of an application by **VBASE LIMITED** for an On-site special licence pursuant to s.138 of the Act in respect of premises situated at **Jack Hinton Drive, Christchurch** and known as '**AMI Stadium**'.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION 'ON THE PAPERS'

This application is to allow the sale of alcohol during an ITM Cup Rugby match to be held at the unlicensed premises of AMI Stadium.

The way the legislation is written means that only one large scale special licence can be placed on each application rather than granting one licence for a series of large scale events.

The event is to be held on the 10th of October 2015.

The hours requested are;

Retail, from the time the gates open to 20 minutes after the start of the second half.
Corporate, from the time the gates open until 90 minutes after the final whistle.

The applicant has been running large scale events for some years. A qualified manager has been appointed to oversee the sale and supply of alcohol.

It is expected that up to 10,000 people will attend the event.

The applicant is experienced at running such events at the stadium and both experienced staff and security are employed.

The Alcohol Licensing Inspector states in his report that "Comprehensive alcohol management systems and procedures are in place, a security presence will be on hand. A limit of 4 alcoholic drinks per person will be imposed, water is available at the end of each concourse".

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104(1).

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

The following conditions are compulsory:

- (a) Alcohol may only be sold under the licence only on the following days and during the following hours:

Saturday the 10th of October 2015 with the hours of;

- (c) Low-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (d) Non-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (e) The licensee must provide assistance with or information about alternative forms of transport from the premises as specified in the application.

IN THE MATTER

of an application by **HEATHCOTE VALLEY SCHOOL** for an On-site special licence pursuant to s.138 of the Act in respect of premises situated at **Heathcote Valley School, 61 Bridle Path Road, Heathcote, Christchurch.**

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION 'ON THE PAPERS'

Preliminary Matters.

This application contains two events where a special licence is applied for. The first is a 'School Ball' and the second is a 'School Gala'. Both are fundraising events for the applicant, Heathcote Valley School.

The first event, the Ball, is to be held on the 19th of September 2015 and is for those over the age of 18 years. The second event is a public event where a small bar, in a gazebo on the school grounds, is proposed. This event will be on the 6th of November 2015.

The Medical Officer of Health does not oppose the first event, the school ball. He does however oppose the second event where alcohol is proposed to be sold in an area beside a sandpit at an event on school grounds where children will be in attendance.

There is no real guidance in the Act regarding the seeking of two events on an application form where only one is opposed.

If the application for a special licence is opposed then a quorum of three is required. If there is no opposition then the quorum is one, the Chair.

It would seem unreasonable for the committee to have a hearing for two events when only one is opposed. The suitability of the applicant has not been questioned.

I propose to deal with the events separately. I will deal with this matter as the Chair and the other matter will be dealt with by way of a chair and two members.

The first event, the school ball, will be granted. This decision will cover that event. The second event will be addressed in a separate decision.

The application for a special licence for the 'School Ball'.

The event we are dealing with is a 'School Ball' to raise funds for the damaged school pool.

The event will take place on the school grounds on Saturday the 19th of September 2015 from 8.00pm to 12 midnight.

A qualified manager will oversee the sale and supply of alcohol.

It is expected that between 50 and 100 people will attend the event. Tickets will be pre-sold for the event and a variety of food will be available during the event

A restricted designation is sought.

No matters have been raised in opposition, to this event, by the police or the Inspector in any reports as required by section 141(1).

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104(1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

DECISION 'ON THE PAPERS'

This application is for a fundraising event to be run by Heathcote Valley School. The event is an annual Gala and community gathering.

The event will take place on the school grounds on Friday the 6th of November 2015 from 5.00pm to 8.00pm.

A qualified manager will oversee the sale and supply of alcohol.

It is expected that approximately 200 people will attend the event.

The area where alcohol is proposed to be sold and consumed is a roped off area of 8m x 8m and is under a marquee. The area will have table settings for food.

There is no designation sought for the area.

No matters have been raised in opposition by the police or the Inspector in any reports as required by section 141(1).

The Medical Officer of health has written a report opposing the application. In his report he states that

“The position of the Medical Officer of Health remains the same as that presented to the Licensing Committee on 4 February 2014, in respect of similar applications by St Patricks, Cashmere Primary and Cathedral Grammar Schools. While it is accepted that the event is a “community event” it is clear from the nature of a number of the stalls, that it is child focused.

“There is compelling evidence that exposing children to alcohol increases the risk of alcohol related harm later in life. Stuart Dodd, the Alcohol Harm Minimisation Co-ordinator, Canterbury District Health Board has produced a summary of research related to the effects of young people’s exposure to adult drinking. A copy is attached. This is relevant to the object of the Act (section 4).”

“Since the previous two applications by Heathcote Valley School, the Ministry of Education has issued a letter outlining guidance on alcohol at school fundraisers. The letter outlines that whilst schools are self-governing, it recommends alcohol should only be at adult fundraisers. The letter points out that it is important that schools are encouraged to set positive examples and avoid alcohol use around children”

“The Medical Officer of Health opposes the application but does so in the knowledge of the Committee’s previous decision and the fact that an opposition by the MoH does not require the Committee to convene a hearing unless it sees fit”.

