THE LYTTEL SHROOM

for a Temporary Authority

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Members Mr A Lawn

Mr P Rogers

This is a second application by The Lyttel Shroom Room Ltd for a Temporary Authority for premises formerly Tommy Chang's now to be known as the Shroom Room Cafe situated at 48 London Street, Lyttelton. The general nature of the premises is that of a cafe. This application comes about because the applicant has purchased the business and has tenure. A Sale & Purchase Agreement has been provided.

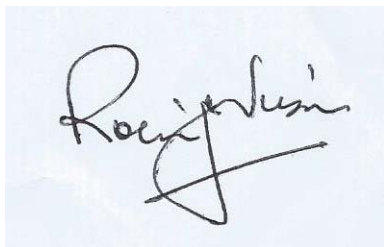

No matters have been raised in opposition by the Licensing Inspector or the NZ Police. Accordingly we deal with the matter on the papers.

The granting of a Temporary Authority is governed by s136 of the Act which outlines the criteria for the making of an order authorizing the applicant to carry on the sale and supply of alcohol for a period not exceeding three months. We are satisfied that the applicant

fulfils the criteria for the granting of a Temporary Authority and this is granted for a period of three months or until such time as the substantive application is determined. However the applicant is reminded that as the name implies a Temporary Authority is intended to be for a limited period only. A third application for a Temporary Authority may not be successful.

The applicant's attention is drawn to s136(5) of the Act where it states that they carry "the same duties, obligations and liabilities as the holder of the on-licence" and also to s110(2)(c) that "drinking water is to be freely available to customers while the premises are open for business."

IN THE MATTER

of an application by **UNIVERSITY OF CANTERBURY ENGINEERING SOCIETY** for an On-site special licence pursuant to s.138 of the Act in respect of premises situated at **Ilam Fields Pavilion, Ilam Fields, Christchurch.**

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION 'ON THE PAPERS'

This decision is as a result of a request for a rehearing due to changes sought to the alcohol which can be sold during the event. The event is 2 days away. The rehearing was therefore sought with some urgency.

The changes sought are to allow a 4% cider to be sold as well the Tui 4% beer. This change is not opposed by the agencies. The agencies have responded verbally to a request by the Alcohol Licensing Inspector.

Given that there is no opposition from the agencies and that the product has the same alcohol percentage as the beer already for sale the rehearing and amendment to the application to allow the sale of 4% cider is granted. The conditions have been amended as a result.

As per the original decision the application is to allow the sale of liquor during a social event run by the applicant. The event is a BBQ for members of the society.

The event is proposed to take place at the Ilam Fields Pavilion on Friday the 3rd of October 2014 from 2.00pm to 4.00pm.

A qualified manager will oversee the supply of alcohol.

It is expected that approximately 800 people will attend the event.

The event has historically created major problems in regards to intoxication and issues in the surrounding area.

The applicant has worked with the agencies and those issues seem to have been reduced greatly.

This is the fourth BBQ this year and the agencies have held a meeting with the applicant regarding this event and the agencies are confident the event will run well.

An 'Alcohol management Plan' has been submitted with the application and this is to be read as undertakings and conditions of the licence.

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104(1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues. Unlicensed sales can result in imprisonment for up to three months or a fine of \$40,000 (sec 233(2) (a) and (b) of the Act).

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

The following conditions are compulsory:

- (a) **Alcohol may only be sold under the licence only on the following days and during the following hours:**

Friday the 3rd of October 2014 from 2.00pm to 4.00pm.

- (b) **Drinking water will be freely available on the premises as specified in the application:**

Discretionary conditions – section 147(1)

- (a) **The licence holder must display appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.**
- (b) **Food must be available for consumption on the premises as specified in the application.**
- (c) **Low-alcohol beverages must be available for sale and supply on the premises as specified in the application.**
- (d) **Non-alcohol beverages must be available for sale and supply on the premises as specified in the application.**

- (e) The licensee must provide assistance with or information about alternative forms of transport from the premises as specified in the application.
- (g) Members of the public must be excluded from the premises in the following circumstances.
 - Entry is restricted to University of Canterbury students only.
- (h) Alcohol may be sold in the following types of containers only:
 - Opened cans only-No glass.
- (i) Only 4% Cider and Tui 4% beer maybe sold at the event.

The area designated as licenced, and roped off, shall have a restricted designation.

