On the 16th of February 2015, a decision was given in regards to an application for a Off-Licence in respect to premises situated at 416 Main South Road, CHRISTCHURCH and trading as Hornby Pac N Save.

The licence stated that the licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues. Unlicensed sales can result in imprisonment for up to three months or a fine of \$40,000 (sec 233 (a) and (b) of the Act).

This was incorrect and the licence can be issued upon the original decision to grant the Off-Licence.

AND

IN THE MATTER of an
application pursuant to s.136 of
the Act for the granting of a
Temporary Authority issued to
ST KILDA TAVERN LIMITED,
trading as '**THE BRICK WORKS**'
and situated at **69 Centaurus
Road, Christchurch.**

COMMITTEE**

DECISION 'ON THE PAPERS'

This is the second application for a Temporary Authority made under section 136 of The Act in respect of premises known as 'The Brickworks' and trading under ON-license number 60/ON/63/2014.

The original Temporary Authority expires today, 3 March 2015.

The applicant has applied for a substantive licence but this is still being processed.

The applicant was under the mistaken impression that the Temporary Authority would automatically be renewed. This is not the case under the new legislation and the applicant is fortunate that the agencies, and the committee, have been able to process the new application in a very short timeframe.

The applicant fulfils the criteria for the granting of an authority as set out in the Act, they have tenure and proof of purchase has been supplied and there is a valid licence for the existing premise.

There is no opposition from the Licensing Inspector or The Police to the granting of this Authority.

We are satisfied as to the matters we must have regard to as set out in section 136 of The Act.

The applicant's attention is drawn to section 136(5) of The Act where it states that they carry "the same duties, obligations, and liabilities as the holder of the on-license" and also to section 110(2)(C) of The Act in relation to the condition of the license that "drinking water is to be freely available to customers while the premises are open for business".

The duration of the Temporary Authority shall be no more than 3 months from the date of the decision or when a substantive licence is issued, whichever occurs first.

HOMESTEAD FUNCTION

of an ON-Licence pursuant to
s.127 of the Act in respect of
premises situated at **87 Ilam
Road, Christchurch** and known
as '**Ilam Homestead**'.

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Ilam Homestead Function Centre Limited** for the renewal of the On-Licence in respect of premises situated at **87 Ilam Road, Christchurch**, known as '**Ilam Homestead**'.

The general nature of the premise is that of a Function Centre which operates out of the historic Ilam Homestead building and gardens situated alongside Homestead Lane and University of Canterbury grounds in Ilam, Christchurch.

The owner of the company is the Staff Club of the University of Canterbury who also hold a club licence based in the same premises. The hours of the two licences do not overlap.

The application was received by the Christchurch District Licensing Agency before the new Act commenced in December 2013 and therefore I deal with it under section 407 of the Sale and Supply of Alcohol Act 2014.

The delay in actioning the renewal is brought about by the need for earthquake repairs to the premises. These have now been completed.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly we deal with the matter on the papers.

The only conditions which the Inspector recommends changing are those which are compulsory under the new Act regarding the availability of water, and its advertisement within the premises and the conditions relating to the sacrosanct days.

The Licensing Inspector reports that there were issues with the appointment of a suitably qualified manager. This has been rectified.

I am satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and we grant the renewal for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 110 (2)

(a) **No Alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not present on the premises to dine.**

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Evershot Supermarket Limited** for the renewal of an Off-Licence in respect of premises situated at **8 Mounter Avenue, Christchurch** known as ‘**Northwood New World**’.

The premises trades as a supermarket.

The current license number is **060/OFF/9/2012**.

The application was duly advertised and no public objection or notice of desire to be heard was been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly we deal with the matter on the papers.

The Medical Officer of Health originally opposed the renewal application in his report dated the 30th of October 2014. He has subsequently withdrawn his opposition.

Police offered no opposition to the renewal when they reported on the 11th of November 2014.

The Alcohol Licensing Inspector recommends renewal with the appropriate conditions attached to the licence.

There is no question as to the suitability of the applicant nor any other of the criteria with which I must have regard to in sections 105 and 106 of the Act.