The main component of the opposition of the Medical Officer of Health appears founded upon the fact that the application offends against the object of the Act in that any drinking by an adult within view of a child increases the risk of alcohol related harm later in life, especially in a school setting.

This was traversed in the opposition that the Medical Officer of Health raised to applications previously mentioned.

Given that the Medical Officer of Health has raised no new issues it seems both reasonable and logical to grant the application.

This leaves the Board of Trustees, and the school Principal, to make their own minds up as to the appropriateness of the sale and consumption of alcohol within their school grounds and assess for themselves the information tendered by the Medical Officer of Health.

The committee acknowledges the letter referred to from the Ministry of Education and sees this as a positive step.

The granting of the application is by no ways a criticism of the Medical Officer of Health who has the responsibility under the Act to bring matters to the attention of the District Licensing Committees with which they have genuine concerns.

The agencies are independent reporting bodies and though a consensus makes the point more poignant they are given the right to report as they see fit. This is one of the strengths of the Act.

The Medical Officer of Health also raised in his report the proximity of a ‘sandpit, lucky dip’ adjacent to the bar area. This was also a concern of the committee and it was raised with the applicant. A new plan has been submitted with the ‘sandpit’ deleted from it.

The bar area shall be designated supervised as it was last year. It is fenced and the committee expects the area to be monitored by the manager on duty.

We are satisfied as to the matters to which we must have regard as set out in s.142 of the Act and the application is granted pursuant to s104(1) with the new plan submitted by the applicant the plan which shall be adhered to.

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

The following conditions are compulsory:

- (a) Alcohol may only be sold under the licence only on the following days and during the following hours:

Friday the 6th of November 2015 from 5.00pm to 8.00pm.

- (b) Drinking water will be freely available on the premises as specified in the application:

Discretionary conditions – section 147(1)

- (a) The licence holder must display appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.
- (b) Food must be available for consumption on the premises as specified in the application.
- (c) Low-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (d) Non-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (e) The licensee must provide assistance with or information about alternative forms of transport from the premises as specified in the application.
- (f) A copy of the licence, together with signs showing the age restriction must be clearly displayed.

The area marked on the plan and described in the application shall be designated as Supervised.

The licence is also subject to the following conditions, which in the committee's opinion are not inconsistent with the Act:

- Noise should be controlled so as not to disturb neighbouring residents.

A copy of the licence setting out the conditions to which it is subject is attached to this decision.

of an application by **CATERBURY HOCKEY ASSOCIATION** for an On-site special licence pursuant to s.138 of the Act in respect of premises situated at **St Bedes College, 210 Main North Road, Christchurch** and known as **'Marist Park'**.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION 'ON THE PAPERS'

This application is to allow the sale of alcohol during three international hockey games to be held at Marist Park on two separate dates, 9 October and 11 October 2015.

A waiver is sought to allow the sale, supply and consumption of alcohol to be undertaken by other than a certified manager. Although I am uneasy with this I take the advice of the Inspector, who has recommended that the waiver is granted. The application includes a suggestion that it is likely a specialist provider will run the bars. Notwithstanding this the waiver is granted and the responsible person shall be Roderick Templeton.

I do note that the Inspector states in his report that "security will be engaged prior to the event". It is stated in the application that "it is intended a firm be contracted experienced in such events". I encourage the applicant to make sure that the security firm engaged has experience but that the management of alcohol at the events are not left to the security firm to manage. It is the responsible person, Mr Templeton, who must manage the alcohol at the events.

Having said all this there is no record that such events have alcohol related issues and therefore the application, and Alcohol Management Plan supplied with the application, give some reassurance that there will be no issues at these events.

It is expected that up to 2000 people will attend each event.

There are two areas where alcohol will be sold and supplied from, a public area and a 'hospitality area'. The applicant is reminded that signage must be displayed at both points of sale, not just the hospitality area as it seems the application points to.

No designation is sought, this is appropriate.

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104(1).

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

**INTERIM DECISION OF THE CHRISTCHURCH DISTRICT LICENSING
COMMITTEE**

Chairman: Mr A J Lawn
Members Mr P Rogers
Mr P Buttell

This is an interim decision of the Committee as we have decided that some changes need to be made to the application as presented to the Committee. Natural justice dictates that we allow comment from the applicant regarding those changes we are of a mind to make.

This application is for a fundraising event to be run by Heathcote Valley School. The event is an annual Gala and community gathering.

The event will take place on the school grounds on Friday the 6th of November 2015 from 5.00pm to 8.00pm.

A qualified manager will oversee the sale and supply of alcohol.

It is expected that approximately 2000 people will attend the event.

The area where alcohol is proposed to be sold and consumed is a roped off area of 8m x 8m and is under a marquee. The area will have table settings for food.

There is no designation sought for the area.

No matters have been raised in opposition by the Police or the Inspector in any reports as required by section 141(1).