The licence is also subject to the following conditions, which in the committee's opinion are not inconsistent with the Act:

- Noise should be controlled so as not to disturb neighbouring residents.
- A copy of the licence must be clearly displayed on the premises.
- Alcohol must only be sold, supplied and consumed within the area marked on the plan submitted with the application.
- A maximum of 1 alcoholic drinks may be sold/ supplied to each patron at a time.

A copy of the licence setting out the conditions to which it is subject is attached to this decision.

THE LICENSED PREMISES

The premises are identified on the plan provided with the application for a licence.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

This is an application by Chevac Holdings Ltd for renewal of an On Licence for premises known as Winnie Bagoes situated at 153 Madras Street, Christchurch. The general nature of the business is that of a tavern.

The application was duly advertised and no public objection or notice of desire to be heard has been received. This is an application by Mananui Pty Ltd for a Temporary Authority for premises known as the Swiggers Hoon Hay situated at 2A Lewis Street, Christchurch. The general nature of the premises is that of a tavern. This application comes about because the applicant has purchased the business and has tenure. Evidence of sale has been provided. This decision relates to the Off Licence 060/OFF/3/2013, a separate decision already having been issued with respect to the On Licence 060/ON/29/2013.

No matters have been raised in opposition by the Licensing Inspector or the NZ Police. Accordingly we deal with the matter on the papers.

The granting of a Temporary Authority is governed by s136 of the Act which outlines the criteria for the making of an order authorizing the applicant to carry on the sale and supply of alcohol for a period not exceeding three months. We are satisfied that the applicant

fulfils the criteria for the granting of a Temporary Authority and this is granted for a period of three months or until such time as the substantive application is determined.

pursuant to s99 of
the Act in respect of premises
situated at 168 St Asaph Street,
Christchurch known as
Café Valentino.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

This is an application by Café Valentino Ltd for a variation to On Licence 060/ON/82/2012 for premises known as Café Valentino situated at 168 St Asaph Street, Christchurch. The general nature of the premises is that of a restaurant. This application comes about because the applicant has obtained a Deed of Licence from the Christchurch City Council to occupy a strip of the footpath outside the premises for drinking and dining.

No matters have been raised in opposition by the Licensing Inspector or the NZ Police. However while not in opposition the Medical Officer of Health has raised some concerns relating to public safety given that the footpath is only two metres in width. These concerns were also shared by the Inspector who has discussed the matter with the applicant and obtained agreement to conditions which should address the issue. No public objections have been received.

Accordingly I deal with the matter on the papers.

While no change is sought to the current approved days and hours of operation the new national default hours and sacrosanct days introduced in the present Act must apply. Also the conditions referred to above to address the concerns of the Medical Officer of Health will apply.

The applicant is granted the variation sought to his existing licence to permit the sale and supply of alcohol in the new outdoor area. The licence is subject to the following conditions:

Compulsory Conditions

The following conditions are compulsory:

- (a) No alcohol is to be sold or supplied on the premises on Good Friday, Easter Sunday, Christmas Day or before 1 pm on Anzac Day to any person not on the premises to dine.

Inside the premises

- Monday to Sunday 8 am to 1 am the following day

Outside Footpath Area

- March to November Monday to Sunday 8 am to 10 pm
- December to February Monday to Sunday 8 am to 11 pm

- (c) Water must be freely available to customers on the premises while the premises are open for business.

Discretionary Conditions

- (a) The following steps must be taken to ensure that the provisions of the Act relating to the sale and supply of alcohol to prohibited persons are observed:

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Mr P Buchanan

This is an application by Mananui Pty Ltd for a Temporary Authority for premises known as On the Rocks situated at 1 Wakefield Avenue, Sumner, Christchurch. The general nature of the premises is that of a tavern. This application comes about because the business has been sold. The applicant has tenure and evidence of a Sale and Purchase Agreement has been provided.

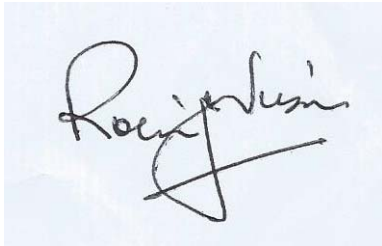

No matters have been raised in opposition by the Licensing Inspector or the NZ Police. Accordingly we deal with the matter on the papers.