When seeking to renew an off licence of the kind applied for here section 132(1)(b) applies. This states that 'the licensing authority or the licensing committee concerned must impose any conditions subject to which it must issue a licence of that kind'; ...

This in effect brings the application under sections 112, 113 and 114 of the Act.

These sections detail the compulsory conditions relating to display, promotion and advertising of alcohol in a single area in supermarkets and grocery stores.

Any area designated as a single area must promote both the object of the Act and the purpose, or intention, of the condition as set out at section 112(1).

The area as described by the applicant in their plan fits all the criteria. It is not in the area between the entrance and the main body of the premise and it is not in the area between the main body of the premises and the general point of sale.

I am satisfied as to the matters to which I must have regard as set out in sections 112, 113, 114, 115, 116, 117, 105 and 106 of the Act and the licence renewal is granted for a period of 3 years pursuant to s.130, with the following conditions:

The applicant must comply with all conditions specified on the licence.

The licence will be subject to the following conditions:-

Compulsory Conditions – section 116(2)

The following conditions are compulsory:

- (a) No Liquor may be sold or delivered on Good Friday, Easter Sunday, Christmas Day or before 1pm on ANZAC Day.
- (b) No alcohol is to be sold or delivered on Easter Sunday unless the alcohol is grape wine or fruit or vegetable wine made on the premises.
- (c) Liquor may only be sold or delivered on the following days and during the following hours

Monday to Sunday 7am to 10pm.

- (d) No alcohol may be sold other than—
 - (i) beer that complies with the appropriate New Zealand food standard for beer; or
 - (ii) mead that complies with the appropriate New Zealand food standard for mead; or
 - (iii) fruit or vegetable wine that complies with the appropriate New Zealand food standard for fruit or vegetable wine; or

- (iv) grape wine that complies with the appropriate New Zealand food standard for grape wine; or
- (v) a food flavouring, prepared for culinary purposes, that is unsuitable for drinking undiluted.

(e) Only a single area as delineated on the attached plan is a permitted area for the display and promotion of alcohol.

(f) Signage must be displayed stating (directly or by description) a place or places on the premises at which drinking water is freely available to customers, while alcohol is being supplied free as a sample on the premises.

Discretionary Conditions – section 116(1)

(a) the following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed:

- Display of appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.

(b) the following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed:

- Alcohol must only be sold, supplied within the area marked on the plan submitted with the application.

(c) the whole of the premises is undesigned.

Other restrictions and requirements

GENERAL DISTRIBUTORS LTD
for inclusion of a condition
pursuant to s115 to the licence
issued on 17/2/15 with respect to
Countdown New Brighton.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

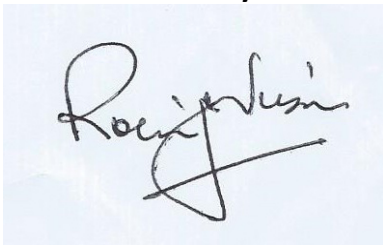

General Distributors Ltd has applied to have a condition pursuant to s115 added to the licence issued on 17 February 2015 with respect to premises known as Countdown New Brighton situated at 24 Brighton Mall, Christchurch. The application comes about because the applicant overlooked the need for such a condition when submitting the substantive application to renew its Off Licence.

I am advised that the work required to ensure that the single alcohol area complies with that approved in the Committee's decision of 11 February 2015 is virtually complete and may indeed be completed before this decision is actioned. Nevertheless for the avoidance of doubt and any suggestion that the applicant is trading outside the terms of the licence, a condition as follows will be added to the decision of 11 February 2015:

Pursuant to s115 the application of a single area as the permitted area for the display and promotion of alcohol for these premises, will not take effect until five weeks from the day on which this licence is dated by which time the premises must be configured to comply with the approved plan.

The licence is to be amended to reflect this condition.

BEFORE THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

CORRIGENDUM DECISION ON THE PAPERS

This is a corrigendum decision issued on the papers to correct an error in the original decision numbered 60B [2015] 273. In that decision under the compulsory conditions it was stated that water should be freely available to customers whilst open for business. That is incorrect and it should have read only when alcohol is supplied free as a sample on the premises. Below is a copy of the corrected decision.

