HOSPITALITY LIMITED** for the
renewal of an ON-Licence
pursuant to s.127 of the Act in
respect of premises situated at
**154 Aikmans Road,
Christchurch** known as
“Aikmans and Bardello”.

THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Safari Hospitality Limited** for the renewal of the On-Licence in respect of premises situated at **154 Aikmans Road, Christchurch** known as **‘Aikmans and Bardello’**.

The general nature of the premise is that of a Tavern.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly I deal with the matter on the papers.

A menu and Host Responsibility Policy were included on the file.

The Inspector raises the issue of the Default National Trading Hours, s.43 of the Act, and the changes that must be made to licences at renewal if they are not compliant. The only change to the hours is the start of trade on each day shall be 8.00am.

There is also the mandatory condition under s.110(2)(c) of the Act requiring the licensee to have free drinking water available with information that this will be freely available to customers while the premises are open for business.

The applicant is reminded of the revised conditions that now applies to on-licenses under section 47(3) restriction of trading hours for on-licences, for the sale and supply of alcohol on ANZAC Day morning, Good Friday, Easter Sunday, and Christmas Day.

Although no matters were raised in opposition to the renewal of the licence by the agencies, the Alcohol Licensing Inspector included a warning letter with the file and also mentioned the incident that the letter relates to, in her report.

The incident occurred on the 11th of April 2015, some 3 months ago. Two people were located on the premises who were assessed to be intoxicated. The manager agreed with the assessment. Subsequent to this a meeting took place between the Police, Alcohol Licensing Inspector and the management of the premises. The manager at the time took full responsibility and was subsequently warned, as was the premises.

The applicant must be well aware of its obligations under the Act regarding intoxicated patrons. The licence was renewed for a reduced period in 2013, by the Alcohol Regulatory and Licensing Authority, after issues with intoxication.

It has been recorded by the Inspector, in her report, that this is the only incident to come to the agencies attention since the last renewal. Given that the premises trades until 3.00am this is positive, and the Inspector recommends a 3 year renewal.

The applicant must ensure that the lessons learnt from the incident on the 11th of April 2015 are well learnt and that any positive changes are embedded into the management practices of the premises.

I am satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and the renewal is granted for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

ON Licence.

The following conditions are compulsory:

- (a) No Alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not present on the premises to dine;
- (b) Alcohol may only be sold on the following days and during the following hours when the premises are being operated as a Tavern:

Monday to Sunday 8.00am to 3.00am the following day; except that on the Thursday before Good Friday: and on Easter Sunday: and on Christmas Eve; and on the day before ANZAC Day, alcohol may only be sold between 8.00am and 12.00 midnight.
- (c) Water will be freely available to customers on the premises while the premises are open for business.

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **L B Topp Limited** for the renewal of the On-Licence in respect of premises situated at **136 Ilam Road, Christchurch** known as '**L B & Co**'.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

The general nature of the premise is that of a restaurant.

The only condition which the Inspector recommends changing is that which is compulsory under the new Act regarding the availability of water, and its advertisement within the premises.

The applicant is reminded of the revised conditions that now applies to restaurant under section 47(3) restriction of trading hours for on-licences, for the sale and supply of alcohol on ANZAC Day morning, Good Friday, Easter Sunday, and Christmas Day.

No matters have been raised in opposition in any reports as required by section 129 accordingly I deal with the matter on the papers.

The public notices detail the hours as being Monday to Sunday 8.00am to 10.00pm. These are inconsistent with both, what the applicant has asked for, and what the current licence allows, Monday to Sunday 8.00am to 11.00pm.

A waiver has been sought for the mistake in the public notice. The waiver is granted pursuant to s.208 of the Act, as there appears to be no prejudice towards any party and the hours are those attached to the current licence.

I am satisfied as to the matters to which I must have regard as set out in s.105 and 106 of the Act and the renewal is granted for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

IN THE MATTER

of an application by Samsas Enterprises Limited for the renewal of an OFF-Licence pursuant to s.127 of the Act in respect of premises situated at 285 Wairakei Road, **Christchurch** known as Wairakei Road, Supervalue.