The granting of a Temporary Authority is governed by s136 of the Act which outlines the criteria for the making of an order authorizing the applicant to carry on the sale and supply of alcohol for a period not exceeding three months. We are satisfied that the applicant

fulfils the criteria for the granting of a Temporary Authority and this is granted for a period of three months or until such time as the substantive application is determined.

The applicant's attention is drawn to s136(5) of the Act where it states that they carry "the same duties, obligations and liabilities as the holder of the on-licence" and also to s110(2)(c) that "drinking water is to be freely available to customers while the premises are open for business."

In her report the Alcohol Licensing Inspector has indicated that there are some concerns regarding the experience of the applicant and also his ability to effectively communicate in English. These are key skills required by a manager.

After interviews and a meeting onsite at the applicant's place of work, a low risk family restaurant, the Inspector has sought two undertakings from the applicant in regards to these issues. The applicant has agreed to these.

1/ that the applicant only use his manager's certificate at Phad Thai Restaurant for the next 12 months; and

2/ that the applicant does not use his manager's certificate on a Friday or Saturday night during this period.

If the applicant wishes to deviate from these undertakings he must seek the Alcohol Licensing Inspectors permission.

of an application by **XIAO JING WANG** for a Manager's Certificate pursuant to s.219 of the Act.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

The application was duly received with the required documentation. She is currently working at 'Liquor Star'.

I have read the Inspectors report and I note that no matters have been raised in opposition by the Inspector or the NZ Police under section 220(2) & (3), I therefore deal with the matter on the papers and accordingly grant this application.

In her report the Alcohol Licensing Inspector has explained that she thinks that the granting of a managers certificate to the applicant should have a number of safe guards placed on it due to the inexperience of the applicant.

Ms Wang is hoping to open an off-licence and work 'hands on' in the operation. She does not have any experience in the liquor industry.

It has therefore been suggested that the applicant agree to a number of undertakings to mitigate the inspector's reservations. Ms Wang has agreed to the undertakings.

The undertakings are as follows.

1/ That Ms Wang will not use her manager's certificate at any other premise apart from the premise where she is the owner or at Hornby liquor, where she is working to gain experience.

2/ That she will arrange for 20 hours of work experience with another off licence before using her certificate at her own premises.

3/ That the owner of Hornby Liquor will act as her mentor for the first year of the new premises operation, should the licence be granted.

4/ Should Ms Wang need to move premises within the 12 month time period that she must will seek permission of the Alcohol Licensing Inspector to do so.

The applicant has the requisite qualifications and the application is granted for a period of 1 year with the undertakings as detailed.

Decision Number 60C [2014] 2332

IN THE MATTER of the Sale and Supply of Alcohol Act 2012

AND

IN THE MATTER of an application by
MANCHESTER IRISH LTD
for renewal of an Off Licence for premises
known as Sullivans Irish Pub
situated at 291 Lincoln Road,
Christchurch.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

This is an application by Manchester Irish Ltd for renewal of an Off Licence for premises known as Sullivans Irish Pub situated at 291 Lincoln Road, Christchurch. The nature of the premises is that of a tavern.

The applicant has lodged applications for both On and Off Licences to be renewed. However the renewal of the On Licence is opposed by the Inspector, the Police and the Medical Officer of Health following failure of a controlled purchase operation and other management difficulties involving the business. It is acknowledged that the licensee is taking steps to address these issues but the renewal application for the On Licence will nevertheless be referred to the Alcohol Regulatory and Licensing Authority to be heard at the same time as pending suspension applications pursuant to ss280 and 285. After initial opposition the Police and Medical Officer of Health have withdrawn their objections to the renewal of the Off Licence. I therefore deal with that matter only.

The application has been duly notified and no public objection or notice of desire to be heard has been received. Concerns raised in reports required by s103(1) have now been resolved and opposition withdrawn. Accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as required by s131 and I grant the applicant an Off Licence pursuant to s130(1) for a period of three years. The licence will not issue until all clearances have been received. The licence may issue on payment of the annual fee payable in accordance with regulation 15 of the Sale of Alcohol (Fees) Regulations 2013.