This is an application by **Croftwood 2012 Limited** for renewal of an Off-Licence in respect of premises situated at **7 St Johns Street, Christchurch**, known as **New World Woolston**.

The general nature of the premise is that of a **Supermarket**.

The application was received by the Christchurch District Licensing Agency on 26 May 2014, therefore the criteria under s.131 of the Sale and Supply of Alcohol Act 2012 will apply.

This application was originally opposed by the Medical Officer of Health in letters dated 31 May 2014 and 28 July 2014, it was not opposed by the Inspector or the Police. The matter has been on hold awaiting the outcome of what had been called a "test case" concerning "single alcohol areas".

The Alcohol Regulatory Authority has now issued its decision in [2015] NZARLA PH 64-65, concerning applications by South City New Word (J & C Vaudrey Ltd) and Bishopdale New World

(Bond Markets Ltd); part of the decision concerned “single alcohol areas”. As a result in a letter dated 9 February 2015 the Medical Officer of Health has withdrawn his opposition to this application.

No other matters have been raised in opposition in any reports as required by s.103 accordingly I deal with the matter on the papers.

No other issues have been raised by the agencies in regards to s 105 of the Act.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

I am satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and we grant the licence for a period of 3 year pursuant to s.104.

The applicant’s attention is drawn to s.259 of the Act which makes it an offence not to comply with certain requirements and restrictions imposed by or under this Act. Specifically s.46 to 63 and 231 (1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 110 (2)

The following conditions are compulsory:

(a) No alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on Anzac Day to any person who is not present on the premises to dine.

(b) Alcohol may only be sold or delivered on the following days and during the following hours while trading as a bottlestore:

Monday to Sunday 7.00 am to 9.00 pm.

(c) Drinking water will be freely available from the premises to customers, while alcohol is being supplied free as a sample on the premises.

(d) Single Area Condition: Alcohol Area for display and promotion of alcohol.

Only the area described and delineated on the plan approved by the Alcohol Regulatory Licensing Authority is the permitted area for the display and promotion of alcohol with the premises as required under s.112.

Discretionary conditions – section 110 (1)

(a) The following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed:

Display of appropriate signs adjacent to every point of sale, detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.

(b) The following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed:

Alcohol must only be sold and supplied on the premises within the area marked on the plan submitted with the application.

(c) The whole of the premises is undesignated.

Other restrictions and requirements

Section 56 – Display of signs

Section 57 – Display of licences

of an application by
CHRISTCHURCH RSA
HOLDINGS LIMITED for an ON-
Licence pursuant to s.99 of the
Act in respect of premises situated
at **74 Armagh Street,**
Christchurch, known as
'Trenches Restaurant and Bar'.

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Christchurch RSA Holdings Limited** for a new On-Licence in respect of premises situated at **74 Armagh Street, Christchurch,** known as **'Trenches Restaurant and Bar'.**

The general nature of the premise is that of a Restaurant.

The application has resulted because this is the site of the original Christchurch RSA, which operates pursuant to a club licence. The original building is being replaced and the site re developed to include a separate restaurant operating as a standalone commercial venture as well as the new RSA venue.

Both the Police and Medical Officer of Health originally opposed the issuing of the licences due to the building not being completed and no managers appointed but have since withdrawn their opposition as the matters of concern have been completed.

The application was duly advertised and four public objections were received. The issues surrounding the objections have been discussed between the applicant and the objectors. The applicant has reduced the hours of operation to conciliate the objectors. All objections have now been withdrawn.

It is worth noting that in the report of the Medical Officer of Health he expressed disappointment that the applicant had seen fit to criticise, in the media, those who had opposed their licence. The committee concurs and adds, that to publically criticise those who are exercising their rights under the Act in opposing a licence is a matter that I take a dim view of. It could be seen, as the Medical Officer of Health points out, a suitability issue.

The objections were also only opposed to the issuing of this licence and not to the clubs licence which would have seen any opening still able to take place and alcohol served. The rights of all parties must be unfettered.

The committee does not take this matter further, as suitability was not an issue raised by any of the agencies or the objectors, direct evidence was not adduced regarding the comments in the media and the fact that a compromise has been reached between the objectors and the applicants in regards to the hours sought.