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr G B Buchanan.

DECISION ON THE PAPERS

Introduction

- [1] This is an application by Samsas Enterprises Limited for the renewal of an Off-Licence in respect of premises situated at 285 Wairakei Road, **Christchurch** known as Wairakei Road, Supervalue
- [2] The premises trades as a grocery store and fits the requirements of section 32(1)(e). It could be described as a 'supermarket'.
- [3] The current license number is **060/OFF/48/2008**.
- [4] The application meets the requirements in respect to the interpretation of the Single Area Condition (SAC) as outlined in section 112 to 115 of the Act.

Inspector's Report.

- [5] According to the Alcohol Licensing Inspector's report the premises has traded for many years in its current location. The owners have provided accounts which show that they are eligible to hold an off licence under the new Act and can be designated a 'Supermarket'.
- [6] The applicant has not come to the attention of the agencies and is considered suitable to hold a licence.
- [7] The premise is located within a business/residential area of a suburb of Christchurch.
- [8] The Inspector reported no issues with the design and layout of the premises, and she outlined in her report her understanding of the requirements of the Act in relation to the application of sections 112 to 115.

Police and Medical Officer of Health.

- [9] The Police and Medical Officer of Health do not object to this application.

The legislation

- [10] Under the Sale and Supply of Alcohol Act 2012 the application for renewal of a licence must be measured against a broader set of formulae as was the case under the previous, Sale of Liquor Act 1989.
- [11] Section 131(1) of the Act sets out the relevant criteria to which we must have regard and specifically points to section 105(1) subsections (a) to (g), (j), and (k).
- [12] When seeking to renew an off licence of the kind applied for here, a supermarket, section 132(1)(b) applies. This states that 'the licensing authority or the licensing committee concerned **MUST** (my emphasis) impose any conditions subject to which it must issue a licence of that kind'; ...
- [13] This in effect brings the application under sections 112, 113, 114 and 115 of the Act.
- [14] These sections detail the compulsory conditions relating to display, promotion and advertising of alcohol in a single area in supermarkets and grocery stores.
- [15] At section 112(1) the purpose of these conditions is set out,

112 Compulsory conditions relating to display and promotion of alcohol in single area in supermarkets and grocery stores

- (1) The purpose of this section and sections 113 and 114 is to limit (so far as is reasonably practical) the exposure of shoppers in supermarkets and grocery stores to displays and promotions of alcohol, and advertisements for alcohol.*

[16] This section places the renewal application, and the conditions which must be applied to it, in context.

Decision and reasons

[17] As mentioned in the introduction the criteria when considering a renewal is set out in sections 132 and 105 of the Act.

[18] There is no question as to the suitability of the applicant nor any other of the criteria with which I must have regard to in those sections.

[19] Any area designated as a single area must promote both the object of the Act and the purpose, or intention, of the condition as set out at section 112(1).

[20] The area as described by the applicant in their plan fits all the criteria. It is not in the area between the entrance and the main body of the premise and it is not in the area between the main body of the premises and the general point of sale.

Conclusion

[21] I am are satisfied as to the matters to which I must have regard as set out in sections 112, 113, 114, 115, 116, 117, 105 and 106 of the Act and the licence renewal is granted for a period of 3 years pursuant to s.130,

[22] The applicant's attention is drawn to s.259 of the Act which makes it an offence not to comply with certain requirements and restrictions imposed by or under this Act, specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on the licence.

The licence will be subject to the following conditions:-

Accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s105 of the Act and I grant the applicant renewal of an On Licence pursuant to s104(1) for a period of three years.

I have read the Inspectors report and I note that no matters have been raised in opposition by the Inspector or the NZ Police under section 225(2) & (3), I therefore deal with the matter on the papers.

It has been the policy of the Alcohol Regulatory and Licensing Authority to renew manager's certificates for those holders of certificates who are not currently working in the industry for a shorter period. In *John Frederick Newton Collins* NZARLA [2013] PH 908/2013 and *Anthony Sean McLean* NZLLA 318/2009 this position was explained.