Compulsory Conditions – s116(2)

- (a) No alcohol is to be sold or delivered on Good Friday, Easter Sunday, Christmas Day or before 1 pm on Anzac Day.
- (b) Alcohol may only be sold or delivered on the following days and during the following hours –
 - Monday to Sunday 7 am to 11 pm
- (c) Drinking water will be freely available on the premises to customers while alcohol is being supplied free as a sample on the premises.

Discretionary Conditions – s116(1)

- (a) The following steps must be taken to ensure that the provisions of the Act relating to the sale of alcohol to prohibited persons are observed –
 - Display of appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the total prohibition on sales to intoxicated persons.
- (b) The following steps must be taken to ensure that the provisions of the Act relating to the management of the premises concerned are observed-
 - Alcohol must only be sold or supplied within the area marked on the plan submitted with the application.
- (c) The whole of the premises is designated a supervised area.

DECISION 'ON THE PAPERS'

This application is for a biannual school fair which is a fundraising event to be run by Christ The King School.

The event will take place on the school grounds on Sunday the 9th of November 2014 from 11.00am to 6.00pm.

A qualified manager will oversee the sale and supply of alcohol.

It is expected that between 600 and 1000 people will attend the event.

A short 'Alcohol Management Plan' was attached to the application.

No matters have been raised in opposition by the police or the Inspector in any reports as required by section 141(1).

The Medical Officer of health has written a report opposing the application. In his report he states that

"The position of the Medical Officer of Health remains the same as that presented to the Licensing Committee on 4 February 2014, in respect of similar applications by St Patricks, Cashmere Primary and Cathedral Grammar Schools. While it is accepted that the event is a "community event" it is clear from the nature of a number of the stalls, that it is child focused.

"There is compelling evidence that exposing children to alcohol increases the risk of alcohol related harm later in life. Stuart Dodd, the Alcohol Harm Minimisation Co-ordinator, Canterbury District Health Board has produced a summary of research related to the effects of young people's exposure

to adult drinking. A copy is attached. This is relevant to the object of the Act (section 4)."

"On 15 September 2014, a representative of the Medical Officer of Health emailed the applicant's contact, Rebecca Methven, seeking to arrange a meeting to discuss the MoH concerns. There has been no response".

"I am aware that the particular Inspector reporting on this application supports the application".

"The Medical Officer of Health opposes the application but does so in the knowledge of the Committee's previous decision and the fact that an opposition by the MoH does not require the Committee to convene a hearing unless it sees fit".

The main component of the opposition of the Medical Officer of Health appears founded upon the fact that the application offends against the object of the Act in that any drinking by an adult within view of a child increases the risk of alcohol related harm later in life, especially in a school setting.

This was traversed in the opposition that the Medical Officer of Health raised to applications previously mentioned.

In those hearings the opposition of the Medical Officer of Health was countered by direct evidence of one of the applicants, who was a very experienced registered medical practitioner. The outcome of that hearing was that the applications were granted.

Given that the Medical Officer of Health has raised no new issues it seems both reasonable and logical to grant the application.

This leaves the Board of Trustees, and the school Principal, to make their own minds up as to the appropriateness of the sale and consumption of alcohol within their school grounds and assess for themselves the information tendered by the Medical Officer of Health.

The Medical Officer of Health indicated in his report that he had tried to communicate with the applicant by emailing the school principal and had had no response. There may be a genuine reason for this on the part of the principal but if on the other hand the email is merely being ignored then the applicant needs to understand that this committee takes a dim view of not engaging in dialogue with the agencies. It might be the dialogue comes to naught, which is as it may be, but to simply ignore one of the agencies outright may bring the suitability of the applicant into question.

Even at this late stage the expectation of the committee is that the applicant will take the time to engage in dialogue with the Medical Officer of Health.

The granting of the application is by no ways a criticism of the Medical Officer of Health who has the responsibility under the Act to bring matters to the attention of the District Licensing Committees with which they have genuine concerns.

The agencies are independent reporting bodies and though a consensus makes the point more poignant they are given the right to report as they see fit. This is one of the strengths of the Act.

The area where alcohol is proposed to be sold and consumed is indicated in a plan attached to the application. It is described as "the old car park" and is beside the "truck with music". The application sought that the area be 'undesignated'.

To be consistent with a previous decision the area is to be made smaller and roped off. It shall be no larger than 8m x 8m. This will allow better control of the consumption of alcohol and make sure that no unsupervised minors have access to it. The area shall be designated 'Supervised' and have tables and chairs where people can sit. In other words it shall not be a 'vertical drinking' environment.