As the Police, Medical Officer of Health and public objectors have withdrawn their opposition I will deal with the matter 'on the papers'.

I am are satisfied as to the matters to which must have regard as set out in s.105 and 106 of the Act and I grant the licence for a period of 1 year pursuant to s.104 of the Act.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 110 (2)

The following conditions are compulsory:

- (a) No Alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not present on the premises to dine.

This is an application for the renewal of an off-licence for a supermarket.

The committee is of a mind to grant the renewal with the proposed single area condition as submitted with the application.

The file contains a request under section 115 of the Act for a delay in the imposition of the Single Area Condition required under section 112 of the Act.

The applicant has sought a delay of 3 months from the date that the renewal takes effect. No evidence has been submitted in support of the request.

The applicant is advised that evidence is required to be submitted to the committee as to the timeframes required, as well as what is required to configure the premises to comply with the proposed single area condition.

The production of evidence need not be extensive but should be sufficient to allow the committee to make a reasoned decision as required by section 115(3) of the Act.

It will also allow the committee to consider whether it should apply interim conditions under section 115(4) of the Act.

The applicant will have 10 working days to submit the evidence as requested.

The Alcohol Licensing Inspector is requested to furnish a short report outlining the changes that the applicant is required to take to configure the premises to comply with the new single area condition. A plan showing where the alcohol is currently displayed, compared to the proposed area, and some photographs would be very helpful.

This report is requested within 10 working days.

DECISION 'ON THE PAPERS'

This is an application for a Temporary Authority made under section 136 of The Act in respect of premises known as 'Raeward Fresh and Café Raeward' and trading under ON- license number 60/ON/80/2012 and Off-Licence 60/OFF/75/2014.

In effect it is two applications for one premise with 2 licences as detailed above.

The granting of Temporary Authorities is based on the premise that they are 'Temporary' and are a vehicle to allow the purchaser of a business time to apply for a permanent licence.

This is the third application for a Temporary Authority. There has been a delay in the filing of the substantive licences for personal reasons, these are accepted.

The substantive licences recently been applied for and are being processed.

The applicant fulfils the criteria for the granting of an authority as set out in the Act, they have tenure and proof of purchase has been supplied and there are valid licences for the existing premises.

There is no opposition from the Licensing Inspector or The Police to the granting of this Authority.

We are satisfied as to the matters we must have regard to as set out in section 136 of The Act.

The applicant's attention is drawn to section 136(5) of The Act where it states that they carry "the same duties, obligations, and liabilities as the holder of the on-license" and also to section 110(2)(C) of The Act in relation to the condition of the license that "drinking water is to be freely available to customers while the premises are open for business".

The duration of the Temporary Authority shall be no more than 3 months from the date of the decision or when a substantive licence is issued, whichever occurs first.

Before the changes to the legislation those living on the premises could be sold or supplied alcohol at "any time on any day". There is now no such provision in the new Act and therefore the default national trading hours set the hours at 8.00am to 4.00am the following day.

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Christchurch Memorial Returned and Services Association Incorporated** for the grant of a renewal of both the On and Off Club Licences, in respect of premises situated at **874 Armagh Street, Christchurch** known as '**Christchurch Returned Services Association**'.

The general nature of the premise is that of a Club.

The Club On licence application was received by the Council on the 23rd of May 2012 and the Off licence application was received on the 5th of March 2013, therefore the transitional provisions of section 406 the Sale and Supply of Alcohol Act 2012 apply and the application is dealt with under the Sale of Liquor Act 1989 apart from the mandatory conditions as required under the Sale and Supply of Alcohol Act 2012.

As the applicant has not requested that the application be dealt with under section 407 of the Sale and Supply of Alcohol Act 2012 therefore the provisions of sections 105 and 106 of the new Act do not apply.

The reason the application has been delayed is due to the fact that the building was severely damaged in the Christchurch earthquakes and was required to be demolished. A new building has been built on the original site. The licence was placed 'on hold' until the new building was built.

The application was advertised and no public objection or notice of desire to be heard has been received.

A waiver is sought in regards to the publishing of the first public notice outside the period prescribed by the Act. This was due to the Christchurch earthquakes and questions around whether the licence could be renewed. The waiver is granted.

