration.

The Arts Centre is a beating heart at the centre of our city. It is one of Christchurch's proudest institutions, and the Christchurch City Council must, absolutely fund it. Why it needs funding, goes without saying. It is thriving, and needs support to maintain itself. Otherwise, the Arts Centre could enter a decline that would pose hugely negative effects to our community.

Brings tourism into the city center and needs more stalls and markets. Imperative while the museum is being renovated over such a long period. The arts center is iconic to our city. Forget spending on slowing roads and cycle ways for now and focus on the important things.

The Arts Centre is an important part of our heritage and stands in an area that is frequented often by tourists. It compliments the Botanic Gardens and the development of our Museum. Without funding Christchurch loses a large chunk of not only heritage but its diversity in being able to attract people to our city. Our new events centre will attract people to shows and events but once those are over it will be the architecture both modern and heritage that sits in peoples memories. The what did you see and where did you go while you were in Christchurch are questions others will ask. Our trams go past The Arts Centre which once finished will become part of our tourist route by the museum and gardens. It would be shortsighted to not support the continuation of our Arts Centre.

The Arts Centre is a critical jewel in the crown of Central Christchurch, I am lucky enough to host events in the spaces offered and it breaks my heart to think of it gone, It is short sighted to think we can do without this amazing place. The staff have done everything asked of them to trim costs and keep the lights on. I think it is appalling that this is even up for discussion.

Tēnā koutou e hoa mā. I ask that you continue to fund the Arts Centre Trust. The Trust has done a great deal of work to revitalise one of our few remaining heritage spaces, and they know best how to keep this process going. As a kaikao/ teacher, I regularly bring classes to the Teece Museum to help with their study of the classical world. With my whānau, we regularly attend the outdoor theatre screenings and the excellent movie theatre. My tamariki have benefited from Rutherford's Den and other resources around the Arts Centre when studying for Children's University. This is a space of great value that should be managed by people with a passion for the space. Defunding the trust would be a short-term financial gain for a long-term loss, as the Council would end up footing the bill for things that the trust funds through donations and sponsorship.

The Arts Centre is one of the few venues that provide both excellent entertainment and shopping experiences for both tourists and locals. I have visited the Centre so many times over the years to eat, drink and watch; it is a beautiful gem that deserves wider recognition and protection. It caters to almost all citizens of Christchurch from 0 to 100 as well — so many parents take their children there for both free and sold-out performances.

The Arts Centre is one of the single, most iconic hubs our city has on offer. As the owners of Canterbury's leading Wedding Planning platform, and one who has worked in with the dedicated Arts Centre team, not a single event goes by where I haven't been told stories of its history. Time and time again, handfuls of guests speak of experiences of their time at the Arts Centre and their connection to it. From lectures and exams, to relocating the plaques post-earthquakes that line the walls, this rich history is often what draws people to wed and celebrate the most important occasions of their lives in the heart of our city. Being able to have the Arts Centre as a wedding and event venue isn't just about the building, it's about the entire city and helps forge our sense of community. I see my clients book in Tram loops for cocktail hour entertainment, I see them encourage guests to stay local, to head out and drink/dine in their favourite locations and get a taste for the city they adore so dearly. Our stunning Arts Centre supports not only local talent, but our entire tourism, event and hospitality industry and it must be cherished and looked after for future years.

The Arts Centre is an iconic landmark for the city of Christchurch. For locals and tourists alike. It would be a shame to see it close or work still to be done, abandoned. It's a beautiful place to wander through, relax and enjoy the atmosphere. I always bring visiting whanau to come see it, walk through to the Museum (when it's open), Botanical gardens or catch the tram, etc. The historical value is priceless. Please reconsider your decision on future funding.

The Arts Centre is a treasured part of our children's collective memory. So many wonderful events, school holiday plays at the Court Theatre, Busking Festivals and so on. Now they are starting their own families and continuing the tradition of the Arts Centre being central to the rhythms of their lives. We have opened the tiny toy shop at the Arts Centre to support families with high quality resources for creative play. We also run Heuristic Play Classes in the Maker Space each term for families with babies and toddlers. This would not be possible if the Arts Centre was not a charity and able to offer this wonderful community space at affordable rates, so we intern are able to offer families a rich curated open-ended play environment each term. The Arts Centre then becomes central to our families weekly rhythm and they go on to enjoy coffee at FN Cafe and support the other retailers each week. The Art Centre is all about the arts and the community. It is absolutely vital to our wellbeing as a city that has suffered so much stress post earthquakes. What on earth would it become if it were not the Arts Centre? The shopping center? Please support this valuable taonga so that our grandchildren and their children can enjoy it in the future.

The Arts Centre has such a rich history - from being the University and then fully an Arts Centre then back to being part of the University again. It is an amazing resource for the Arts and has been a hub as well as a Heritage site for so long. We need this venue and all of it's richness and it should be funded to keep it as the fantastic resource that it is.

The activities and kaupapa of The Arts Centre are best delivered by the community via the Arts Centre Trust and not under the wing of a council owned entity. It will be cheaper for the ratepayer for The Arts Centre not be under council control and just as importantly, the quality and breadth of arts opportunities for the community will be significantly higher than if The Arts Centre was run by the Council.

The Arts Centre is an absolutely essential part of Christchurch. It is an anchor for the city... For the arts, community groups, festivals, events, concerts, retail, tourism, hospitality & heritage. To cut funding and see the domino effect for Christchurch would be disastrous, short sighted and really, to my mind criminal. Please continue to provide funds in your budget for this wonderful resource. As a rate payer I would be happy to see an increase in my rates to save the Arts Centre.