The manager will no doubt be aware of his responsibilities in this regard and shall take steps to enable the area to be managed.

If the applicant is not in favour of this condition then a public hearing shall be convened.

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104(1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

The following conditions are compulsory:

(a) Alcohol may only be sold under the licence only on the following days and during the following hours:
Sunday the 9th of November 2014 from 11.00am to 6.00pm.

(b) Drinking water will be freely available on the premises as specified in the application:

Discretionary conditions – section 147(1)

(a) The licence holder must display appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of alcohol to minors and the complete prohibition on sales to intoxicated persons.

(b) Food must be available for consumption on the premises as specified in the application.

(c) Low-alcohol beverages must be available for sale and supply on the premises as specified in the application.

- (d) Non-alcohol beverages must be available for sale and supply on the premises as specified in the application.
- (e) The licensee must provide assistance with or information about alternative forms of transport from the premises as specified in the application.
- (f) A copy of the licence, together with signs showing the age restriction must be clearly displayed.

The area referred to in the decision of no more than 8m x 8m shall be designated as Supervised.

The licence is also subject to the following conditions, which in the committee's opinion are not inconsistent with the Act:

- Noise should be controlled so as not to disturb neighbouring residents.

A copy of the licence setting out the conditions to which it is subject is attached to this decision.

DECISION 'ON THE PAPERS'

This application was received within 20 days of the event. The act requires that time period in order for the reporting agencies to have sufficient time to report back to the District Licensing Committee. As they have already done so without a waiver, it would seem petty not to grant a waiver to allow the application. I would otherwise not have granted the waiver because the reason given does not meet the test required under the law.

This is an application by Vignesh Enterprises Ltd Ltd for a Temporary Authority for premises known as the Pierside Cafe situated at 3 Brighton Mall, Christchurch. The general nature of the premises is that of a cafe. This application comes about because the business has been sold. The applicant has tenure and evidence of a Sale and Purchase Agreement has been provided.

Christchurch.

DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

This is an application by Narbonne Holdings Ltd for renewal of an On Licence for premises known as The Rockpool and Micky Finns situated at 85 Hereford Street, Christchurch. The general nature of the business is that of a tavern.

This renewal application has been delayed by the Christchurch earthquakes. The business has not traded since 22 February 2011, was initially inaccessible in the Christchurch Red Zone and it has only recently become clear that it will be able to reopen. Reconstruction work is currently being carried out. This application therefore covers the period 2011 to 2014 and the renewed licence will expire on 3 November 2014.

A waiver is sought pursuant to s208 (s111 Sale of Liquor Act 1989) with respect to failing to notify the application to renew. Given the situation in Christchurch post earthquakes this is not unreasonable and the waiver is granted.

No matters have been raised in opposition in any reports required by s103(1) .
Accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s105 of the Act and I grant the applicant an On Licence pursuant to s104(1) for a period of three years (effectively to 3rd November 2014).

- (a) No alcohol is to be sold or supplied on the premises on Good Friday, Easter Sunday, Christmas Day or before 1 pm on Anzac Day to any person who is not present on the premises to dine.

 - Monday to Sunday 8 am to 3 am the following day

The event is the annual Christchurch/South Island Wine and Food Festival and it is expected to be attended by approximately 8000 people.

The event is held in an enclosed area in North Hagley Park, where the majority of other large scale outdoor events are held in Christchurch. This location is suitable for large scale events as it has few neighbours, ample parking and can be easily enclosed by fencing.

The organisers of the event have 44 participating wineries and other licensed holders attending this event, who will sell and supply alcohol to the public.

As well as Alcohol, this event also has a strong emphasis on foods. There are over 30 food vendors.

A qualified Manager has been appointed to take responsibility for the supply and sale of alcohol for the entire event. Each licensed stall holder will also have a manager or person who is responsible for the sale and supply of alcohol at that stall. All licensed stall holders remain responsible for their own conduct and must meet the requirements placed upon them by the Act.

Each licensed stall holder will provide free water to customers. As well there is to be additional water available throughout the festival which is to be promoted and clearly visible.

While On-Site sales will be conducted as normal, for Off-site sales, the purchaser will only be able to uplift their purchases from the front gate upon leaving the venue.

The Inspector has reported favourably in regard to the application.

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.