No matters have been raised in opposition in any reports as required by section 66 accordingly we deal with the matter on the papers. (The Police originally opposed the application as they could not view the premises whilst under the early stages of construction. They have since withdrawn their opposition).

A menu and Host Responsibility Policy were included with the application.

The Inspector recommends the granting of the licence with the imposition of the mandatory condition regarding the provision of free drinking water on the premises and signage of the same.

I am satisfied as to the matters to which I must have regard as set out in s.68 of the Act. The licences are renewed for 3 years.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Liquor is authorised for the consumption on the premises, to

- (a) Any member of the club; or
Any person who is a guest, and is accompanied by, a member of the club; or
Any member of any club with which the holder of the licence has an arrangement for the reciprocal visiting rights for members of the clubs.

Compulsory Conditions

The following conditions are compulsory:

(b) **Club Licence:**

Alcohol may only be sold the following days and during the following days and during the following hours while the premises is operating as a Club;

Sunday to Thursday 9.00am to 11.00pm

Friday and Saturday 9.00am to 12 midnight

To club members and guests.

ANZAC Day 8.00am to 11.00pm

New Years Eve from 9.00am to 1.00am the following day

Club-Off Licence:

From any Bottle store & across the Bar;

Monday to Sunday 9.00am to 11.00pm.

- (c) Water will be freely available to customers on the premises while the premises are open for business.

- (d) the following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed:

- Display of appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.
The holder of a club licence must ensure that no alcohol is sold or supplied to any person for the consumption on the premises unless the person is an authorised customer.

- (e) the following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed:

- Alcohol must only be sold, supplied and consumed within the area marked on the plan submitted with the application.

- (f) the following steps must be taken to promote the responsible consumption of alcohol:

- The licensee must implement and maintain the steps proposed in their host responsibility policy aimed at promoting the reasonable consumption of alcohol.

- (d) the whole of the premises is undesignated.

A copy of the licence setting out the conditions to which it is subject is attached to this decision.

THE LICENSED PREMISES

C. M. LEE LTD
for renewal of an Off Licence pursuant

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

This is an application by C.M.Lee Ltd for renewal of an Off Licence for premises known as Stanmore Supervalu situated at 96 Stanmore Road, Christchurch. The general nature of the business is that of a supermarket. However the premises are less than 1000m² and I must therefore have regard to the provisions of s33(2). Having considered those matters I am satisfied that the premises are in fact a grocery store and entitled to hold an Off Licence pursuant to s32(1)(f).

The application was duly advertised and no public objection or notice of desire to be heard has been received. No matters have been raised in opposition in any reports required by s103(1) of either the Inspector or the NZ Police. When the application was first lodged it was opposed by the Inspector and the Medical Officer of Health. The applicant has since taken steps to reconfigure his proposed single area and the objections have now been withdrawn. The Committee is also guided by clarification of the Single Area requirement in recent decisions of the Alcohol Regulatory and Licensing Authority.

There being no objections from any of the reporting agencies I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s105 of the Act and I grant the applicant renewal of an Off Licence pursuant to s104(1) for a period of three years.

Act 2012

AND

IN THE MATTER

of an application by **GENERAL
DISTRIBUTORS LIMITED** for the
renewal of an OFF-Licence
pursuant to s.127 of the Act in
respect of premises situated at **20
Buckleys Road, Christchurch**
known as "**Countdown
Eastgate**".

CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **General Distributors Limited** for the renewal of an Off-Licence in respect of premises situated at **20 Buckleys Road, Christchurch** known as '**Countdown Eastgate**'.

The premises trades as a supermarket.

The application was duly advertised and no public objection or notice of desire to be heard was been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly we deal with the matter on the papers.

The Alcohol Licensing Inspector recommends renewal with the appropriate conditions attached to the licence.

There is no question as to the suitability of the applicant nor any other of the criteria with which I must have regard to in sections 105 and 106 of the Act.

When seeking to renew an off licence of the kind applied for here section 132(1)(b) applies. This states that 'the licensing authority or the licensing committee concerned must impose any conditions subject to which it must issue a licence of that kind'; ...