I was of a mind to adjourn the matter for 6 months to allow some time for the applicant to gain employment in the industry. There was no indication from the applicant, or the Inspector, as to what steps the applicant was taking to gain employment. It is difficult to adjourn the matter in such circumstances.

Given the fact that the applicant is not currently working in the industry, but seeking work, the certificate will be renewed for 12 months.

If the applicant wishes to make submissions on the matter of an adjournment, or why his certificate should be renewed for a longer period, then he may seek a re-hearing.

of an application by **HAMISH

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

The application was duly received with the required documentation. The applicant is currently employed in the hospitality industry but the licence for the premises which he manages has been stopped, due to low demand.

The applicant seeks to renew his certificate as he will be obtaining special licences for events and wishes to use it at such events. He has also indicated he is working on another café project which he intends to licence as it will be trading in the evenings.

I have read the Inspectors report and no matters have been raised in opposition by the Inspector or the NZ Police under section 225(2) & (3). I therefore deal with the matter on the papers.

If the holder of a manager's certificate is not currently working in licensed premises, but is 'seeking employment' then it has been the policy of the Alcohol Regulatory and Licensing Authority to renew the certificate for a reduced period, 12 months.

The reasons given by the applicant indicate that his manager's certificate will not merely be an addition to his CV but that he intends to stay in the hospitality industry and use the certificate. For this reason the licence will be renewed for the full three years.

The applicant has the required qualifications and the certificate can be renewed for 3 years.

DECISION ON THE PAPERS

This is an application by **Barry's Bay Traditional Cheese Limited** for renewal of an Off-Licence in respect of premises situated at **5807 Christchurch-Akaroa Road, Christchurch**, known as **Barry's Bay Cheese.**

The general nature of the premise is that of a **cheese factory.**

The application was received by the Christchurch District Licensing Agency on 18 May 2015, therefore the criteria under s.131 of the Sale and Supply of Alcohol Act 2012 will apply.

In respect to kinds of premises which off-licenses may be issued, s.32 of the Act, the Committee is of the opinion that these premises and way they operate fit under exceptions to certain complementary sales as set down in s.35.

The chief reason for the existence of this business is the manufacture of cheese and distribution of cheese to supermarkets and the like; while they also sell cheese on the premises. The licensed area is the entire factory and while the principal business is not the sale of food on the premises, what alcohol sales there are they are complimentary to the kinds of goods sold on the premises.

No other issues have been raised by the agencies in regards to s 105 of the Act.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

There is no opposition from the Licensing Inspector or the Police.

The business trades as a restaurant.

We are satisfied as to the matters we must have regards to, as set out in section 136 of The Act. We therefore grant the Temporary Authority and it can be issued immediately for a 3 month period or until determined by the Christchurch District Licensing Committee.

The applicant's attention is drawn to s.136(5) of the Act where it states that they carry "the same duties, obligations, and liabilities as the holder of the On-licence and also to s.110(2)(c) of the Act in relation to the condition of the licence that "drinking water is to be freely available to customers while the premises are open for business".

IN THE MATTER

AND

IN THE MATTER

of an application by **TROY LAWTON** for a renewal of Manager's Certificate pursuant to s.224 of the Act.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

The application was duly received with the required documentation. In the application, as well as in the Alcohol Licensing Inspector's report it stated that the applicant was 'seeking employment'.

A further report has been received from the Inspector stating that the applicant is currently "temping as a duty manager through an agency" and he has a job offer which is at least three months away.

In the original decision, as now, there have been no matters raised in opposition by the Inspector or the NZ Police under section 225(2) & (3), and I therefore deal with the matter on the papers.

I consider that working for a 'temping agency', as a manager, to be 'working in the industry'. The fact that he also has an offer of employment, albeit at least three months away, confirms that he intends to remain in the hospitality for the foreseeable future.

As I am now in possession of further information, which confirms the applicant is 'working in the industry', the renewal application is granted for the requisite 3 year period.