The Medical Officer of Health has written a report opposing the application. In his report he states that

“The position of the Medical Officer of Health remains the same as that presented to the Licensing Committee on 4 February 2014, in respect of

similar applications by St Patricks, Cashmere Primary and Cathedral Grammar Schools. While it is accepted that the event is a “community event” it is clear from the nature of a number of the stalls, that it is child focused.

“There is compelling evidence that exposing children to alcohol increases the risk of alcohol related harm later in life. Stuart Dodd, the Alcohol Harm Minimisation Co-ordinator, Canterbury District Health Board has produced a summary of research related to the effects of young people’s exposure to adult drinking. A copy is attached. This is relevant to the object of the Act (section 4).”

“Since the previous two applications by Heathcote Valley School, the Ministry of Education has issued a letter outlining guidance on alcohol at school fundraisers. The letter outlines that whilst schools are self-governing, it recommends alcohol should only be at adult fundraisers. The letter points out that it is important that schools are encouraged to set positive examples and avoid alcohol use around children”

“The Medical Officer of Health opposes the application but does so in the knowledge of the Committee’s previous decision and the fact that an opposition by the MoH does not require the Committee to convene a hearing unless it sees fit”.

The main component of the opposition of the Medical Officer of Health appears founded upon the fact that the application offends against the object of the Act in that any drinking by an adult within view of a child increases the risk of alcohol related harm later in life, especially in a school setting.

This was traversed in the opposition that the Medical Officer of Health raised to applications previously mentioned.

Decision

Given that the Medical Officer of Health has raised no new issues it seems both reasonable and logical to grant the application.

This leaves the Board of Trustees, and the school Principal, to make their own minds up as to the appropriateness of the sale and consumption of alcohol within their school grounds and assess for themselves the information tendered by the Medical Officer of Health.

The committee acknowledges the letter referred to from the Ministry of Education and sees this as a positive step.

The granting of the application is by no ways a criticism of the Medical Officer of Health who has the responsibility under the Act to bring matters to the attention of the District Licensing Committees with which they have genuine concerns.

The agencies are independent reporting bodies and though a consensus makes the point more poignant they are given the right to report as they see fit. This is one of the strengths of the Act.

The Medical Officer of Health also raised in his report the proximity of a 'sandpit, lucky dip' adjacent to the bar area. This was also a concern of the Committee and it was raised with the applicant. A new plan has been submitted with the 'sandpit' deleted from it.

Designation of alcohol area.

The bar area shall be designated as supervised, as it was last year. It is fenced and the committee expects the area to be monitored by the manager on duty. This is at odds with the applicant sought and that which was recommended by the Inspector. We however are of the opinion that the area being designated as supervised will mean that no unaccompanied minors will be allowed in the area. As we stated earlier in the decision the area is small and fenced so the monitoring of it should pose no real issues for the qualified manager.

We are satisfied as to the matters to which we must have regard as set out in s.142 of the Act and the application is granted pursuant to s104(1) with the new plan submitted by the applicant the plan which shall be adhered to.

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

The following conditions are compulsory:

- (a) Alcohol may only be sold under the licence only on the following days and during the following hours:

Friday the 6th of November 2015 from 5.00pm to 8.00pm.

- (b) Drinking water will be freely available on the premises as specified in the application:

Discretionary conditions – section 147(1)

- (a) The licence holder must display appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.
- (b) Food must be available for consumption on the premises as specified in the application.
- (c) Low-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (d) Non-alcohol beverages must be available for sale and supply on the premises as specified in the application.

- (e) The licensee must provide assistance with or information about alternative forms of transport from the premises as specified in the application.
- (f) A copy of the licence, together with signs showing the age restriction must be clearly displayed.

The area marked on the plan and described in the application shall be designated as Supervised.

The licence is also subject to the following conditions, which in the committee's opinion are not inconsistent with the Act:

- Noise should be controlled so as not to disturb neighbouring residents.

A copy of the licence setting out the conditions to which it is subject is attached to this decision.

MINUTE

The Committee is of a mind to grant the application for a special licence to the applicant.

There is however one change that the Committee is of a mind to make and that is to designate the area where alcohol is to be sold and consumed as supervised.

We appreciate that the applicant, after discussions with the Alcohol Licensing Inspector, sought the area to be undesignated.

It is the opinion of the Committee that the designating of the area as supervised will make sure that no unsupervised minors will be able to enter the area but that parents, or legal guardians, may take their children into the area if they so wish.

Some of our reasons are as follows. The type of venue, a school premise, and a designation in some small way responds to concerns raised by Medical Officer of Health.

The area is small, was designated as supervised last year, is fenced and there is a qualified manager on duty. These factors help us to determine under section 147(2) and 119(3) that the area should have a supervised designation and that the applicant will be able to adequately monitor the area.

The interim decision is attached to this minute and if the applicant, or any of the agencies, wish to make a submission in relation to this issue only, then they may do so within 5 working days.

If the applicant wishes to be heard at a public hearing on the matter then they must advise the secretary within 5 working days.
