1. What this activity delivers

Health, Safety & Wellbeing

Christchurch City Council is committed to providing a safe and healthy environment for all workers and citizens. We know that the success of our organisation depends on the wellbeing of our people, by providing the best possible support and resources to help our teams thrive.

Through our Health, Safety, and Wellbeing services and safety leadership, we offer a wide range of initiatives and programs to support employee health and safety, reduce workplace health risks, and promote a culture of wellness. From fitness classes and healthy eating options to mental health support and safety training, we have everything our team members need to stay healthy, happy, and engaged at work.

Risk and Audit

Christchurch City Council is committed to promoting a culture of risk awareness and responsible decision-making through our Risk Management and Internal Audit functions. Our comprehensive suite of services includes risk assessments, regulatory compliance reviews, and fraud investigations, among others, to provide the highest level of assurance to our stakeholders.

Effective risk management and internal audit functions are crucial for the success and sustainability of any organisation. These functions provide tools and resources to identify, assess, and mitigate potential risks, and ensure regulatory compliance and adherence to internal policies and controls.

We believe that effective risk management and internal audit functions are critical to achieving our business objectives and maintaining stakeholder trust. By working together, we can continue to promote a culture of risk awareness and responsible decision-making, driving success and growth for our organisation.

The Head of Risk and Assurance is the Council’s Protected Disclosure and Fraud Officer, responsible for responding to protected disclosures or fraud concerns, and raising awareness of these.

7.2. Funding consideration and outcome

Section 101 Local Government Act 2002 - Funding Consideration. The following tables are based on the financials from the previous page.

Council funds the Risk and Assurance activity predominately through the general rate. This means that most funding comes from ratepayers, mostly on the basis of capital value, with benefits mostly received in the same year as the expenditure is incurred.

- **Operating expenditure:** All operational costs for the Risk and Assurance activity are allocated out to the External Activities by way of Corporate Overhead. For explanation of how each External Activity funds Corporate Overhead please refer to section 7.2 of those External Activity Plans.
- **Capital expenditure:** The Risk and Assurance activity does not have any capital related expenditure.

A.3. Levels of Service changes from Long-term Plan 2021-31, and why

Related Levels of Service (now known as Measures of Success and Targets) have been grouped together under Level of Service Statements. This provides a reduced suite of levels of service that are most critical and meaningful, rationalising the overall number to be presented in the LTP and included in future reporting to ELT, Council, and the community, while ensuring continued transparency of non-financial performance across services. Applying this process has resulted in no material changes to Measures of Success or Targets beyond those specifically set out below.