The Arts Centre has always been a focus for creativity and the Arts for the whole city - it is a resource, a valuable place for our community to work, learn, display, and share. A lack of funding would leave our city a much poorer place without the Arts Centre, and would reflect badly on the Council for what is valued within our society.

The Art Centre plays a vital part in facilitating and contributing to the landscape of high quality and diverse creative activities in Ōtautahi. Especially in the aftermath and the destructive effects the earthquakes (...and also more recently Covid) had, which left the inner city and the affected creative venues in need to be rebuild and recover over time. It is essential that the Council includes the centre in their long term plan for Ōtautahi and continues to support this unique Centre (located in one of our most iconic historic buildings and settings in Ōtautahi) in all their efforts to provide resources and spaces for an exciting range of workshops, festivals, galleries, creative and educational events. Art and other forms of creative activities give so much to the quality of life in a city. We need the arts in all it's shapes and forms to stay healthy and connected human beings. It is one of the most iconic and significant treasures in our city. Please support it to save it! Thank you!

The Arts Centre is beautiful and potentially useful place. It could and should be a focal point. There are too few areas that are interesting to browse and spend time in around in our city. There was no point in restoring half of it if the other half is to remain a derelict eyesore. Why build a stadium most of the population of Christchurch will never visit, but leave the Art Centre unfinished? Also why reburish the Museum now, when there are so many other projects incomplete?!

I am the producer and presenter of the Australian radio program, Arts Alive, heard nationally on the Community Radio Network. The Arts Centre Christchurch has been a key reason for me to visit Christchurch, which I have for at least half a dozen times, before and after 2011. Content that has run on Australian radio has frequently been of or about the Arts Centre which is one reason I always stay at the YMCA, and that content included annual updates on the restoration process. So, from my point of view, a vibrant Arts Centre is also informing an Australian radio audience about Christchurch as a New Zealand destination. That flow of information and influence that would slip away if it becomes moribund due to funding cuts.

Arts are critical to the health of a city, and the Arts Centre is a hub in Christchurch for the arts, and a meeting place for local people and tourists alike. Shuttering it would leave a big hole where life and activity thrive today, and would send a very visible signal to visitors to Christchurch that we have nothing beyond the banal. Perhaps though to be funded by this council it needs to be renamed the Arts "Stadium"?

The arts centre should be funded by the CCC because otherwise commercial interests will override things with community interests at heart, for example: affordable (or even sometimes free) exhibition spaces for emerging artists and event venues for affordable music shows and performances, such as Music with Michal kids' shows. Also the rents will no doubt go up rendering it untenable for local businesses such as it's locally-owned coffee shops and the cinema. Funding the Arts Centre is also about signalling what is important for our city. The quakes showed that people crave culture for mental health and connection reasons. Please, fund the Arts Centre. I believe people will treasure it even more, knowing it could have been spoilt forever.

The Arts Centre is a crucial component of the life of this city. It is a place that supports a variety of artistic endeavours and offers the people of this city free events that showcase the arts and bring people together. Base funding from CCC is absolutely necessary for its ongoing function. We can manage without an Anglican Cathedral but not without the Arts Centre - it is our taonga!

Art is vital for human well-being, education, and encourages diverse ways to understand and engage with the world which is proven to be neurally beneficial for cognition - which intern benefits other sectors of society. As well as that, it provides a rich foundation for fostering community. For these reasons, it is highly important the Arts Centre maintains funding.

The Art Centre is the jewel in the crown of Christchurch! It is Christchurch's creative & artistic hub, a major historical landmark & of great importance to those who were born & raised in Christchurch! It holds huge mana & many lives have been touched by its presence & by the events & opportunities held there over the years. It is one of our few historical landmarks to survive the earthquakes & should be preserved as an important piece of our history for new generations to enjoy & experience. Christchurch & its people need the Art Centre - it represents both our past & our future as a city & it is unthinkable that it will not go on! Please, please, please fund the Art Centre!

The arts center is the beating heart of Christchurch. Even more so than the Cathedral. I have come to call chch home and have been here for 12 years. We need the city to be alive and not dominated by boring apartments and private buildings. Having something that belong to all of us gives us pride in the city. Please keep it.

I attended university in 1970 in the Arts Centre. Lectures in the Great Hall and Room D. 6p in a saucer in the Student caf for a cup of instant coffee! My Great Uncle attained his degree in the early 20th century. I saw his name, carved into the desks near Rutherford's Den. I've tried to find it subsequently, but was not able to. My Grandfather attended Boys High in the Arts Centre. Our daughter attended dance classes at the Arts Centre. I was a Board member of the Court Theatre Trust Board and a regular attendee of their shows. My former business regularly delivered hire items to several Arts Centre venues, mainly the Great Hall. Many happy times at Annie's and Cellar Door, Le Cafe/Bunsen. We attend exhibitions at Central Gallery. Returned, for photos in the quad and cloisters, after my MFA graduation in 2023. We take NZ and International visitors to the Arts Centre, and they comment that we are so fortunate to have this amazing group of buildings and that they have been restored after the earthquakes. COME ON CCC, you can't stop now. Christchurch history has been made in these spaces. PLEASE DO THE RIGHT THING. Don't just continue funding. Increase funding, so that what is still to be restored can be demothballed and stand again, complete and proud. As a community we have all been through so much. CCC, you just can't stop now. Thank you for the opportunity to make this submission. I love this place, and so do many other Cantabrians.

The Arts Centre is a fundamental anchor for our city for arts, tourism and public activities. The arts centre group provides a year round attraction which brings people to engage in the Arts, shopping, creative spaces and enjoyment of the architecture. Losing this would be a loss to the soul of the city.