This in effect brings the application under sections 112, 113 and 114 of the Act.

These sections detail the compulsory conditions relating to display, promotion and advertising of alcohol in a single area in supermarkets and grocery stores.

Any area designated as a single area must promote both the object of the Act and the purpose, or intention, of the condition as set out at section 112(1).

The area as described by the applicant in their plan fits all the criteria. It is not in the area between the entrance and the main body of the premise and it is not in the area between the main body of the premises and the general point of sale.

The applicant has sought a delay in the imposition of the single area condition under section 115 of the Act. Reports and evidence were requested from the Inspector and the applicant so the committee could determine the timeframes reasonably necessary to enable the licensee to configure the premises and comply with the new single area conditions.

The Inspectors report was particularly helpful and the committee acknowledges the short but concise nature of the report which contained exactly what was required to allow a reasoned decision to be made.

The applicant sought a delay of two weeks before the single area condition must be complied with. This is granted and shall run from the date of this decision. There shall be no interim conditions.

I am are satisfied as to the matters to which I must have regard as set out in sections 112, 113, 114, 115, 116, 117, 105 and 106 of the Act and the licence renewal is granted for a period of 3 years pursuant to s.130, with the following conditions:

The applicant must comply with all conditions specified on the licence.

The licence will be subject to the following conditions:-

Compulsory Conditions – section 116(2)

The following conditions are compulsory:

- (a) No Liquor may be sold or delivered on Good Friday, Easter Sunday, Christmas Day or before 1pm on ANZAC Day.**
- (b) No alcohol is to be sold or delivered on Easter Sunday unless the alcohol is grape wine or fruit or vegetable wine made on the premises.**
- (c) Liquor may only be sold or delivered on the following days and during the following hours**

Monday to Sunday 7am to 11pm.

(d) No alcohol may be sold other than—

- (i) beer that complies with the appropriate New Zealand food standard for beer; or
- (ii) mead that complies with the appropriate New Zealand food standard for mead; or
- (iii) fruit or vegetable wine that complies with the appropriate New Zealand food standard for fruit or vegetable wine; or
- (iv) grape wine that complies with the appropriate New Zealand food standard for grape wine; or
- (v) a food flavouring, prepared for culinary purposes, that is unsuitable for drinking undiluted.

(e) Only a single area as delineated on the attached plan is a permitted area for the display and promotion of alcohol.

(f) Signage must be displayed stating (directly or by description) a place or places on the premises at which drinking water is freely available to customers, while alcohol is being supplied free as a sample on the premises.

Discretionary Conditions – section 116(1)

(a) the following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed:

- Display of appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.

(b) the following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed:

THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Shelley Anne Pearson** for the renewal of the On-Licence in respect of premises situated at **527 Sawyers Arms Road, Christchurch** and known as the ‘**Highway Inn**’.

The general nature of the premise is that of a Tavern. It has a restaurant and bar, as well as accommodation.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly I deal with the matter on the papers.

The premises is reported to have traded without issue since its last renewal.

A menu and Host Responsibility Policy were included on the file.

The Inspector recommends renewal but addresses the issue of the 'default national trading hours' and the need to alter the conditions of the licence in regards to the On-licence hours for those living on the premises.

Before the changes to the legislation those living on the premises could be sold or supplied alcohol at "any time on any day". There is now no such provision in the new Act and therefore the default national trading hours set the hours at 8.00am to 4.00am the following day.

The hours trading hours for those not living on the premises must also change and shall be 8.00am to 3.00am the following day.

The conditions below reflect the changes in the Act and therefore those which will be attached to the renewed On-licence.

Included in the new conditions is the requirement to have water freely available at all times, as well as signage indicating this.

A waiver is sought in regards to the late filing of the renewal application. It was filed 3 days before the expiry of the licence. The waiver is granted but the applicant is reminded that the application must be filed at least 20 working days before the expiry of the licence. There is also the matter of the late publishing of the public notices as required under section 127(3) of the Act. Although these matter may not be fatal to the application the applicant needs to be aware that they may be taken into account when suitability is weighed.

I am are satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and the renewal is granted for a period of 3 years pursuant to s.130.
